Solicitation Amendment No. 004 is being issued for the following:**Enquiries received during the solicitation period:**

Question 8:

Regarding Terms of Reference article 2.4.2.3.2, can copies of the referenced Building Condition Report (2018) and Building Management Plan (2019) be made available for review at this time?

Answer:

Please see the attached Building Condition Report (2018). The Building Management Plan (2019) is not available for public issue.

Question 9:

Can you provide the number of user groups that will be involved in the program?

Answer:

Please refer to the attached Organization Chart indicating level of management to be engaged for programming input, which will require an estimated 40-60 user group interviews.

Question 10:

The Terms of Reference references limited as built drawings and Operation & Maintenance Manuals are available (article 1.7.1.1). Could you provide a better indication of how limited, as this will impact the work we will need to do to get a full understanding of the facility?

Answer:

As built and Operation & Maintenance Manuals are not available for public issue. General floor plans and the Building Condition Report are being provided in this amendment, which provides sufficient information for general facility understanding.

Question 11:

Will the successful proponent be limited in any way to responding to subsequent phases of work for the Taxation Centre? (i.e. if we were successful in this engagement, would we be precluded from responding to a RFP and being awarded the consulting services related to the full design and construction?)

Answer:

The successful proponent will not be limited in any way on responding to subsequent phases of work for the Taxation Centre.

Question 12:

Regarding Terms of Reference Article 4.2.12, Functional Program: please confirm one of the Three Program Levels of effort for this project – as this will change scope and fee.

Answer:

Revise Terms of Reference Article 2.3.2.1 to read:

On the basis of the Departmental Representative's information, meet with the Canada Revenue Agency to develop the functional requirements, and provide a Functional Program Level 3.
