Amendment 002

This amendment is raised to answer bidder questions.

A. Questions and Answers

Q6. Please confirm Item 2 for the 50mm thick stamped coloured asphalt actually includes the asphalt not just the stamped and coloured surface?

A6. The colour stamped asphalt has been removed. Please see revisions in Amendment #1.

Q7. Please confirm that Quality Control Testing and Traffic Control for the paving scope is the responsibility of the Paving Contractor.

A7. Hazelwood Construction Services Inc will be responsible to supply and coordinate traffic control for the grading of the trail. It will be the responsibility of the paving contractor to supply and coordinate traffic control personnel for the paving of the trail according to HCSI's traffic control plan.

Quality Control Testing is the responsibility of the paving contractor as per the specification.

Q8. From site visit it is noted that Radar Hill Parking Lot does not have any space for laydown. Is there any other laydown areas available for use?

Q8. Combers Beach parking lot will be available to the paving contractor as a laydown area.

Q9. It is noted that "The contractor must have experience paving within sensitive ecosystems containing species at risk and fish bearing streams." There is no provision on the Bid and Acceptance Form to provide evidence of this. Will this form part of the review and evaluation process following closing?

A9. By submitting a bid, the contractor is certifying that they do have the required experience stated in the Bid and Acceptance Form. PCA will confirm this qualification with the winning bidder.

ALL OTHER TERMS & CONDITIONS REMAIN UNCHANGED
