## **PART 1 – SOLICITATION AMENDMENT 001**

### **1.1 Solicitation Amendment 001**

Solicitation Amendment 001 is issued to address the following:

**Please delete the following from the original solicitation in its' entirety:**

## **PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION**

### **4.1 Evaluation Procedures**

- (c) The evaluation team will determine first if there are two or more bids with a valid Canadian Content certification. In that event, the evaluation process will be limited to the bids with the certification; otherwise, all bids will be evaluated. If some of the bids with a valid certification are declared non-responsive, or are withdrawn, and less than two responsive bids with a valid certification remain, the evaluation will continue among those bids with a valid certification. If all bids with a valid certification are subsequently declared non-responsive, or are withdrawn, then all the other bids received will be evaluated.

**Please replace with the following:**

## **PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION**

### **4.1 Evaluation Procedures**

- (c) The evaluation team will determine if there are two or more offers with a valid Canadian Content certification with the offers coming from two or more Offerors that are not affiliated within the meaning used in the *Competition Act*, R.S.C., 1985, c. C-34. In that event, only those offers with a valid certification will be eligible to be awarded a contract; otherwise, all offers will be eligible. If at any point in the evaluation process it is found, whether by determination of invalidity of certifications, determination that offers are non-responsive or withdrawal of offers by Offerors, that there are no longer two (2) or more responsive offers with a valid certification, then all responsive offers will be eligible to be awarded a contract. Canada may conduct the validation of Canadian content certifications at any time in the evaluation process including doing so concurrently with other steps.
