TENDER

**BURLINGTON CANAL LIFT BRIDGE (BCLB)
ROOF ANCHOR INSTALLATION AND VHF ANTENNA REPLACEMENT**

Project No. R.089504.080

Amendment No. 1

Amendment 1 – R.089504.080

This Amendment forms part of the tender documents issued on June 5, 2020. Amendments to the tender documents are below.

Amendments to Tender Documents

1.0

Reference: Section 01 35 29 – Health and Safety Requirements

Insert: 1.2.20 Provide a COVID-19 Mitigation Plan and a COVID-19 Response Plan: In accordance with current Federal and Provincial health and safety guidelines regarding COVID-19, provide the Owner and Departmental Representative a COVID-19 Mitigation Plan and a COVID-19 Response plan. The response plan is to include actions which will be taken by the Contractor in the event any of the Contractor's or Sub-contractor's site personnel tests positive for COVID-19.

1.2.21 Departmental Representative will review Contractor's COVID-19 Mitigation Plan and COVID-19 Response Plan, and provide comments to Contractor within 3 days after receipt of plan. Revise plan as appropriate and resubmit plan to Departmental Representative within 3 days after receipt of comments from Departmental Representative.

1.2.22 As part of the COVID-19 Mitigation Plan:

- .1 Masks and gloves are mandatory.
- .2 All surfaces must be cleaned or wiped down at the end of the workday including the elevator.
- .3 No access will be provided to meeting rooms or interior bathrooms used by the bridge staff.
- .4 Radios, keys and site safety reviews to be coordinated with the bridgemaster.

Reference: Section 01 35 29 – Health and Safety Requirements

Delete: 1.8.5 in its entirety.

Insert: 1.8.5 Contractor shall have all required Personal Protective Equipment (PPE) while working on site, in accordance with Occupational Health and Safety Act, Regulations for Construction Projects, and Federal and Provincial guidelines regarding COVID-19.

Reference: Section 01 35 29 – Health and Safety Requirements

Insert: 1.8.5.2 Contractor's personnel shall wear N95 masks, when interacting with the Owner, Departmental Representative, other Contractors or any of the Owner's entities.

Reference: Section 01 35 29 – Health and Safety Requirements

Insert: 1.8.6 Tower elevator is to be used by one person at a time. Alternatively, tower can be accessed using the ladder. All workers must have front dorsal ring harnesses and fall arrest training.

Reference: Section 01 35 29 – Health and Safety Requirements

Insert: 1.15.1 Provide sanitary facilities for work force in accordance with governing regulations and ordinances.

1.15.2 Post notices and take such precautions as required by local health authorities. Keep area and premises in sanitary condition.

Reference: Appendices
Insert: Appendix A – Site Photos

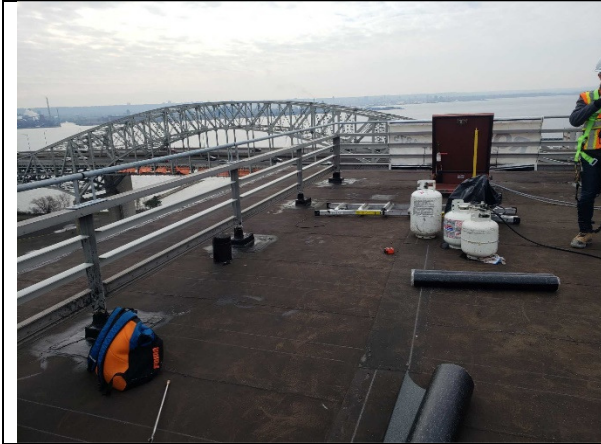

2.0 It is acknowledged that this project is currently being bid under conditions impacted by COVID-19 and, as such, those conditions should be factored into the contractor's bid, however, any unknown conditions that emerge post tender submission will be managed in accordance with this contract.

All other terms and conditions of the Contract remain the same.
