All instructions, clauses and conditions identified in the Request for Supply Arrangements (RFSA) by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) <https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual> issued by Public Works and Government Services Canada.

Suppliers who submit an arrangement agree to be bound by the instructions, clauses and conditions of the RFSA and accept the clauses and conditions of the Supply Arrangement and resulting contract(s).

The [2008](#) (2019-03-04) Standard Instructions - Request for Supply Arrangements - Goods or Services, are incorporated by reference into and form part of the RFSA.

2.2 Submission of Bids - SPECIAL INSTRUCTIONS DUE TO COVID-19

Bids must be submitted only to Public Services and Procurement Canada (PSPC) Bid Receiving Unit by the date and time indicated on page 1 of the bid solicitation.

Bidders must submit their bids electronically as per the 2008 standard instructions - section [08 Transmission by facsimile or by epost Connect](#).

tpsgc.dgareceptiondessoumissions-abbidreceiving.pwgsc@tpsgc-pwgsc.gc.ca

Note: Arrangements will not be accepted if emailed directly to this email address. This email address is to be used to open an epost Connect conversation, as detailed in Standard Instructions [2008](#), or to send arrangements through an epost Connect message if the bidder is using its own licensing agreement for epost Connect.

2.3 Enquiries - Request for Supply Arrangements

All enquiries must be submitted in writing to the Supply Arrangement Authority no later than 10 calendar days before the Request for Supply Arrangements (RFSa) closing date. Enquiries received after that time may not be answered.

Suppliers should reference as accurately as possible the numbered item of the RFSa to which the enquiry relates. Care should be taken by Suppliers to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that Suppliers do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all Suppliers. Enquiries not submitted in a form that can be distributed to all Suppliers may not be answered by Canada.

2.4 Applicable Laws

The Supply Arrangement (SA) and any contract awarded under the SA must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Suppliers may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of the arrangement, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Suppliers.

PART 3 - ARRANGEMENT PREPARATION INSTRUCTIONS

3.1 Arrangement Preparation Instructions

Canada requests that the Supplier submits its arrangement in accordance with section 08 of the 2008 standard instructions ([08 Transmission by facsimile or by epost Connect](#)). The epost Connect system has a limit of 1GB per single message posted and a limit of 20GB per conversation.

The arrangement must be gathered per section and separated as follows:

Section I: Technical Arrangement – Annexes B, C, and D
Section II: Certifications – Annex E – Form 1 and 2

If the Supplier is simultaneously providing copies of its arrangement using multiple acceptable methods, and if there is a discrepancy between the wordings of any of these electronic copies, the wording of the electronic copy provided through epost Connect service will have priority over the wording of the other copies.

The certifications provided by Suppliers to Canada are subject to verification by Canada at all times. Unless specified otherwise, Canada will declare an arrangement non-responsive, or will declare a contractor in default if any certification made by the Supplier is found to be untrue whether made knowingly or unknowingly during the arrangement evaluation period, or during the period of any supply arrangement arising from this RFSA and any resulting contracts.

The Supply Arrangement Authority will have the right to ask for additional information to verify the Supplier's certifications. NOTE: TC reserves the right to modify the list of GSINs without notice.

2. Required Turnaround Time

Aircraft on Ground (AOG)

AOG is a term in aviation maintenance indicating that a problem is serious enough to prevent an aircraft from flying and there is a rush to acquire the parts to put the aircraft back into service and prevent further delays.

Work Stoppage

This category is used in situations when a part is required at the destination within 5 days.

Routine

This category is used in situations when a part is required at the destination within 30 days.

3. Condition of Material

Unless otherwise specified, the Contractor must provide material that is new production of current manufacture or used condition supplied by the principal manufacturer or its accredited agent. The material must conform to the latest issue of the applicable drawing, specification and part number, as applicable, that was in effect on the bid closing date.

4. Substitute Product

If the Supplier proposes to supply any part with an alternative Part Number or NSCM/CAGE code, the Supplier must provide, with its bid all the technical information (e.g. drawings, specifications, engineering reports, and/or test reports) necessary to clearly demonstrate that the part proposed has the form, fit and function characteristics equivalent to the Part Number(s) and NSCM/CAGE code(s) specified in the bid solicitation and is an approved alternative part per CAR 571.13.

Failure to provide the required technical information will result in the bid being declared non-responsive with respect to any part for which such information was requested.

