**QUESTIONS AND ANSWERS**

**Question #1 :**

Regarding the bid bond for the F5211-200217 Anticosti Island project, is the only way to submit our electronic bid bond (verifiable and applicable) through the XENEX system?

If not, what other options are acceptable since submissions must be sent to you by email?

**Answer #1 :**

My suggestion would be to consult any of the acceptable bid bond companies named by Treasury Board and discuss with them how best to submit the electronic bond. They may be able to submit it on your behalf.
