If the answer to the questions and, as applicable the information required have not been received by the time the evaluation of offers is completed, Canada will inform the Offeror of a time frame within which to provide the information. Failure to comply with Canada's request and meet the requirement within the prescribed time frame will render the offer non-responsive.

Definitions

For the purposes of this clause,

"former public servant" is any former member of a department as defined in the [Financial Administration Act](#) R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the Royal Canadian Mounted Police. A former public servant may be:

"pension" means a pension or annual allowance paid under the [Public Service Superannuation Act](#) (PSSA), R.S., 1985, c. P-36, and any increases paid pursuant to the [Supplementary Retirement Benefits Act](#), R.S., 1985, c. S-24 as it affects the PSSA. 2.4 Enquiries - Request for Standing Offers

All enquiries must be submitted in writing to the Standing Offer Authority no later than five (5) calendar days before the Request for Standing Offers (RFSO) closing date. Enquiries received after that time may not be answered.

Offerors should reference as accurately as possible the numbered item of the RFSO to which the enquiry relates. Care should be taken by offerors to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that offerors do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all offerors. Enquiries not submitted in a form that can be distributed to all offerors may not be answered by Canada.

2.5 Applicable Laws

The Standing Offer and any contract resulting from the Standing Offer must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Offerors may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their offer, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the offerors.

2.6 Bid Challenge and Recourse Mechanisms

- (a) Several mechanisms are available to potential offerors to challenge aspects of the procurement process up to and including contract award.
- (b) Canada encourages offerors to first bring their concerns to the attention of the Contracting Authority. Canada's [Buy and Sell](#) website, under the heading "[Bid Challenge and Recourse Mechanisms](#)" contains information on potential complaint bodies such as:
- Office of the Procurement Ombudsman (OPO)
 - Canadian International Trade Tribunal (CITT)
- (c) Offerors should note that there are **strict deadlines** for filing complaints, and the time periods vary depending on the complaint body in question. Offerors should therefore act quickly when they want to challenge any aspect of the procurement process.

Section III: Certifications

Offerors must submit the certifications and additional information required under Part 5.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Evaluation Procedures

- (a) Offers will be assessed in accordance with the entire requirement of the Request for Standing Offers including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the offers.
- (c) The evaluation team will determine first if there are two or more offers with a valid Canadian Content certification. In that event, the evaluation process will be limited to the offers with the certification; otherwise, all offers will be evaluated. If some of the offers with a valid certification are declared non-responsive, or are withdrawn, and less than two responsive offers with a valid certification remain, the evaluation will continue among those offers with a valid certification. If all offers with a valid certification are subsequently declared non-responsive, or are withdrawn, then all the other offers received will be evaluated.

4.1.1 Technical Evaluation

4.1.1.1 Mandatory Technical Criteria

Any offer which fails to meet the following mandatory requirement will be deemed non-responsive and will receive no further consideration:

- a) The Offeror must have a minimum of two (2) years continual experience (within 5 years from the RFISO's closing date) in the repair of industrial, commercial, residential and institutional overhead doors. The Offeror must demonstrate their experience by providing, as a minimum, the following:
 - i. A description of the experience, including start and end dates (day/month/year) of work and scope of duties; and
 - ii. Client/customer contact information for all described experience. The Offeror's client/customer contact(s) may be contacted to confirm the information provided.

For reference checks, Canada will conduct the reference check in writing by e-mail. Canada will send all e-mail reference check requests to contacts supplied by all the Offerors within a 48 hour period using the e-mail address provided in the Offer. An Offeror will not meet the mandatory experience requirement (as applicable) unless the response is received within 5 working days of the date that Canada's e-mail was sent.

On the third working day after sending out the reference check request, if Canada has not received a response, Canada will notify the Offeror by e-mail, to allow the Offeror to contact its reference/client directly to ensure that it responds to Canada within 5 working days. If the individual named by an Offeror is unavailable when required during the evaluation period, the Offeror may provide the name and e-mail address of an alternate contact person from the same customer. Offerors will only be provided this opportunity once for each customer, and only if the originally named individual is unavailable to respond (i.e., the Offeror will not be provided with an opportunity to submit the name of an alternate contact person if the original contact person indicates that he or she is unwilling or unable to respond). The 5 working days will not be extended to provide additional time for the alternate contact to respond. Wherever information provided by a reference differs from the information supplied by the Offeror the information supplied by the reference will be the information evaluated.

An Offeror will not meet the mandatory experience requirement (as applicable) if:

- i. The referenced customer states he or she is unable or unwilling to provide the information requested, or
- ii. The customer reference is not a customer of the Offeror itself (for example, the customer cannot be the customer of an affiliate of the Offeror instead of being a customer of the Offeror itself).

Nor will a mandatory be met if the customer is itself an affiliate or other entity that does not deal at arm's length with the Offeror.

4.1.2 Financial Evaluation

4.1.2.1 Mandatory Financial Criteria

Any offer which fails to meet the following mandatory requirements will be deemed non-responsive and will receive no further consideration:

- a) Offers must submit their financial bid in accordance with the Basis of Payment in Annex "B";
- b) Offers must submit a firm hourly rate for all items for all years listed in Annex "B" Basis of Payment – Part I – Service and/or Repairs;
- c) Offers must submit a firm per diem rate for all items for all years listed in Annex "B" Basis of Payment – Part II – Equipment Rentals;
- d) Offers must submit a mark-up % for all items for all years listed in Annex "B" Basis of Payment Part III – Material and Replacement Parts.

4.1.2.2 Financial Evaluation Criteria

Offers will be evaluated based on the prices detailed in Annex "B" – Basis of Payment.

The price used in the evaluation will be the Evaluated Price which is calculated as follows:

For Annex "B" Basis of Payment – Part I –Service and/or Repair - The extended price for each year will be calculated by multiplying the Yearly Estimated Hourly Usage by Offeror's corresponding Firm Hourly Rate.

For Annex "B" Basis of Payment – Part II – Equipment Rentals - The extended price for each year will be calculated by multiplying the total Yearly Estimated Usage by the Offeror's corresponding Firm per diem rate.

For Annex "B" Basis of Payment – Part III – Material and Replacement Parts - The extended price for each year will be calculated by multiplying the Yearly Estimated Value by the Offeror's Markup % and adding the value to the Yearly Estimated Value.

Example: $(\text{Markup \%} \times \text{Yearly Estimated Value}) + \text{Yearly Estimated Value}$

$$(5\% \times \$50,000.00) + \$50,000.00 = (\$2500.00 + \$50,000.00) = \$52,500.00$$

The Evaluated Price of the offer will be the sum of the extended prices for all years from Annex "B" Basis of Payment – Parts I, Part II, and Part III.

Annex "B" Basis of Payment – Part IV – Disbursements will not be evaluated.