If the Supplier proposes to supply any part with an alternative Part Number or NSCM/CAGE code, the Bidder must provide the substitution notice fully completed (Appendix 4).

5. Required Airworthiness Certification

Suppliers are advised that it will be a requirement to provide with each item supplied under the resulting Contract, a Certificate of Conformance, namely:

- a) TCCA Authorized Release Certificate Form One, signed by an appropriately authorized person;
- b) FAA Authorized Release Certificate Form 8130-3, Airworthiness Approval Tag, or a FAA Form 8130-4, Export Certificate of Airworthiness, signed by an appropriately authorized person;
- c) European Aviation Safety Agency (EASA) Form 1, Authorized Release Certificate, signed by an EASA appropriately authorized person; or
- d) OEM's {CAR 561 Approved Manufacturer or FAA Production Approval Holder (PAH)} approved manufacturer's Statement of Conformity (S of C) which includes:
 - i) positive identification of the item by type, class style, grade, model, part number, description, nomenclature, and/or serial number, as applicable;
 - ii) either the following certification, or a similarly worded statement, signed by an authorized inspector, that satisfies the intent of the following:

"I certify that the aeronautical product described here has been manufactured in conformity to approved design data and is in a condition for safe operations".
- e) Identification of both the authorized signatory and organization.
- f) Standard Parts – are to be accompanied with a Certificate of Compliance (C of C).

The above list is for guidance only and does not in itself change, create, amend or permit deviations from regulatory requirements as stated within the CARs or TCCA International Agreements {including the TCCA / FAA Maintenance Implementation Procedures (MIP) or the TCCA / EASA Maintenance Annex Guide (MAG)}.

Any parts delivered without acceptable certification is considered an unapproved part.

Used parts being supplied that have been repaired or modified using data other than the manufacturer's recommendations or instructions for continued airworthiness will require the certification basis for the repair data (e.g. TCCA Repair Design Approval, FAA Form 8110-3) to accompany the part.

6. Suspected Unapproved Parts (SUP)

This article focuses on the effect of SUPs on aviation safety and how Transport Canada Civil Aviation (TCCA) communicates with internal and external SUP stakeholders. SUPs do still exist. However, TCCA-approved distributors, maintenance and manufacturing organizations and individuals in general aviation work in partnership to maintain a high safety level. This is achieved by controlling the parts used in aircraft by means of an approval system that aims to eliminate the potential risk posed by the entry of unapproved parts into the Canadian aviation community.

Parts that meet the requirements of the *Canadian Aviation Regulations (CARs)* —Part V, Subpart 71 (CAR 571) are approved parts and acceptable/eligible for installation. When it is not clear whether a part meets CAR 571 requirements, it becomes an SUP. From that point on, it is a shared task to remove the suspicion by identifying it as either approved or unapproved. TCCA Advisory Circular 521-009 and Standard 571.13 of the CARs defines a SUP- Suspected Unapproved Part as follows:

“Unapproved Part”—means any part installed or intended for installation in a type certified aeronautical product, that was not manufactured or certified in accordance with the applicable regulations of the state of production or that is improperly marked or that is documented in such a manner as to mislead with regard to the origin, identity or condition of the part.

Any supplier who provides a part that does not meet the requirements of an approved part within the meaning of the CARs, on three or more separate occasions, may be disqualified as an approved supplier within this SA for a period of up to 12 months.

ANNEX B - MANDATORY TECHNICAL CRITERIA

Transport Canada requires New and/or Used Condition parts to maintain their aircraft fleet. To be considered responsive for this arrangement, Suppliers must qualify in at least one of the following categories. Failure to meet this requirement will deem their offer non-responsive.

- a) Original Equipment Manufacturer (OEM); or
- b) the owner of the design or manufacturing rights to the items must have a CAR 561 approval or an FAA production approval; or
- c) the authorized agent/distributor of the OEM; or

- e) maintenance organizations approved/accredited by TCCA or repair stations certified by the Federal Aviation Administration (FAA); or
- f) retailer or reseller of aircraft parts with experience in selling parts to various Canadian Government Departments within the past three years. Suppliers must support the information by providing appropriate documentation with the bids.

With respect to an ineligible or suspended subcontractor, then you should include a copy of the written consent to propose the ineligible or suspended subcontractor.

If you are otherwise unable to certify that you are unaware of a determination of ineligibility or suspension with respect to yourself, one of your affiliates or a proposed first-tier subcontractor you must explain why.

