AMENDMENT 001

The Solicitation Amendment is raised to provide an answer to a bidder's question below:

Question 1:

As per Bid # 121761 - Plate, Rifle, General Duty (M7594-206503/A), we have a few questions with regards to the technical requirements.

Page Five (5) of the provided specification sheet, G.S. 1045-330C. States the following;

"5.2 Components

5.2.1 Ceramic – The ceramic strike face must be one piece and be sized as per the dimensions in 5.3.3.

5.2.1.1 Ceramic Protection – Impact absorbing materials must be used to protect the integrity of the ceramic. Materials must offer protection to the face and edges of the ceramic."

As such, this indicates that the purchaser is looking to acquire Level IV manufactured from Ceramic type materials. Will the purchaser accept Level IV Rifle plates that are manufactured and from alternate materials, including Ultra-high-molecular-weight polyethylene, assuming that they meet all other necessary specifications, including NIJ rating etc.?

Answer 1:

As per para. 5.2.1 of the specification, the strike face must be ceramic. The use of alternative materials in place of the ceramic strike face does not meet this requirement.

All other terms and conditions remain the same.

A bid already submitted may be amended prior to RFP closing time by sending the amended correspondence to Bid Receiving Unit, the envelope/message bearing the PWGSC file number and the most current closing date.
