2.1 Question No. 1

Question:

The product details (Page 22) states that the ruler must be 9" long, however I wanted to confirm if this figure is a rounded figure or if it's exact. For example, if the ruler size was approximately 9.05" long, instead of 9", would that be acceptable?

Answer:

The mandatory length of the wooden ruler is 9" long but an acceptable threshold of 0.05" (1/16") will be tolerated.