All required explanations should be provided in a separate document under the heading Inability to Certify as to a Determination of Ineligibility or Suspension, to be included with this Form. PWGSC may request additional information from the supplier.

An explanation regarding a determination of ineligibility or suspension is provided in a separate document included with this Form: Yes ☐ No ☐

We appreciate your interest in doing business with the Government of Canada and your understanding of the additional steps that must be taken to protect the integrity of Canada's procurement and real property processes.

Guidance Document for the Declaration Form

This Integrity Declaration Form (the “Form”) is for use by bidders in procurement processes and by vendors, purchasers, tenants and lessors in real property transactions. In this Form, the term “supplier” includes bidders, vendors, purchasers, tenants and lessors. The term “party” is used in this Form to include suppliers, affiliates and first-tier subcontractors.

The Integrity Clauses contained in instruments involved in procurement processes and real property transactions (the “Integrity Clauses”) require a supplier to submit an Integrity Declaration Form in two circumstances:

1. when the supplier, one of its affiliates³ or a proposed first-tier subcontractor⁴ has, in the past three years, been charged with or convicted of a criminal offence in a country other than Canada that, to the best of the supplier’s knowledge and belief, may be similar to one of the listed offences in the *Ineligibility and Suspension Policy* (the “Policy”); and
2. when the supplier is unable to provide any of the certifications required by the Integrity Clauses.

An Integrity Declaration Form must be submitted only when one or both of these circumstances apply to the supplier. When no Form is submitted, it will be understood to mean that neither of these two circumstances apply to the supplier.

A supplier that provides a false or misleading certification or declaration will have its proposal or offer deemed non-responsive. Canada may also terminate a contract or real property agreement for default in such circumstances. Moreover, further to the Policy, a supplier will be ineligible for award of a contract or real property agreement for 10 years.

1. Foreign Criminal Offences

The Policy provides, among other things, that a supplier may be ineligible for award of a contract or real property agreement when the supplier or one of its affiliates has, in the past three years, been convicted of an offence listed in the Policy or of a similar offence in a foreign jurisdiction. The Integrity Clauses require a supplier to provide a complete list of all foreign criminal charges and convictions, received in the past three years, pertaining to itself, its affiliates and its proposed first-tier subcontractors that, to the best of its knowledge and belief, may be similar to one of the domestic criminal offences listed in the Policy. The domestic offences listed in the Policy, including their section numbers, are identified in section B of this form, under the heading **Inability to Certify as to Domestic Criminal Offences and Other Circumstances**. PWGSC determines whether a foreign offence and

³ Please refer to the Policy for the definition of affiliate. An affiliate of a business entity includes persons, such as the senior officers of the business entity, and associated entities such as parent companies and subsidiaries.

⁴ The term “first-tier subcontractor” is defined in section 16(a) of the Policy. A proposed first-tier subcontractor is a first-tier subcontractor that is identified by name in a bid submission, offer, lease, etc. by a supplier in a procurement process or real property transaction.

an offence listed in the Policy are similar. PWGSC may seek additional information from a supplier for purposes of making this determination.

If there is more than one potentially similar foreign charge or conviction, please identify all additional charges and convictions, including all necessary information, in a separate document under the heading **Foreign Criminal Offences**, to be included with this Form.

2. Inability to Provide a Certificate

The Integrity Clauses provide that, by submitting a bid or offer, a supplier is certifying to the truth of six statements. Generally speaking, a supplier is certifying that:

1. it has read and understands the Policy, including that it may be declared ineligible to enter into a contract or real property agreement with Canada in certain circumstances;
2. none of those circumstances that will or may result in the supplier being ineligible to enter, or suspended from entering, a contract or real property agreement apply to it; and
3. it has provide a complete list of all foreign criminal charges and convictions received in the past three years, pertaining to itself, its affiliates and its proposed first-tier subcontractors that, to the best of its knowledge and belief, may be similar to one of the domestic offences listed in the Policy.

When a supplier is unable to provide any of the six certifications required by the Integrity Clauses, it must complete and submit this Form with its bid or offer.

A. Inability to Certify as to Foreign Criminal Charges and Convictions

As noted above, the Integrity Clauses require a supplier to provide a complete list of all foreign criminal charges and convictions, received in the past three years, pertaining to itself, its affiliates and its proposed first-tier subcontractors that, to the best of its knowledge and belief, may be similar to one of the domestic criminal offences listed in the Policy. The complete list of foreign criminal charges and convictions, if any, must be submitted using this Form. By submitting a bid or offer, a supplier is certifying that it has provided a complete list of all such foreign criminal charges and convictions, if any.

