Solicitation Amendment 004 is being raised to answer bidder questions and amend the specification, as follows:

Questions and Answers:

Question 1: Please define the limits and depth of the primary dumpsite (on Dakin Park Road) and the secondary dumpsite adjacent to the site, so we can understand how/where the dredged material will be placed.

Answer 1: Primary dumpsite shall be PID 30166367 - any excess dredge material to be transported to PID 30166383 on an as required basis as per 35 20 23 – 3.05. Approximate area of PID 30166367 and PID 30166383 are 1.64 acres and 4.66 acres respectively. Precise limits of the dumpsite shall be defined by the property boundary for PID 30166367. Limits of secondary dumpsite will be determined based on remaining removal quantity, stockpile height and in consultation with the property owner to determine suitable location. Removed dredge material shall be stockpiled to a height which prevents slope failure or stockpile instability. Contractor is responsible to determine stock pile height.

Refer to Specification:

35 20 23 – Dredging, 3.05 – Class ‘A’ Dredge Disposal: DELETE IN ITS ENTIRETY

INSERT:

35 20 23 – Dredging, 3.05 – Class ‘A’ Dredge Disposal

.1 Contractor shall transport and dispose dredge material at the following disposal site(s): PID 30166367. If removed dredge material exceeds the safe storage capacity of PID 30166367 the excess quantity shall be transported and disposed at PID 30166383. Contractor to confirm precise disposal location for dredge material with Departmental Representative prior to disposal on PID 30166383.

All other terms and conditions remain the same.
