## **PART 1 - GENERAL INFORMATION**

### **1.1 Security Requirement**

There is no security requirement associated with the requirement.

### **1.2 Requirement**

The requirement is detailed under Article 6.2 Requirement of the resulting contract clauses.

### **1.3 Debriefings**

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days from receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

### **1.4 Recourse Mechanisms**

If you have any concerns relating to the procurement process, please refer to the [Recourse Mechanisms](#) page on the Buyandsell.gc.ca website. Please note that there are strict deadlines for filing complaints with the Canadian International Trade Tribunal (CITT) or the [Office of the Procurement Ombudsman \(OPO\)](#).

### **1.5 Canadian Content**

The requirement is limited to Canadian goods.

## **PART 2 - BIDDER INSTRUCTIONS**

### **2.1 Standard Instructions, Clauses and Conditions**

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the *Standard Acquisition Clauses and Conditions Manual* (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Revision to Departmental Name: As this solicitation is issued by the RCMP, any reference to Public Works and Government Services Canada or PWGSC or its Minister contained in any term, condition or clause of this solicitation, including any individual SACC clauses incorporated by reference, will be interpreted as reference to RCMP or its Minister.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The 2003 (2020-05-28) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

Subsection 5.4 of 2003, Standard Instructions - Goods or Services - Competitive Requirements, is amended as follows:

Delete: sixty (60) days

Insert: one hundred and eighty (180) days

### **2.2 Submission of Bids**

Bids are requested to be submitted only to the Contracting Authority by electronic mail (e-mail) at [Sonya.Dupont@rcmp-grc.gc.ca](mailto:Sonya.Dupont@rcmp-grc.gc.ca) by the date and time indicated on page 1 of the bid solicitation.

For bids transmitted by email, Canada will not be responsible for any failure attributable to the transmission or receipt of the offer including, but not limited to, the following:

- a. receipt of garbled or incomplete bid;
- b. availability or condition of the receiving equipment;
- c. incompatibility between the sending and receiving equipment;
- d. delay in transmission or receipt of the bid;
- e. failure of the Bidder to properly identify the bid;
- f. illegibility of the bid; or
- g. security of bid data.

A bid transmitted electronically constitutes the formal bid of the Bidder and must be submitted in accordance with Section 05 of 2003 (2020-05-28) Standard Instructions - Goods or Services - Competitive Requirements.

The RCMP has restrictions on incoming e-mail messages. The maximum e-mail message size including all file attachments must not exceed 5MB. Zip files will not be accepted. Incoming e-mail messages exceeding the maximum file size and/or containing zip file attachments will be blocked from entering the RCMP e-mail system. A bid transmitted by e-mail that gets blocked by the

RCMP e-mail system will be considered not received. It is the responsibility of the Bidder to ensure receipt.

**PLEASE NOTE:**

**Bidders may submit more than one (1) bid per solicitation; however multiple bids must be submitted in separate email bid packages.**

**2.3 Enquiries - Bid Solicitation**

All enquiries must be submitted in writing to the Contracting Authority no later than **seven (7) calendar days before the bid closing date**. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that the Bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

**2.4 Applicable Laws**

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in the province of Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the bidders.

**2.5 Specifications and Standards**

**2.5.1 Canadian General Standards Board (CGSB) – Standards**

## **2.6 Promotion of Direct Deposit**

The following information is not related to the solicitation process:

An initiative within the Government of Canada called the Cheque Standardization Project has been established whereby eventually for all payments, cheque stubs will no longer be printed and, with few exceptions, will be processed via direct deposit. This option is only available when payment is made in Canadian dollars for deposit into a Canadian bank account. In an attempt to be proactive,

### **PART 3 - BID PREPARATION INSTRUCTIONS**

#### **3.1 Bid Preparation Instructions**

The bid must be submitted in separately bound sections as follows:

Section I: Technical Bid  
Section II: Financial Bid  
Section III: Certifications

**Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.**

#### **Section I: Technical Bid**

All bids must be completed in full and provide all of the information requested in the bid solicitation to enable full and complete evaluation.

#### **Section II: Financial Bid**

Bidders must submit their financial bid in accordance with Annex A – Requirement and Basis of Payment. The total amount of Applicable Taxes is excluded.

##### **3.1.1 Exchange Rate Fluctuation**

SACC Manual Clause C3011T (2013-11-06), Exchange Rate Fluctuation

#### **Section III: Certifications**

Bidders must submit the certifications required under Part 5.

**PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION**

**4.1 Evaluation Procedures**

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids. Not all members of the evaluation team will necessarily participate in all aspects of the evaluation.
- (c) The evaluation will be conducted in phases:
  - a. Phase I: Mandatory Technical Evaluation (Article 4.1.1 of the solicitation)
  - b. Phase II: Financial Evaluation (Article 4.1.2 of the solicitation)

**4.1.1 Phase I: Mandatory Technical Evaluation**

**4.1.1.1 Mandatory Technical Criteria – General Information**

As part of the technical evaluation, to confirm a Bidder's capability of meeting the technical requirements, the following Mandatory Technical Criteria must be submitted:

- a. Pre-Award Sample(s) - refer to Article 4.1.1.2 for more information.
- b. Certificate(s) of Compliance - refer to Article 4.1.1.3 for more information.

The Mandatory Technical Criteria will be required after the bid closing date, upon a written request from the Contracting Authority, from the bidder(s) with the lowest evaluated price. Should these bidders not be technically compliant, the bidder(s) with the next lowest evaluated price will be requested to submit the Mandatory Technical Criteria, and so on until a technically compliant bid is found.

The Bidders must deliver the required Mandatory Technical Criteria at no cost to Canada.

The address to which the Mandatory Technical Criteria must be delivered will be provided in the written request from the Contracting Authority.

The due dates are as follows:

<b>Technical Requirement</b>	<b>Due Date</b>
Pre-Award Sample(s)	within <b>35</b> calendar days from request
Certificate(s) of Compliance	within <b>35</b> calendar days from request

Canada may consider an extension to the above due dates in the following cases:

- a. Prior to bid closing, provided the Bidder submits a justification to the Contracting Authority for the extension request in accordance with Article 2.3 Enquiries - Bid Solicitation in Part 2 and the request is deemed reasonable at Canada's sole discretion; and/or
- b. After bid closing, provided the Bidder submits a justification to the Contracting Authority for the extension request no later than five (5) calendar days before the due date of the Mandatory Technical Criteria and the request is deemed reasonable at Canada's sole discretion.

If an extension is granted by Canada after bid closing for any or all of the technical criteria, all Bidders who have been asked to submit the Mandatory Technical Criteria will be given the same extension.

Rejection of any of the Mandatory Technical Criteria will result in the bid being declared non-responsive.

Failure to submit the required Mandatory Technical Criteria by the original due date or the extension due date, if one is granted, will result in the bid being declared non-responsive. The Mandatory Technical Criteria submitted by the bidders will remain the property of Canada.

The requirement for the Mandatory Technical Criteria will not relieve the successful bidder from submitting a Pre-Award Sample(s) and Certificate(s) of Compliance as required by the contract terms or from strictly adhering to the technical requirement of this Request for Proposal and any resultant contract.

**4.1.1.2 Mandatory Technical Criteria – Pre-Award Sample**

One (1) pre-award sample of the following item(s) will be required:

<b>ITEM:</b>	<b>SIZE:</b>	<b>RCMP STOCK#:</b>
a. Skirt, Long, Blue	30	6350-127
b. Skirt, Formal, Blue, Officer	As per Measurement form	4770-100

Reference RCMP Specification G.S.1045-165 dated 2020-02-25 and RCMP Specification G.S. 1045-382, dated 2020-02-25.

The Bidder must ensure that the required Pre-Award Sample(s) is manufactured in accordance with the technical requirement (unless specification waivers or substitutions have been permitted by the RCMP for the Pre-Award Sample(s) and have been identified herein) and are fully representative of the bid submitted.

Government Available Material (GAM) is required for the manufacture of Pre-Award Sample(s) and will be provided by the RCMP at no cost to the Bidder for the Pre-Award Sample(s) only. The list of GAM is detailed under Article 6.18 Government Available Material (GAM).

The Pre-Award Sample(s) must be clearly identified as such and have the following information: the solicitation number, the name of the company that submitted the sample, the size and the RCMP Stock number.

