Amendment 002

This amendment is raised to A) answer a question, and B) revise ANNEX B – BASIS OF PAYMENT.

A) Question

In the financial section we want to confirm if we are to include subcontract costs for High Voltage servicing– this is done every 3 years. Also Subcontract costs for Load testing 3 generators – done annually – is that to be included in Item 6 – IPU Transfer switch monthly check & servicing and 3 generators?

Response:

Yes, you may include subcontract costs for High Voltage Servicing (done every 3 years) and for Load testing 3 generators (done annually). Changes have been reflected in Annex B – Basis of Payment.
