

W6399-20LC65/A Questions and Answers #1

Question #1

The English link for Annex C2 taffeta cloth specification is actually a duplication of Annex C1 MultiCam specification. Could you please provide the Taffeta cloth specification?

Answer #1

The incorrect English Annex C2 has been removed, and the correct English Annex C2 is now posted. The correct French version has always been posted so there is no update.