A base pattern (refer to Appendix A of RCMP Specification G.S.1045-165, dated 2020-02-25) will be provided to Bidders who are requested to supply a Pre-Award Sample(s).  
A base pattern (refer to Appendix A of RCMP Specification G.S. 1045-382, dated 2020-02-25) and a finished garment measurement form adapted to the individual's special measurements will be provided to Bidders who are requested to supply a Pre-Award Sample(s). The base pattern is to be used as a guide and must be altered to meet the body measurements specified in the individual measurement form. The finished pattern that is used to construct the finished garment submitted as pre-award sample must be submitted as well.

Patterns and measurement forms must not be duplicated or distributed. The Bidder should specify their preference for paper or electronic patterns.

*Instruction to Bidder: The Bidder is to select one of the following:*

- ( ) Electronic Patterns
- ( ) Paper Patterns

The base pattern(s) and measurement form(s) should be returned to the RCMP with the Pre-Award Sample(s). If the base pattern(s) and measurement form(s) are not returned with the Pre-Award Sample(s), base pattern(s) and measurement form(s) must be received by the RCMP from the Bidder within seven (7) calendar days upon written notice from the Contracting Authority. Failure to return the base pattern(s) and measurement form(s) within that timeframe will result in the bid being declared non-responsive. If the Bidder elects not to submit a Pre-Award Sample(s), the base pattern(s) and measurement form(s) must be received by the RCMP from the Bidder within seven (7) calendar days upon written notice from the Contracting Authority. Lost or damaged base pattern(s) and measurement form(s) must be reimbursed to the RCMP for the cost of an acceptable replacement. The base pattern(s) and measurement form(s) remain the property of the RCMP.

The Pre-Award Sample(s) will be evaluated for quality of workmanship and conformance to specified materials and measurements. Minor observations will not be a reason to reject the sample unless, in the opinion of the technical evaluator, they are considered to render the items unserviceable. However, only one deviation will result in the bid being declared non-responsive.

#### **4.1.1.3 Mandatory Technical Criteria – Certificate of Compliance**

##### **4.1.1.3.1 Definition**

A Certificate of Compliance is defined, for this document, as a signed and dated certification to confirm that a specified component or requirement adheres to the specification. The certification must be prepared, signed and dated by an official representative of the component manufacturer using company letterhead making reference to the specification number and paragraph number. It must specifically address the component or requirement and compliance can be shown by referring to a part number, by providing the component values, by providing a manufacturing data sheet to show technical compliance or by a description stating compliance to the requirement. In-house testing is acceptable to show compliance. Copying the specification word for word is not acceptable.

A separate certificate of compliance is required for each individual component or requirement. Multiple components supplied by the same component manufacturer may be submitted on one certificate of compliance as long as the paragraph numbers and components are clearly identified. With this document, the bidder certifies that the product for which the certificate of compliance is issued is the same product used in the bid submission, or in the pre-award samples or in the pre-production samples, or in the production units as applicable.

The Bidder is to note that copies of invoices, purchase orders, packing slips and certificates of compliance for products or components that are not manufactured by the certifier are not suitable for use as a certificate of compliance.

##### **4.1.1.3.2 Certificate(s) of Compliance**

A Certificate of Compliance for each of the following properties is required. The certificate(s) must be dated within 18 months of the solicitation posting date.

Reference RCMP Specification G.S.1045-165, dated 2020-02-25 and RCMP Specification G.S. 1045-382, dated 2020-02-25.

- a) Paragraph 4.1.2 Lining material, Table I of Specification G.S. 1045-165.
- b) Paragraph 4.1.3 Slide fastener of Specification G.S. 1045-165.
- c) Paragraph 4.1.4 Fusible Interlining of Specification G.S. 1045-165.
- d) Paragraph 4.1.6 Thread of Specification G.S. 1045-165.
- e) Paragraph 4.1.7 Hook and Eye of Specification G.S. 1045-382.

Although the Certificate(s) of Compliance refer to one Specification number, if the component is found in all Specifications, then the Certificate(s) of Compliance conformance applies to all Specifications.

#### **4.1.1.4 Mandatory Technical Criteria – Original Version**

The RCMP reserves the right to request the original version of any of the Mandatory Technical Criteria provided by the Bidder. The Bidder will have three (3) calendar days upon written notice from the Contracting Authority to provide the original version of the Mandatory Technical Criteria. When submitted by the Bidder, the original version of the Mandatory Technical Criteria becomes part of the Bidder's submission and is subject to evaluation. Failure to provide the original version of the Mandatory Technical Criteria within that timeframe may result in the bid being declared non-responsive. Rejection of the original version of the Mandatory Technical Criteria will result in the bid being declared non-responsive.

