This amendment has been raised with the following changes:

AMENDMENT #007:

ADDENDUM #006:

The following changes to the tender documents are effective immediately and will form part of the Contract documents:

BIDDERS' QUESTIONS & ANSWERS

Q1: Can the flow rates for each lift station be provided?

A1: The Bidders are to provide a cost to pump a volume of 38,540,000 litres. Payment of this allowance will be provided based on actual volume pumped, therefore a signed Bill of Lading will be required with the progress payment.

The Bidders are to provide a Unit Price per Litre Pumped. This per unit rate will be used to issue credits or extras based on the actual volume pumped. The awarded bidder will be required to provide a signed Bill of Lading for all effluent pumped and delivered to a discharge station with their progress payments. Work is to be completed during off-peak hours to ensure minimal effluent pumped and completed efficiently to minimize downtime.

END OF AMENDMENT
