QUESTION AND ANSWER

Re: Old phone circuit box.

Q1. Since the tender request is to remove all asphalt pavement, will this box have to be removed? Is it still in working order/operation? Do we have to preserve it? If so, will we have to make arrangements with Bell Canada to either relocate it or to secure it?

R1. Bell box is in working order and is to remain. Protect from damage during demolition and do not undermine. Temporarily support as required. Arrange temporary support, protection and reinstallation with utilities if required.