#### **4.1.2 Phase II: Financial Evaluation**

The price of the bid will be evaluated in Canadian dollars, the Applicable Taxes excluded, Deliver Duty Paid (DDP) Destination (as identified in Annex A) Incoterms 2010, transportation costs and unloading at destination included, Canadian customs duties and excise taxes included.

#### **4.2 Basis of Selection**

- 4.2.1 A bid must comply with the requirements of the bid solicitation and meet all mandatory technical criteria to be declared responsive.
- 4.2.2 The responsive bid with the lowest evaluated price will be recommended for award of a contract (1 contract only).

## **PART 5 – CERTIFICATIONS AND ADDITIONAL INFORMATION**

Bidders must provide the required certifications and additional information to be awarded a contract.

The certifications provided by Bidders to Canada are subject to verification by Canada at all times. Unless specified otherwise, Canada will declare a bid non-responsive, or will declare a contractor in default if any certification made by the Bidder is found to be untrue whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority may render the bid non-responsive or constitute a default under the Contract.

### **5.1 Certifications Required Precedent to Contract Award and Additional Information**

The certifications and additional information listed below should be submitted with the bid but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame specified will render the bid non-responsive.

#### **5.1.1 Integrity Provisions**

In accordance with the section titled Information to be provided when bidding, contracting or entering into a real property agreement subject to the [Ineligibility and Suspension Policy](http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html) (<http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html>), the Bidder must provide the required documentation, as applicable, to be given further consideration in the procurement process:

- Declaration of Convicted Offences - Integrity Declaration Form (as applicable)
- Required Documentation (List of names for integrity verification form)

Please see the [Forms for the Integrity Regime](http://www.tpsgc-pwgsc.gc.ca/ci-if/formulaires-forms-eng.html) website for further details (<http://www.tpsgc-pwgsc.gc.ca/ci-if/formulaires-forms-eng.html>).

#### **5.1.2 Federal Contractor's Program for Employment Equity – Bid Certification**

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "[FCP Limited Eligibility to Bid](http://www.labour.gc.ca/eng/standards_equality/eq/emp/fcp/list/inelig.shtml)" list ([http://www.labour.gc.ca/eng/standards\\_equality/eq/emp/fcp/list/inelig.shtml](http://www.labour.gc.ca/eng/standards_equality/eq/emp/fcp/list/inelig.shtml)) available from [Employment and Social Development Canada \(ESDC\) - Labour's](http://www.labour.gc.ca/eng/standards_equality/eq/emp/fcp/list/inelig.shtml) website.

Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "[FCP Limited Eligibility to Bid](http://www.labour.gc.ca/eng/standards_equality/eq/emp/fcp/list/inelig.shtml)" list at the time of contract award.

### **5.1.3 Additional Certifications Precedent to Contract Award**

#### **5.1.3.1 Sample and Production Certification**

The Bidder certifies that:

- ( ) The manufacturer that produced the Pre-Award Sample(s) will remain unchanged for the Pre-Production Sample(s), Production Sample(s), full production of the firm quantity, full production of the, "as and when requested" specials and full production of the option(s), if exercised.
- ( ) The components that are used in the Pre-Production Sample(s) will remain unchanged for the Pre-Production Sample(s), Production Sample(s), full production of the firm quantity, full production of the, "as and when requested" specials and full production of the option(s), if exercised. If a waiver is granted by the Technical Authority for the Pre-Production Sample(s), the components that are used in the pre-award sample(s), with the exception of any applicable waivers and substitutions and/or any observations noted in the evaluation of the pre-award sample(s), will remain unchanged for Pre-Production Sample(s), Production Sample(s), full production of the firm quantity, full production of the, "as and when requested" specials and full production of the option(s), if exercised unless otherwise approved by the Technical Authority during the production process.

#### **5.1.3.2 Independent Bid Determination**

The attached Certificate of Independent Bid Determination (attached Annex D) has been developed by the federal Competition Bureau for use by the Contacting Authority when calling for bids, tenders or quotations. The intention of this documentation is to deter bid-rigging by requiring bidders to disclose, to the Contracting Authority, all material facts about any communications and arrangements which the bidder has entered into with competitors regarding the call for tenders.

