### **Solicitation Amendment #01**

This document is raised to respond to industry questions and to make a correction to Annex A – Statement of Work, as follows:

Q1: Was wondering if there will be a viewing for the above, as do not see anything mentioned in the above package?

R1: There will not be a site visit for this requirement given the current protocols of the Canadian Armed Forces at CFB Halifax and the Province of Nova Scotia surrounding COVID-19. We believe the SOW to be sound along with the accompanying condition report (Appendix A) and details on the required (known) parts and labour description found in Appendix B should allow any potential contractor to accurately bid on the requirement.

Q2: If there is no viewing scheduled would the client have photos they could share of the work required?

R2: We currently do not have photos of the required work, this would be a new modification for this crane (sample photos can be found online)

Q3: We do not recognize #RR-1A0014E and RR-1A0018A. Is the client able to check these #'s?

R3: : If the supplier removes the RR from the front of the part numbers and use Google, they will find what the parts are as 1A0014E and 1A0018A

#### **At Annex A, Para 3.1**

Delete: Recertify Crane with annual inspection and place stick on the crane.

Insert: Recertify Crane with annual inspection and place inspection sticker on the Crane.

**All other terms and conditions remain unchanged.**
