TENDER

**BURLINGTON CANAL LIFT BRIDGE (BCLB)
ROOF ANCHOR INSTALLATION AND VHF ANTENNA REPLACEMENT**

Project No. R.089504.080

**Amendment No. 4
July 10, 2020**

Amendment 4 – R.089504.080

This Amendment forms part of the tender documents issued on June 5, 2020. Amendments to the tender documents are below.

Response to Bidder's Questions:

Q14: Please confirm if the successful contractor is expected/required to shut down the bridge and control traffic in order to install the electrical cabling above the roadway?

A14: shutting down the bridge and traffic control is not required for the installation of the electrical cabling.

All other terms and conditions of the Contract remain the same.