#### **5.1.3.3 Canadian Content Certification**

##### **SACC MANUAL CLAUSE**

A3050T          2020-07-01          Canadian Content Definition

##### **CANADIAN CONTENT CERTIFICATION**

Subject to the evaluation procedures contained in the bid solicitation, Bidders acknowledge that only bids for items with a certification that the item(s) offered are Canadian goods, as defined in clause A3050T, may be considered.

Failure to provide this certification completed with the bid or prior to contract award, will result in the item(s) offered being treated as non-Canadian goods.

The Bidder certifies that:

( ) the item(s) offered and identified as Canadian goods are Canadian goods as defined in paragraph 1 of clause A3050T.

## **PART 6 - RESULTING CONTRACT CLAUSES**

### **6.1 Security Requirement**

There is no security requirement applicable to the Contract.

### **6.2 Requirement**

The Contractor must provide the Royal Canadian Mounted Police (RCMP) with a firm quantity of Skirt, Long, Blue.

The Contractor must also provide special stock quantities as and when requested by the RCMP (made-to-measure sizes) of Skirt, Long, Blue and Skirt, Formal, Blue, Officer.

For further details, please reference Annex A.

#### **6.2.1 Optional Quantities**

The Contractor grants to Canada the irrevocable option(s) to acquire Skirt, Long, Blue under the same terms and conditions and at the price(s) in the resulting contract.

The option(s) may only be exercised by the Contracting Authority and will be evidenced, for administrative purposes only, through a single contract amendment per option.

For further details, please reference Annex A.

### **6.3 Standard Clauses and Conditions**

All clauses and conditions identified in the Contract by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Revision to Departmental Name: As this contract is issued by Royal Canadian Mounted Police (RCMP), any reference to Public Works and Government Services Canada or PWGSC or its Minister contained in any term, condition or clause of this contract, including any individual SACC clauses incorporated by reference, will be interpreted as reference to RCMP or its Minister.

The following subcontractor(s) will be utilized in the performance of the contract.

Name of Company: \_\_\_\_\_

Location: \_\_\_\_\_

Nature of subcontracting work performed: \_\_\_\_\_

**6.22 Technical Requirements for Pre-Production**

Unless a waiver is granted by the RCMP Technical Authority, the following Technical Requirements for Pre-Production are required for evaluation prior to full production. Requests for a waiver by the Contractor must be submitted in writing to the Contracting Authority. The waiving of the Technical Requirements for Pre-Production will be at the sole discretion of the Technical Authority. The Technical Authority will provide notification of the waiver in writing to the Contractor and Contracting Authority.

- a. Pre-Production Sample(s) - refer to Article 6.22.3 for more information.
- b. Certificate(s) of Compliance - refer to Article 6.22.4 for more information.

**6.22.1 Submission of the Technical Requirements for Pre-Production**

The due date for each of the Technical Requirements for Pre-Production is as follows:

Technical Requirement for Pre-Production	Due Date
Pre-Production Sample(s)	within <b>35</b> calendar days of contract award
Certificate(s) of Compliance	within <b>35</b> calendar days of contract award

The Technical Requirements for Pre-Production must be submitted at no cost to Canada.

Canada may consider an extension to the above due date(s) provided the Contractor submits a justification to the Contracting Authority for the extension request five (5) calendar days before the due date of the respective Technical Requirements for Pre-Production and the request is deemed reasonable at Canada's sole discretion.

The Technical Requirements submitted by the Contractor will remain the property of Canada.

**6.22.2 Evaluation of the Technical Requirements for Pre-Production**

- (a) If the Technical Requirements for Pre-Production are rejected, the Contractor must submit the second Technical Requirements for Pre-Production within **21 calendar days** of notification of rejection from the Technical Authority.
- (b) The Technical Authority will notify the Contractor, in writing, of the acceptance or rejection of the Technical Requirements for Pre-Production. A copy of this notification is to be provided by the Technical Authority to the Contracting Authority. The notice of acceptance does not relieve the Contractor from complying with all requirements of the specification(s) and all other terms of the Contract.
- (c) The Contractor must not commence production of the items and must not make any deliveries until the Contractor has received written notification from the Technical Authority that the Technical Requirements for Pre-production are acceptable. Any production of items before acceptance will be at the sole risk of the Contractor.
- (d) Rejection by the Technical Authority of the second Technical Requirements for Pre-Production submitted by the Contractor for failing to meet the Contract requirements will be grounds for termination of the Contract for default.

