

The following changes to the tender documents are effective immediately and will form part of the contract documents:

1. SPECIFICATIONS

2.1 Section 26 05 31 JUNCTION, PULL BOXES AND CABINETS

The CSTE for the new electrical service shall be vented and shall have a stainless-steel enclosure complete with stainless steel fasteners / screws, latches, hinges, enclosure bolts, etc. for the enclosure and frame of the CSTE. This is required in order to be resistant to rust and corrosion.

Revise item 2.3.2.1 to read as follows: "CSA approved for outdoor use (CSA enclosure fabricated of stainless steel, type 3R with louvers for ventilation)."

Revise item 2.3.2.2 to read as follows: "Primed and painted as applicable. Stainless steel materials need not be primed and painted. Other metals (if applicable) shall be primed and painted)"

END OF ADDENDUM NO. 1
