F5211-200217 : Painting at Anticosti Island

QUESTIONS AND ANSWERS

Question #2 :

Can a regular vehicle have access to the internal roads in the island?

Answer #2 :

- Most of the roads on Anticosti Island are gravel, although the main roads are passable with any type of vehicle, the ideal vehicle type for driving on the island is a truck.
- Among other things, there are two vehicle rental centers in Port-Meunier.
- It is also possible to travel to the island with your own vehicle. The mixed cargo ship Bella Desgagnés travels to Anticosti Island twice a week from early April to mid-January. It can transport vehicles.
- Finally, by checking the location of the three sites on Google Earth, I see that the three lighthouses included in the mandate appear to be accessible by roads on the island.

Question #3 :

What is the mailing address?

Answer #4 :

The mailing address is 301 Bishop Drive, Fredericton, NB, E3C 2M6 but there is the option to submit all submission electronically to DFOtenders-soumissionsMPO@dfo-mpo.gc.ca.