**6.22.3 Pre-Production Sample**

<b>ITEM:</b>	<b>SIZE:</b>	<b>RCMP STOCK#:</b>
a. Skirt, Long, Blue	30	6350-127
b. Skirt, Formal, Blue, Officer	As per Measurement form	4771-100

Reference RCMP Specification G.S.1045-165, dated 2020-02-25 and RCMP Specification G.S. 1045-382, dated 2020-02-25.

**6.22.4 Certificate of Compliance**

**6.22.4.1 Definition**

A Certificate of Compliance is defined, for this document, as a signed and dated certification to confirm that a specified component or requirement adheres to the specification. The certification must be prepared, signed and dated by an official representative of the component manufacturer using company letterhead making reference to the specification number and paragraph number. It must specifically address the component or requirement and compliance can be shown by referring to a part number, by providing the component values, by providing a manufacturing data sheet to show technical compliance or by a description stating compliance to the requirement. In-house testing is acceptable to show compliance. Copying the specification word for word is not acceptable.

A separate certificate of compliance is required for each individual component or requirement. Multiple components supplied by the same component manufacturer may be submitted on one certificate of compliance as long as the paragraph numbers and components are clearly identified. With this document, the Contractor certifies that the product for which the certificate of compliance is issued is the same product used in the bid submission, or in the pre-award samples or in the pre-production samples, or in the production units as applicable.

The Contractor is to note that copies of invoices, purchase orders, packing slips and certificates of compliance for products or components that are not manufactured by the certifier are not suitable for use as a certificate of compliance.

**6.22.4.2 Certificate(s) of Compliance**

A Certificate of Compliance for each of the following properties is required. The certificate(s) must be dated within 12 months of contract award.

Reference RCMP Specification G.S.1045-165, dated 2020-02-25 and RCMP Specification G.S. 1045-382, dated 2020-02-25.

- a) Paragraph 4.1.2 Lining material, Table I of Specification G.S. 1045-165.
- b) Paragraph 4.1.3 Slide fastener of Specification G.S. 1045-165.
- c) Paragraph 4.1.4 Fusible Interlining of Specification G.S. 1045-165.
- d) Paragraph 4.1.6 Thread of Specification G.S. 1045-165.
- e) Paragraph 4.1.7 Hook and Eye of Specification G.S. 1045-382.

Although the Certificate(s) of Compliance refer to one Specification number, if the component is found in all Specifications, then the Certificate(s) of Compliance conformance applies to all Specifications.

**6.23 Technical Requirements for Production**

The RCMP has the right to request one or more Production Sample(s) and/or Certificate(s) of Compliance at its discretion at any time during the contract period in order to ensure technical compliance with the requirements of the Contract. This request will be done in writing by the Contracting Authority. Rejection by the Technical Authority of one or more Production Sample(s) and/or Certificate(s) of Compliance for failing to meet the Contract requirements will be grounds for termination of the Contract for default. The Production Sample(s) and/or Certificate(s) of Compliance submitted by the Contractor will remain the property of Canada.

**6.24 Technical Requirements for the Option**

Unless a waiver is granted by the RCMP Technical Authority, the following Technical Requirements apply to each option exercised under the Contract. Requests for a waiver by the Contractor must be submitted in writing to the Contracting Authority. The waiving of the Technical Requirements for the Option will be at the sole discretion of the Technical Authority. The Technical Authority will provide notification of the waiver in writing to the Contractor and Contracting Authority.

- a. Certificate(s) of Compliance - refer to Article 6.24.3 for more information.

**6.24.1 Submission of Technical Requirements for the Option**

The due date for each of the Technical Requirements for the Option is as follows:

Technical Requirement for the Option	Due Date
Certificate(s) of Compliance	within <b>30</b> calendar days of contract amendment

The Technical Requirements for the Option must be submitted at no cost to Canada.

Canada may consider an extension to the above due date(s) provided the Contractor submits a justification to the Contracting Authority for the extension request five (5) calendar days before the due date of the respective Technical Requirement and the request is deemed reasonable at Canada's sole discretion.

