Part 2. Questions and Answers

The following question(s) have been asked in response to the Request for Proposal and Elections Canada hereby answers as follows:

2.1 Question No. 4

Question:

I'm just putting my application together and i need clarification on the weight of the consignment in order to fill in my transport cost, from the notes it says each box of 25 signs would weigh 35 lbs and a total of 90 boxes would be on each skid; is that to say the weigh per skid would be 3150 lbs?

Answer:

Section 11 “Packaging” of Annex A – Statement of Work dictates that each box must contain 25 signs with no dead air space and also says that each box must not exceed 35 lbs. This statement does not mean that each box will be 35 lbs. Each box should weigh significantly less than 35 lbs if packaged in 25's.
