PART 1 - GENERAL INFORMATION

1.1 Security Requirement

There is no security requirement associated with the requirement.

1.2 Requirement

The requirement is detailed under Article 6.2 Requirement of the resulting contract clauses.

1.3 Debriefings

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days from receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

1.4 Recourse Mechanisms

If you have any concerns relating to the procurement process, please refer to the [Recourse Mechanisms](#) page on the Buyandsell.gc.ca website. Please note that there are strict deadlines for filing complaints with the Canadian International Trade Tribunal (CITT) or the Office of the Procurement Ombudsman (OPO).

<https://buyandsell.gc.ca/for-businesses/selling-to-the-government-of-canada/recourse-mechanisms>

1.5 Canadian Content

The requirement is limited to Canadian goods.

PART 2 - BIDDER INSTRUCTIONS

2.1 Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the *Standard Acquisition Clauses and Conditions Manual* (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Revision to Departmental Name: As this solicitation is issued by the RCMP, any reference to Public Works and Government Services Canada or PWGSC or its Minister contained in any term, condition or clause of this solicitation, including any individual SACC clauses incorporated by reference, will be interpreted as reference to RCMP or its Minister.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The 2003 (2019-03-04) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

Subsection 5.4 of 2003, Standard Instructions - Goods or Services - Competitive Requirements, is amended as follows:

Delete: sixty (60) days

Insert: one hundred and eighty (180) days

2.2 Submission of Bids

Bids are requested to be submitted only to the Contracting Authority by electronic mail (e-mail) at Sonya.Dupont@rcmp-grc.gc.ca by the date and time indicated on page 1 of the bid solicitation.

For bids transmitted by email, Canada will not be responsible for any failure attributable to the transmission or receipt of the offer including, but not limited to, the following:

- a. receipt of garbled or incomplete bid;
- b. availability or condition of the receiving equipment;
- c. incompatibility between the sending and receiving equipment;
- d. delay in transmission or receipt of the bid;
- e. failure of the Bidder to properly identify the bid;
- f. illegibility of the bid; or
- g. security of bid data.

A bid transmitted electronically constitutes the formal bid of the Bidder and must be submitted in accordance with Section 05 of 2003 (2019-03-04) Standard Instructions - Goods or Services - Competitive Requirements.

The RCMP has restrictions on incoming e-mail messages. The maximum e-mail message size including all file attachments must not exceed 5MB. Zip files will not be accepted. Incoming e-mail messages exceeding the maximum file size and/or containing zip file attachments will be blocked from entering the RCMP e-mail system. A bid transmitted by e-mail that gets blocked by the

RCMP e-mail system will be considered not received. It is the responsibility of the Bidder to ensure receipt.

PLEASE NOTE:

Bidders may submit more than one (1) bid per solicitation; however multiple bids must be submitted in separate email bid packages.

2.3 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than **seven (7) calendar days before the bid closing date**. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that the Bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

2.4 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in the province of Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the bidders.

2.5 Promotion of Direct Deposit

The following information is not related to the solicitation process:

An initiative within the Government of Canada called the Cheque Standardization Project has been established whereby eventually for all payments, cheque stubs will no longer be printed and, with few exceptions, will be processed via direct deposit. This option is only available when payment is made in Canadian dollars for deposit into a Canadian bank account. In an attempt to be proactive, RCMP Corporate Accounting is promoting the registration of RCMP suppliers for the upcoming change in the payment process.

If you are the successful bidder on this or any other RCMP requirement, you are encouraged to register with the RCMP for direct deposit. Please contact RCMP Corporate Accounting by email to

PART 3 - BID PREPARATION INSTRUCTIONS

3.1 Bid Preparation Instructions

If the Bidder chooses to submit its bid electronically, Canada requests that the Bidder submits its bid in accordance with section 08 of the 2003 standard instructions.

The bid must be submitted in separately bound sections as follows:

Section I: Technical Bid
Section II: Financial Bid
Section III: Certifications

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.

