The Standing Offer is for a period of two years from November 15, 2020 to November 14, 2022 with two optional periods. Option Period 1 from November 15, 2022 to November 14, 2024; and Option Period 2 from November 15, 2024 to November 14, 2025.

- 1.1.2 This RFSO allows offerors to use the epost Connect service provided by Canada Post Corporation to transmit their offers electronically. Offerors should make the request to the Standing Offer Authority within 15 working days of receipt of the results of the request for standing offers process. The debriefing may be in writing, by telephone or in person.

1.3 Anticipated migration to an e-Procurement Solution (EPS)

Canada is currently developing an online EPS for faster and more convenient ordering of goods and services. In support of the anticipated transition to this system and how it may impact any resulting Standing Offer that is issued under this solicitation, refer to 7.15 Transition to an e-Procurement Solution (EPS).

The Government of Canada's [press release](#) provides additional information.

2.3 Former Public Servant

2.5 Applicable Laws

The Standing Offer and any contract resulting from the Standing Offer must be interpreted and governed, and the relations between the parties determined, by the laws in force in Newfoundland and Labrador.

Offerors may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their offer, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the offerors.

2.6 Bid Challenge and Recourse Mechanisms

- (a) Several mechanisms are available to potential offerors to challenge aspects of the procurement process up to and including contract award.
- (b) Canada encourages offerors to first bring their concerns to the attention of the Contracting Authority. Canada's [Buy and Sell](#) website, under the heading "[Bid Challenge and Recourse Mechanisms](#)" contains information on potential complaint bodies such as:
- Office of the Procurement Ombudsman (OPO)
 - Canadian International Trade Tribunal (CITT)
- (c) Offerors should note that there are **strict deadlines** for filing complaints, and the time periods vary depending on the complaint body in question. Offerors should therefore act quickly when they want to challenge any aspect of the procurement process.

PART 3 - OFFER PREPARATION INSTRUCTIONS

3.1 Offer Preparation Instructions

Vendors shall provide pressure washing equipment to complete this work. The Vendor has the option of using a tank trailer approved for hauling waste oil or an approved vacuum tank truck. Any pressure washing of the Bulk Fuel Plant will require the approval and signature of the designated Marine Atlantic representative and will only be performed to the complete satisfaction of Marine Atlantic.
- 4) The shore-based operations may also have a requirement to dispose of limited quantities of used oil products. Most of this product will be repackaged into 20 or 205 litre containers. The Vendor will be contacted when a sufficient quantity has accumulated in the designated holding area and a request made to pump the product from the containers into the Vendor's vehicle. The Vendor has the option of using a tank trailer approved for hauling waste oil or an approved vacuum tank truck. Usually a vacuum truck is required to pump out pits/sumps or the product repackaged in 20 or 205 litre drums. The Vendor will be required to provide necessary pumping equipment to complete this task.
- 5) Used cooking oil will be put ashore in 205 litre drums. The Vendor will be contacted when a sufficient quantity has accumulated in the designated holding area and a request made to pump the product from the containers into the Vendor's vehicle. The Vendor has the option of using a tank trailer approved for hauling waste oil or an approved vacuum tank truck. The Vendor will be required to provide pumping equipment to complete this task.
- 6) The Company may, from time to time, have a requirement to dispose of limited quantities of used paint and related solvents. This product will be also repackaged into 20 or 205 litre containers. The Vendor will be contacted when a sufficient quantity has accumulated in the designated holding area and a request made to pump the product from the containers into the Vendor's vehicle. The Vendor has the option of using a tank trailer approved for hauling waste oil or an approved vacuum tank truck. Note:

1. The estimated annual usage figures are for evaluation purposes only and does not infer all the quantities for that item will be utilized or that the quantities may not be exceeded.
2. All travel will be as per MAI Travel policy detailed below.

Marine Atlantic Travel Policy:

1.1 General Considerations

When travel is necessary the individual(s) making the arrangements are to consider the following:

- a) Travel must be completed in the most cost effective and efficient manner that enables the traveler to secure guaranteed and acceptable travel arrangements;
- b) Travel should be booked as far in advance as possible to avoid unnecessary costs; and
- c) Travelers must consult with MAI to obtain information about preferred/contracted vendors (hotels, rental cars, etc.) with MAI negotiated rates.

1.2 Expense Entry and Submission

- a) The traveler is not permitted to submit a claim for a meal or other expense when the meal or expense is paid for by an MAI employee, provided by a third party, or provided as part of a corporate function. The traveler is responsible for reducing the per diem or daily expense allowance accordingly.
- b) Purchase of alcoholic beverages is expressly forbidden under this policy. Claims for alcoholic beverages will be disallowed and deducted from any expense claims.

1.3 Receipts

- a) Receipts are required for all expenditures. Credit card receipts are not considered acceptable receipts. The receipt must document the date, establishment where the purchase took place and the amount for which reimbursement is being requested. Where relevant, names of individuals in attendance must be listed on the receipt. Receipts for meals are not required when claiming a per diem.

1.4 Reimbursable Travel Expenses

1.4.1 Accommodations

- a) Hotel accommodation shall be reimbursed at standard hotel accommodation room rates. Corporate rates should be negotiated at the time of reservation.
- b) Room upgrades offered at higher prices by the hotels should be declined.
- c) Travelers may stay at the home of relatives or friends and will be paid a daily allotment rate of \$50.00.
- d) When travelling, hotel accommodation must be booked at the lowest possible rate offered by the hotel.

1.4.2 Vehicle Transportation

- a) The selection of the mode of transportation shall be based on use of approved vendors, safety, cost, duration, convenience, and practicality.
- b) Expenses associated with the selected mode of transportation shall be reimbursed based on receipts.
- c) The standard for rental vehicles is mid-size/intermediate. Rental vehicles

beyond the standard shall be authorized based upon factors such as, but not limited to, safety, the needs of the traveler should the traveler require accommodation for a disability, the number of people travelling together, and the bulk or weight of goods transported. Any exception to this standard must be documented with reason and pre-approved by MAI.

- d) When authorized to use a private vehicle for approved travel, the traveler shall be reimbursed at a rate of \$0.50 per kilometer.
- e) Where a receipt is not available, a declaration will suffice. Such expenses include legitimate mandatory transportation service charges and fees, incurred while on travel status, not otherwise paid (e.g. road/bridge tolls).
- f) Travelers shall use the most direct, safe and practical road routes and shall claim only for distances necessarily driven for business travel.
- g) To avoid extra costs for vehicle fueling, rental cars must be returned to the rental company fully fueled.
- h) Travelers who are driven to or picked up from a public carrier terminal shall be reimbursed the kilometer rate based on the distance to and from the public carrier terminal for each round trip.
- i) Parking charges shall be reimbursed where it is practical and economical to leave a private vehicle at the public carrier's terminal during the period of absence.
