SOLICITATION AMENDMENT 001

This Amendment is raised to address the following questions:

Question 1

Can a clearer copy of Drawing S37-2020-M748 be provided?

Response to Question 1

A copy of Drawing S37-2020-M748 can be requested by e-mailing the Contracting Authority.

Question 2

Can the requirement be clarified?

Is Canada requiring 2 manifolds as depicted in drawing S37-2020-M748 which is an eight valve manifold with 4 tank connection flanges to service 8 tanks?

Or does Canada require 2 manifolds each with eight suction and eight supply valves (16 valves) per Figure 1, spec. 1.3A, a) and 1.3B EACH 16 valve manifold?

Or is the requirement for 4 off eight valve manifolds per drawing S37-2020-M748, bolted together to achieve 16 valves?

Or is Drawing S37-2020-M748 a representation of an 8 valve manifold which is to be extended to 16 valves in one casting if we can find a pattern?

Response to Question 2

Canada requires the supply of two (2) manifolds, each with 16 valves, 8 suction and 8 discharge.

These two manifolds (16 valves each), may be produced as four (4) cell manifolds (8 valves each) that may be bolted together at the end flanges to create a complete sixteen (16) valve manifold.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.