Section I: Technical Bid

All bids must be completed in full and provide all of the information requested in the bid solicitation to enable full and complete evaluation.

Section II: Financial Bid

Bidders must submit their financial bid in accordance with Annex A – Requirement and Basis of Payment. The total amount of Applicable Taxes is excluded.

3.1.1 Exchange Rate Fluctuation

SACC Manual Clause C3011T (2013-11-06), Exchange Rate Fluctuation

Section III: Certifications

Bidders must submit the certifications required under Part 5.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Evaluation Procedures

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids. Not all members of the evaluation team will necessarily participate in all aspects of the evaluation.
- (c) The evaluation will be conducted in phases:
 - a. Phase I: Mandatory Technical Evaluation (Article 4.1.1 of the solicitation)
 - b. Phase II: Financial Evaluation (Article 4.1.2 of the solicitation)

4.1.1 Phase I: Mandatory Technical Evaluation

4.1.1.1 Mandatory Technical Criteria – General Information

As part of the technical evaluation, to confirm a Bidder's capability of meeting the technical requirements, the following Mandatory Technical Criteria must be submitted:

- a. Pre-Award Sample(s) - refer to Article 4.1.1.2 for more information.
- b. Certificate(s) of Compliance - refer to Article 4.1.1.3 for more information.

The Mandatory Technical Criteria will be required after the bid closing date, upon a written request from the Contracting Authority, from the bidder(s) with the lowest evaluated price. Should these bidders not be technically compliant, the bidder(s) with the next lowest evaluated price will be requested to submit the Mandatory Technical Criteria, and so on until a technically compliant bid is found.

The Bidders must deliver the required Mandatory Technical Criteria at no cost to Canada.

The address to which the Mandatory Technical Criteria must be delivered will be provided in the written request from the Contracting Authority.

The due dates are as follows:

Technical Requirement	Due Date
Pre-Award Sample(s)	within 35 calendar days from request
Certificate(s) of Compliance	within 35 calendar days from request

Canada may consider an extension to the above due dates in the following cases:

- a. Prior to bid closing, provided the Bidder submits a justification to the Contracting Authority for the extension request in accordance with Article 2.3 Enquiries - Bid Solicitation in Part 2 and the request is deemed reasonable at Canada's sole discretion; and/or
- b. After bid closing, provided the Bidder submits a justification to the Contracting Authority for the extension request no later than five (5) calendar days before the due date of the Mandatory Technical Criteria and the request is deemed reasonable at Canada's sole discretion.

If an extension is granted by Canada after bid closing for any or all of the technical criteria, all Bidders who have been asked to submit the Mandatory Technical Criteria will be given the same extension.

Rejection of any of the Mandatory Technical Criteria will result in the bid being declared non-responsive.

Failure to submit the required Mandatory Technical Criteria by the original due date or the extension due date, if one is granted, will result in the bid being declared non-responsive. The Mandatory Technical Criteria submitted by the bidders will remain the property of Canada.

The requirement for the Mandatory Technical Criteria will not relieve the successful bidder from submitting a Pre-Award Sample(s) and Certificate(s) of Compliance as required by the contract terms or from strictly adhering to the technical requirement of this Request for Proposal and any resultant contract.

4.1.1.2 Mandatory Technical Criteria – Pre-Award Sample

One (1) pre-award sample of the following item(s) will be required:

ITEM:	SIZE:	RCMP STOCK#:
a. Tie, Blue	Regular	6755-402

Reference RCMP Specification G.S 1045-128 dated 2020-01-03.

The Bidder must ensure that the required Pre-Award Sample(s) is manufactured in accordance with the technical requirement (unless specification waivers or substitutions have been permitted by the RCMP for the Pre-Award Sample(s) and have been identified herein) and are fully representative of the bid submitted.

