## **Amendment 001**

This amendment is raised to answer questions and make revisions to the tender package.

### **A. Questions and Answers**

Q1. It is stated that we are to follow Hazelwood Construction Services Inc (HCSI) traffic control plan. In section 01 35 00 Special Procedures for Traffic Control it states that "compensation for this item is included in the trailbed contractors scope of work." Can you please confirm that (HCSI) is responsible to supply and coordinate Traffic Control Personnel for the grading and paving of the trail as per their existing contract, and that it is not to be included in our paving scope?

A1. HCSI will be responsible to supply and coordinate traffic control for the grading of the trail. It will be the responsibility of the paving contractor to supply and coordinate traffic control personnel for the paving of the trail according to HCSI's traffic control plan.

Q2. Can you please double check the quantities for coloured asphalt stamping. Detail T-50.2 shows 10m x 3.2m per side (64m<sup>2</sup>). I count far more than the 140m<sup>2</sup> on the tender form.

A2. The colour stamped asphalt has been removed, see tender package revisions below

Q3. Can you please include a colour and spec for the colouring to be used in the stamped asphalt areas?

A3. The colour stamped asphalt has been removed, see tender package revisions below

Q4. Is there a better detail for the stamp to be used for the stamped asphalt areas?

A4. The colour stamped asphalt has been removed, see tender package revisions below

### **B. Tender Package Revisions**
