Part 1. Interpretation

- 1.1** Elections Canada hereby amends in accordance with this amendment the Request for Proposal bearing number ECCS-RFP-20-0122 and dated July 16, 2020 (the “RFP”). This amendment hereby forms part of the RFP.
- 1.2** Unless defined herein or unless the context otherwise requires, all of the words and phrases defined in the RFP and used in this amendment shall have the same meanings assigned to them in the RFP.

Part 2. Questions and Answers

The following question(s) have been asked in response to the Request for Proposal and Elections Canada hereby answers as follows:

2.1 QUESTION No. 6

QUESTION:

We have received the following question from a supplier: Please ensure to prepare the questions and answers in both official languages.

However some of the material available in the market has a percentage of recycled material . For example

1. 5 mils, 100% virgin LDPE,
2. 5 mils 80% virigin LDPE , 20% recycled
3. 5 mils 50% virgin LDPE, 50% recycled

The costs are lower if more recycled is mixed with the virgin material.
Do you have a specific requirement in this case.

Answer:

The polyethylene bags can contain a certain percentage of recycled content, as long as the LDPE conforms to the specifications in terms of density, gauge, and weight capacity. The percentage of recycled material must be indicated in the bid.