Government Available Material (GAM) is required for the manufacture of Pre-Award Sample(s) and will be provided by the RCMP at no cost to the Bidder for the Pre-Award Sample(s) only. The list of GAM is detailed under Article 6.18.1 Government Available Material (GAM).

The Pre-Award Sample(s) must be clearly identified as such and have the following information: the solicitation number, the name of the company that submitted the sample, the size and the RCMP Stock number.

A RCMP viewing sample(s) will be provided to Bidders who are requested to provide Pre-Award Sample(s) and is to be used for guidance for all factors not covered by the RCMP Specification. The RCMP Specification will govern.

The viewing sample(s) should be returned to the RCMP with the Pre-Award Sample(s). The viewing sample(s) is not to be damaged or cut, but returned in the same condition as sent to the Bidder. If the viewing sample(s) is not returned with the Pre-Award Sample(s), the viewing sample(s) must be received by the RCMP from the Bidder within seven (7) calendar days upon written notice from the Contracting Authority. Failure to return the viewing sample(s) within that timeframe will result in the bid being declared non-responsive. If the Bidder elects not to submit a Pre-Award Sample(s), the viewing sample(s) must be received by the RCMP from the Bidder within seven (7) calendar days upon written notice from the Contracting Authority. Lost or

damaged viewing sample(s) must be reimbursed to the RCMP for the cost of an acceptable replacement. The viewing sample(s) remain the property of the RCMP.

The Pre-Award Sample(s) will be evaluated for quality of workmanship and conformance to specified materials and measurements. Minor observations will not be a reason to reject the sample unless, in the opinion of the technical evaluator, they are considered to render the items unserviceable. However, only one deviation will result in the bid being declared non-responsive.

4.1.1.3 Mandatory Technical Criteria – Certificate of Compliance

4.1.1.3.1 Definition

A Certificate of Compliance is defined, for this document, as a signed and dated certification to confirm that a specified component or requirement adheres to the specification. The certification must be prepared, signed and dated by an official representative of the component manufacturer using company letterhead making reference to the specification number and paragraph number. It must specifically address the component or requirement and compliance can be shown by referring to a part number, by providing the component values, by providing a manufacturing data sheet to show technical compliance or by a description stating compliance to the requirement. In-house testing is acceptable to show compliance. Copying the specification word for word is not acceptable.

A separate certificate of compliance is required for each individual component or requirement. Multiple components supplied by the same component manufacturer may be submitted on one certificate of compliance as long as the paragraph numbers and components are clearly identified. With this document, the bidder certifies that the product for which the certificate of compliance is issued is the same product used in the bid submission, or in the pre-award samples or in the pre-production samples, or in the production units as applicable.

The Bidder is to note that copies of invoices, purchase orders, packing slips and certificates of compliance for products or components that are not manufactured by the certifier are not suitable for use as a certificate of compliance.

4.1.1.3.2 Certificate(s) of Compliance

A Certificate of Compliance for each of the following properties is required. The certificate(s) must be dated within 18 months of the solicitation posting date.

Reference RCMP Specification G.S 1045-128 dated 2020-01-03.

- a. Paragraph 4.1.2 Interlining of the Specification
- b. Paragraph 4.1.3 Thread of the Specification

4.1.1.4 Mandatory Technical Criteria – Original Version

The RCMP reserves the right to request the original version of any of the Mandatory Technical Criteria provided by the Bidder. The Bidder will have three (3) calendar days upon written notice from the Contracting Authority to provide the original version of the Mandatory Technical Criteria. When submitted by the Bidder, the original version of the Mandatory Technical Criteria becomes part of the Bidder's submission and is subject to evaluation. Failure to provide the original version of the Mandatory Technical Criteria within that timeframe may result in the bid being declared non-

responsive. Rejection of the original version of the Mandatory Technical Criteria will result in the bid being declared non-responsive.

