Milestone Environmental	Josh DiRocco
Milestone Environmental	Jeff Sandmoen
Nelson Earthworks	Daniel Boucher
Chevallier Geo-Con Ltd	Grant Chevallier
Roadbridge Services LTD	Ivor Austin

Contact information for the attendees are available upon request and approval from the vendors.

B. Minutes

Liz Baker encouraged all attending to read the BMP within the specifications. She explained a number of plans will be required to be completed by the contractor in advance of starting work. Examples include but are not limited to Restoration Plan, Spill Response Plan, Emergency Response Plan, Erosion and Sediment Plan, etc.

Liz Baker also noted that there will be a consultant on site for site supervision, the consultant is responsible for confirmatory sampling of the cleanup. In order to ensure the area is clean the contractor will need to wait for the confirmatory analysis before closing the site. The contractor will need to be aware and schedule work accordingly, particularly those sites that are accessed by helicopter.

Liz Baker also noted that all equipment will require pressure washing in advance of arriving in the Park. PCA will require a form of confirmation that this has occurred. A simple "Yes, it was completed" will not be adequate.

C. Questions and Answers

Q1 What are the timelines to complete the work?

A1 All work must be completed by December 31, 2020.

Q2 Is a bid bond required?

A2 Bid Security is required as per R2710T GENERAL INSTRUCTIONS - CONSTRUCTION SERVICES - BID SECURITY REQUIREMENTS of the solicitation document. Bidders may submit a fax, scan or electronic copy of their bid bond. Please refer to the solicitation cover page for bid fax number and bid receiving email address. Bid security must be submitted prior to the solicitation deadline.
