Support for a Professional and Inclusive Police in Haiti (SPIP)

## **ADDENDUM TO REQUEST FOR PROPOSALS (RFP) ADDENDUM 003**

The Department of Foreign Affairs, Trade and Development (the department) hereby amends, in accordance with this Addendum the Request for Proposals for the provision of Support for a Professional and Inclusive Police in Haiti (SPIP), bearing number 2020-P-005628-1, and dated July 26, 2020 (the RFP). This Addendum hereby forms part of the RFP. The purpose of this Addendum is to:

1. Provide responses to questions received.

### **1. Questions and Answers**

The following question(s) have been received, and the department hereby answers as follows:

#### **1.1 Question No. 01:**

- **Question:** My team has been reviewing this opportunity and wanted to ask the following question concerning Section 3, page 45, of the RFP, which shows a \$5000 ceiling rate. Can you explain this for us please?
- **Answer:** DFATD has provided a maximum amount (the ceiling rate), for which Bidders are not to exceed when providing their all-inclusive monthly rate for overseas costs for Personnel on long-term assignment. In this case the ceiling rate is \$5,000 per month, per eligible positions, identified in section 10.8 (b) 1) of the Data Sheet.

Please also refer to section 11.19 and 12.4 (d) of the Data Sheet for additional information.

#### **1.2 Question No. 02:**

- **Question:** Additionally, given the Government of Canada's commitment to efforts in Indigenous Reconciliation, specifically Economic Reconciliation, the inclusion of elements for an Aboriginal set-aside are appreciated. Currently 50 points are being offered for the inclusion of Indigenous persons in a response. The point allotment of 50 points would seem to be more ceremonial given the maximum scoring is out of 1000 and does not develop any clear incentive for capacity building with an Indigenous bidder or for a non-Indigenous organization to partner with an Indigenous company on this RFP.

Would Canada be willing to improve the scoring for the Aboriginal set-aside elements to create a more substantial incentive for capacity building with Indigenous organizations and communities to further the efforts in Economic Reconciliation?