4.1.1.5 Waiver

The requirement for the Mandatory Technical Criteria may be waived if the Bidder has:

Submitted the Mandatory Technical Criteria on a previous requirement or through a separate pre-qualification process by the RCMP Technical Authority to the latest specifications and where the Mandatory Technical Criteria were found to be compliant. Bidders may be requested to submit a copy of the evaluation report to validate compliance.

If the above has been met, the bidder must sign this representation and warrants that no significant changes have occurred in their manufacturing processes or their organization since the last award or pre-award qualification, which could affect the manufacturing of the referenced item.

The signed representation should be submitted with the bid but may be submitted afterwards. If the signed representation is not submitted with the bid, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide the signed representation within the time frame specified will result in the Bidder being required to submit the Mandatory Technical Criteria in accordance with Article 4.1.1.

Date

4.1.2 Phase II: Financial Evaluation

The price of the bid will be evaluated in Canadian dollars, the Applicable Taxes excluded, Deliver Duty Paid (DDP) Destination (as identified in Annex A) Incoterms 2010, transportation costs and unloading at destination included, Canadian customs duties and excise taxes included.

4.2 Basis of Selection

4.2.1 A bid must comply with the requirements of the bid solicitation and meet all mandatory technical criteria to be declared responsive.

4.2.2 The responsive bid with the lowest evaluated price will be recommended for award of a contract (1 contract only).

PART 5 – CERTIFICATIONS AND ADDITIONAL INFORMATION

Bidders must provide the required certifications and additional information to be awarded a contract.

The certifications provided by Bidders to Canada are subject to verification by Canada at all times. Unless specified otherwise, Canada will declare a bid non-responsive, or will declare a contractor in default if any certification made by the Bidder is found to be untrue whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority may render the bid non-responsive or constitute a default under the Contract.

5.1 Certifications Required Precedent to Contract Award and Additional Information

The certifications and additional information listed below should be submitted with the bid but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame specified will render the bid non-responsive.

5.1.1 Integrity Provisions

In accordance with the section titled Information to be provided when bidding, contracting or entering into a real property agreement subject to the [Ineligibility and Suspension Policy \(http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html\)](http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html), the Bidder must provide the required documentation, as applicable, to be given further consideration in the procurement process:

- Declaration of Convicted Offences - Integrity Declaration Form (as applicable)
- Required Documentation (List of names for integrity verification form)

Please see the [Forms for the Integrity Regime](http://www.tpsgc-pwgsc.gc.ca/ci-if/formulaires-forms-eng.html) website for further details (<http://www.tpsgc-pwgsc.gc.ca/ci-if/formulaires-forms-eng.html>).

5.1.2 Federal Contractor's Program for Employment Equity – Bid Certification

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "[FCP Limited Eligibility to Bid](http://www.labour.gc.ca/eng/standards_equity/eq/emp/fcp/list/inelig.shtml)" list (http://www.labour.gc.ca/eng/standards_equity/eq/emp/fcp/list/inelig.shtml) available from [Employment and Social Development Canada \(ESDC\) - Labour's](http://www.labour.gc.ca/eng/standards_equity/eq/emp/fcp/list/inelig.shtml) website.

Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "[FCP Limited Eligibility to Bid](http://www.labour.gc.ca/eng/standards_equity/eq/emp/fcp/list/inelig.shtml)" list at the time of contract award.

5.1.3 Additional Certifications Precedent to Contract Award

5.1.3.1 Sample and Production Certification

The Bidder certifies that:

- () The manufacturer that produced the Pre-Award Sample(s) will remain unchanged for the pre-production samples and full production of the contract quantity, including option quantities if exercised.
- () The components that are used in the Pre-Production Sample(s) will remain unchanged for the Production Sample(s), full contract quantity, including option quantities (stock sizes). If a waiver is granted for the pre-production samples, the components that are used in the pre-award samples, with the exception of any applicable waivers and substitutions and/or any observations noted in the evaluation of the pre-award samples, will remain unchanged for the production of the full contract quantity, including option quantities (stock sizes) if exercised unless otherwise approved by the Technical Authority during the production process..