If a supplier is unable to certify that it has provided the required list of all foreign criminal charges and convictions received in the past three years, it must explain why. The explanation should be provided in a separate document under the heading **Inability to Certify as to Foreign Criminal Charges and Convictions**, to be included with this Form. PWGSC may request additional information from the supplier.

B. Inability to Certify as to Domestic Criminal Offences and Other Circumstances

The Integrity Clauses require a supplier to certify that, in the past three years, none of the domestic criminal offences listed in sections 6(a) to (c) of the Policy, as identified in section 3.B of this form, and other circumstances described in the Policy, that will or may result in a determination of ineligibility or suspension, apply to it, one of its affiliates or a proposed first-tier subcontractor. A criminal offence applies to a party where the party has been charged with, convicted of or pleaded guilty to, the offence in the past three years and has not received a pardon for the offence.⁵ Other circumstances identified in the Policy that will or may result in ineligibility or suspension include entering into a first-tier subcontract with an ineligible or suspended supplier [Policy, s. 6(d)], providing a false or misleading certification or declaration [Policy, s. 6(e)] and breaching a term or condition of an Administrative Agreement with PWGSC [Policy, s. 7(c)].

When a criminal offence or other circumstance described in the Policy, occurring in the past three years, applies to a supplier, one of its affiliates or a proposed first-tier subcontractor, the supplier must identify that offence or circumstance. By marking a box beside an offence, a supplier is acknowledging that in the past three years, the identified party, be it the supplier, an affiliate or a first-tier subcontractor, has been charged with, convicted of or pleaded guilty to, that offence. In the row titled Comments, the supplier must identify the affected party by name and specify how the particular offence it has identified applies to the named party.

C. Inability to Certify as to a Determination of Ineligibility or Suspension

The Integrity Clauses require a supplier to certify that it is not aware of a determination of ineligibility or suspension issued by PWGSC that applies to it, one of its affiliates or a proposed first-tier subcontractor. The process for determining the status of a party under the Policy is described in section 16(b) of the Policy. When a supplier is unable to provide this certification, it must complete this Form.

Under section 15 of the Policy, titled Public Interest Exception (“PIE”), a contracting authority may enter into a contract or real property agreement with an ineligible or suspended supplier in narrow circumstances if the relevant Deputy Head or equivalent considers that doing so is in the public interest. Subject to receiving a PIE, an ineligible or suspended supplier that participates in a competitive solicitation or real property transaction will be declared non-responsive [Policy, s. 13(c)]. A supplier seeking a PIE in a competitive process would be unable to certify as to the absence of a determination with respect to itself.

Similarly, under section 16(e) of the Policy, a supplier may seek, in advance, the written consent of the relevant Deputy Head or equivalent to propose an ineligible or suspended first-tier subcontractor in a competitive process. Such request should be made through the named contracting or real property authority. A supplier that has obtained, in advance, written consent to use an ineligible or suspended first-tier subcontractor would

⁵ See, Policy, section 8, for information on pardons. A pardon would apply only to a conviction.

be unable to certify as to the absence of a determination with respect to the subcontractor.

It should be noted, however, that a Deputy Head or equivalent cannot provide consent to contract with a supplier that has lost its capacity to contract with Canada, further to subsection 750(3) of the *Criminal Code*. Similarly, consent cannot be provided for a supplier to enter into a first-tier subcontract with a subcontractor that has lost its capacity to receive any benefit under a contract between Canada and any other person, further to subsection 750(3) of the *Criminal Code*.

When a supplier is aware of a determination of ineligibility or suspension with respect to itself, one of its affiliates or a proposed first-tier subcontractor it should explain the circumstances of its participation in the competitive process. If the supplier is seeking a PIE, it should explain why it is in the public interest to be awarded the contract. With respect to an ineligible or suspended subcontractor, the supplier should include a copy of the written consent to propose the ineligible or suspended subcontractor.

When a supplier is otherwise unable to certify that it is unaware of a determination of ineligibility or suspension with respect to itself, one of its affiliates or a proposed first-tier subcontractor it must explain why.

All required explanations should be provided in a separate document under the heading **Inability to Certify as to a Determination of Ineligibility or Suspension**, to be included with this Form. PWGSC may request additional information from the supplier.