5.1.3.2 Independent Bid Determination

The attached Certificate of Independent Bid Determination (attached Annex D) has been developed by the federal Competition Bureau for use by the Contacting Authority when calling for bids, tenders or quotations. The intention of this documentation is to deter bid-rigging by requiring bidders to disclose, to the Contracting Authority, all material facts about any communications and arrangements which the bidder has entered into with competitors regarding the call for tenders.

5.1.3.3 Canadian Content Certification

SACC MANUAL CLAUSE

A3050T 2018-12-06 Canadian Content Definition

RULES OF ORIGIN – APPAREL

With reference to the Canadian Content Certification clause, apparel goods are considered to be Canadian goods according to the North American Free Trade Agreement Rules of Origin as follows:

Apparel goods classified in Chapters 61 and 62 of the Harmonized System that are both cut (or knit to shape) and sewn in Canada will be considered Canadian goods.

CANADIAN CONTENT CERTIFICATION

Subject to the evaluation procedures contained in the bid solicitation, Bidders acknowledge that only bids for items with a certification that the item(s) offered are Canadian goods, as defined in clause A3050T, may be considered.

Failure to provide this certification completed with the bid or prior to contract award, will result in the item(s) offered being treated as non-Canadian goods.

**Royal Canadian Mounted Police
Gendarmerie Royale du Canada**

Government of Canada Gouvernement du Canada

Solicitation No./ No de l'invitation: 202005264

Bidders must clearly identify below which items meet the definition of Canadian good and complete the certification below (reference Annex A).

The Bidder certifies that:

() the item(s) offered and identified as Canadian goods are Canadian goods as defined in paragraph 1 of clause A3050T.

PART 6 - RESULTING CONTRACT CLAUSES

6.1 Security Requirement

There is no security requirement applicable to the Contract.

6.2 Requirement

The Contractor must provide the Royal Canadian Mounted Police (RCMP) with a firm quantity of Tie, Blue.

For further details, please reference Annex A.

6.2.1 Optional Quantities

The Contractor grants to Canada the irrevocable option(s) to acquire Tie, Blue under the same terms and conditions and at the price(s) in the resulting contract.

The option(s) may only be exercised by the Contracting Authority and will be evidenced, for administrative purposes only, through a single contract amendment per option.

For further details, please reference Annex A.

6.3 Standard Clauses and Conditions

All clauses and conditions identified in the Contract by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) (https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) issued by Public Works and Government Services Canada.

Revision to Departmental Name: As this contract is issued by Royal Canadian Mounted Police (RCMP), any reference to Public Works and Government Services Canada or PWGSC or its Minister contained in any term, condition or clause of this contract, including any individual SACC clauses incorporated by reference, will be interpreted as reference to RCMP or its Minister.

- c. Sizes, quantities and RCMP Stock number to be indicated on carton.
- d. Proper shipping documents must accompany each shipment. Packing slips must include the contract number, item description, size, RCMP Stock number and quantity per size being shipped.
- e. Manufacturer's markings/advertisements will not appear on this item except on the inside label as per the specification. Failure to comply with this article may result in rejection of goods upon inspection.

6.8 Rejected Goods

If any goods are rejected and are sold to commercial outlets, all RCMP markings and insignia, if applicable, must be removed before being turned over to the purchaser.

6.9 Overrun/Underrun

The quantities stated herein represent the quantities to be delivered in order to satisfy the requirements of the Contract. Should the Contractor experience an overrun or underrun, they must provide the details in writing to the Contracting Authority prior to shipment for acceptance by the RCMP. At their discretion, the RCMP may consider all or part of the overruns at a discount from the firm price on the original contract. Any unauthorized overruns may be returned to the Contractor at their expense.

6.22 Technical Requirements for Pre-Production

Unless a waiver is granted by the RCMP Technical Authority, the following Technical Requirements for Pre-Production are required for evaluation prior to full production. Requests for a waiver by the Contractor must be submitted in writing to the Contracting Authority. The waiving of the Technical Requirements for Pre-Production will be at the sole discretion of the Technical Authority. The Technical Authority will provide notification of the waiver in writing to the Contractor and Contracting Authority.

- a. Pre-Production Sample(s) - refer to Article 6.22.3 for more information.
- b. Certificate(s) of Compliance - refer to Article 6.22.4 for more information.

6.22.1 Submission of the Technical Requirements for Pre-Production

The due date for each of the Technical Requirements for Pre-Production is as follows:

Technical Requirement for Pre-Production	Due Date
Pre-Production Sample(s)	within 35 calendar days of contract award
Certificate(s) of Compliance	within 35 calendar days of contract award

The Technical Requirements for Pre-Production must be submitted at no cost to Canada.

Canada may consider an extension to the above due date(s) provided the Contractor submits a justification to the Contracting Authority for the extension request five (5) calendar days before the due date of the respective Technical Requirements for Pre-Production and the request is deemed reasonable at Canada's sole discretion.

The Technical Requirements submitted by the Contractor will remain the property of Canada.

6.22.2 Evaluation of the Technical Requirements for Pre-Production

- (a) If the Technical Requirements for Pre-Production are rejected, the Contractor must submit the second Technical Requirements for Pre-Production within **21 calendar days** of notification of rejection from the Technical Authority.
- (b) The Technical Authority will notify the Contractor, in writing, of the acceptance or rejection of the Technical Requirements for Pre-Production. A copy of this notification is to be provided by the Technical Authority to the Contracting Authority. The notice of acceptance does not relieve the Contractor from complying with all requirements of the specification(s) and all other terms of the Contract.
- (c) The Contractor must not commence production of the items and must not make any deliveries until the Contractor has received written notification from the Technical Authority that the Technical Requirements for Pre-production are acceptable. Any production of items before acceptance will be at the sole risk of the Contractor.
- (d) Rejection by the Technical Authority of the second Technical Requirements for Pre-Production submitted by the Contractor for failing to meet the Contract requirements will be grounds for termination of the Contract for default.

Reference RCMP Specification G.S 1045-128 dated 2020-01-03.

6.22.4 Certificate of Compliance

6.22.4.1 Definition

A Certificate of Compliance is defined, for this document, as a signed and dated certification to confirm that a specified component or requirement adheres to the specification. The certification must be prepared, signed and dated by an official representative of the component manufacturer using company letterhead making reference to the specification number and paragraph number. It must specifically address the component or requirement and compliance can be shown by referring to a part number, by providing the component values, by providing a manufacturing data sheet to show technical compliance or by a description stating compliance to the requirement. In-house testing is acceptable to show compliance. Copying the specification word for word is not acceptable.

A separate certificate of compliance is required for each individual component or requirement. Multiple components supplied by the same component manufacturer may be submitted on one certificate of compliance as long as the paragraph numbers and components are clearly identified. With this document, the Contractor certifies that the product for which the certificate of compliance is issued is the same product used in the bid submission, or in the pre-award samples or in the pre-production samples, or in the production units as applicable.

The Contractor is to note that copies of invoices, purchase orders, packing slips and certificates of compliance for products or components that are not manufactured by the certifier are not suitable for use as a certificate of compliance.

6.22.4.2 Certificate(s) of Compliance

A Certificate of Compliance for each of the following properties is required. The certificate(s) must be dated within 12 months of contract award.

Reference RCMP Specification G.S 1045-128 dated 2020-01-03.

- c. Paragraph 4.1.2 Interlining of the Specification
- d. Paragraph 4.1.3 Thread of the Specification

6.23 Technical Requirements for Production

The RCMP has the right to request one or more Production Sample(s) and/or Certificate(s) of Compliance at its discretion at any time during the contract period in order to ensure technical compliance with the requirements of the Contract. This request will be done in writing by the Contracting Authority. Rejection by the Technical Authority of one or more Production Sample(s) and/or Certificate(s) of Compliance for failing to meet the Contract requirements will be grounds for

termination of the Contract for default. The Production Sample(s) and/or Certificate(s) of Compliance submitted by the Contractor will remain the property of Canada.

6.24 Technical Requirements for the Option

Unless a waiver is granted by the RCMP Technical Authority, the following Technical Requirements apply to each option exercised under the Contract. Requests for a waiver by the Contractor must be submitted in writing to the Contracting Authority. The waiving of the Technical Requirements for the Option will be at the sole discretion of the Technical Authority. The Technical Authority will provide notification of the waiver in writing to the Contractor and Contracting Authority.

- a. Certificate(s) of Compliance - refer to Article 6.24.3 for more information.

6.24.1 Submission of Technical Requirements for the Option

The due date for each of the Technical Requirements for the Option is as follows:

Technical Requirement for the Option	Due Date
Certificate(s) of Compliance	within 30 calendar days of contract amendment

The Technical Requirements for the Option must be submitted at no cost to Canada.

Canada may consider an extension to the above due date(s) provided the Contractor submits a justification to the Contracting Authority for the extension request five (5) calendar days before the due date of the respective Technical Requirement and the request is deemed reasonable at Canada's sole discretion.

6.24.2 Evaluation of Technical Requirements for the Option

- a. The Contractor must not commence production of the option quantity and must not make any deliveries until the Contractor has received written notification from the Technical Authority that the Technical Requirements for the Option are acceptable. Any production of the option quantity before acceptance will be at the sole risk of the Contractor. The notice of acceptance does not relieve the Contractor from complying with all requirements of the specification(s) and all other terms of the Contract.
- b. Rejection by the Technical Authority of the Technical Requirements for the Option submitted by the Contractor for failing to meet the Contract requirements will be grounds for termination of the Contract for default.

6.24.3 Certificate of Compliance

A Certificate of Compliance (as described under Article 6.22.4.1 of the Contract) is required before full production of the option quantity for each of the following properties. The Certificate(s) of Compliance must be dated **within 30 days** of the exercising of the option quantity.

Reference RCMP Specification G.S 1045-128 dated 2020-01-03.

- a. Paragraph 4.1.2 Interlining of the Specification
- b. Paragraph 4.1.3 Thread of the Specification

6.25 Technical Requirements – Original Version

The RCMP reserves the right to request the original version of any of the Technical Requirements provided by the Contractor for Pre-Production, Production and Options Quantity. The Contractor will have three (3) calendar days upon written notice from the Contracting Authority to provide the original version of the Technical Requirements. Failure to provide the original version of the Technical Requirements within that timeframe may be grounds for termination of the Contract by default. Rejection of the original version of the Technical Requirements may be grounds for the termination of the Contract by default.

6.26 Design Changes and Deviations

When it is necessary to depart, either temporarily or permanently, from the governing technical data in a Contract, the Technical Authority or the Contractor may originate a request for a design change to or deviation from the Specification.

If both the Technical Authority and the Contractor agree to the change to or deviation from the Specification and its associated cost, the Contracting Authority will amend the Contract accordingly. The design or deviation is only authorized once the amendment is issued and signed by the Contracting Authority.

6.27 Viewing Sample – Guidance Only

The viewing sample is to be used for guidance on all factors not covered by the RCMP Specification G.S 1045-128 dated 2020-01-03. The RCMP Specification G.S 1045-128 dated 2020-01-03 will govern.

6.28 Viewing Sample - Return to RCMP

The viewing sample(s) which may have been sent to the Contractor must be returned to the sender upon completion of the Contract at the expense of the Contractor. The viewing sample must not be damaged or cut, but returned in the same condition as sent to the Contractor. Lost or damaged viewing sample(s) must be reimbursed to the RCMP for the cost of an acceptable replacement. The viewing sample(s) remain the property of the RCMP.