#### 6.24.2 Evaluation of Technical Requirements for the Option

- a. The Contractor must not commence production of the option quantity and must not make any deliveries until the Contractor has received written notification from the Technical Authority that the Technical Requirements for the Option are acceptable. Any production of the option quantity before acceptance will be at the sole risk of the Contractor. The notice of acceptance does not relieve the Contractor from complying with all requirements of the specification(s) and all other terms of the Contract.
- b. Rejection by the Technical Authority of the Technical Requirements for the Option submitted by the Contractor for failing to meet the Contract requirements will be grounds for termination of the Contract for default.

#### 6.24.3 Certificate of Compliance

A Certificate of Compliance (as described under Article 6.22.4 of the Contract) is required before full production of the option quantity for each of the following properties. The Certificate(s) of Compliance must be dated **within 30 days** of the exercising of the option quantity.

Reference RCMP Specification G.S.1045-165, dated 2020-02-25 and RCMP Specification G.S. 1045-382, dated 2020-02-25.

- a) Paragraph 4.1.2 Lining material, Table I of Specification G.S. 1045-165.
- b) Paragraph 4.1.3 Slide fastener of Specification G.S. 1045-165.
- c) Paragraph 4.1.4 Fusible Interlining of Specification G.S. 1045-165.
- d) Paragraph 4.1.6 Thread of Specification G.S. 1045-165.
- e) Paragraph 4.1.7 Hook and Eye of Specification G.S. 1045-382.

Although the Certificate(s) of Compliance refer to one Specification number, if the component is found in all Specifications, then the Certificate(s) of Compliance conformance applies to all Specifications.

#### 6.25 Technical Requirements – Original Version

The RCMP reserves the right to request the original version of any of the Technical Requirements provided by the Contractor for Pre-Production, Production, Options and “as and when requested” Special Quantity. The Contractor will have three (3) calendar days upon written notice from the Contracting Authority to provide the original version of the Technical Requirements. Failure to provide the original version of the Technical Requirements within that timeframe may be grounds for termination of the Contract by default. Rejection of the original version of the Technical Requirements may be grounds for the termination of the Contract by default.

## **6.26 Design Changes and Deviations**

When it is necessary to depart, either temporarily or permanently, from the governing technical data in a Contract, the Technical Authority or the Contractor may originate a request for a design change to or deviation from the Specification.

If both the Technical Authority and the Contractor agree to the change to or deviation from the Specification and its associated cost, the Contracting Authority will amend the Contract accordingly. The design or deviation is only authorized once the amendment is issued and signed by the Contracting Authority.

## **6.27 Patterns**

### **6.27.1 Skirt, Long, Blue**

The full set of patterns either in individual sizes or as a graded nest will be provided by the RCMP to the Contractor following contract award (refer to Appendix A of the RCMP Specification G.S.1045-165, dated 2020-02-25). The base pattern shall be used for the development of the PPS.

### **6.27.2 Skirt, Formal, Blue, Officer**

A base pattern of the skirt and a finished garment measurement form adapted to the individual's special measurements will be provided by the RCMP to the Contractor following contract award (refer to Appendix A of the specification G.S. 1045-382, dated 2020-02-25). The base pattern must be used as a guide for the development of the PPS and must be altered to meet the body measurements specified in the individual measurement form. The finished patterns that are used to construct the finished garments submitted as PPS must be submitted to the RCMP at the same time as the PPS.

For all orders under this contract, the RCMP will provide a completed pattern adapted to the individual's special measurements and/or a finished garment measurement form adapted to the individual's special measurements. The Contractor must specify their preference prior to beginning production of the special order. The manufacturer is responsible to make the garment using the finished measurements when using the measurement form. If the manufacturer requires additional measurements, the Technical Authority must be notified prior to starting the production.

## **6.28 Viewing Sample – Guidance Only**

The viewing sample is to be used for guidance on all factors not covered by the RCMP Specification G.S.1045-165, dated 2020-02-25 and RCMP Specification G.S. 1045-382, dated 2020-02-25. The RCMP Specification G.S.1045-165, dated 2020-02-25 and RCMP Specification G.S. 1045-382, dated 2020-02-25 will govern.

## **6.29 Viewing Sample and Pattern - Return to RCMP**

The viewing sample(s) and base pattern(s) which may have been sent to the Contractor must be returned to the sender upon completion of the Contract at the expense of the Contractor. The viewing sample must not be damaged or cut, but returned in the same condition as sent to the

Contractor. Lost or damaged viewing sample(s), base pattern(s) and/or measurement form(s) must be reimbursed to the RCMP for the cost of an acceptable replacement. The viewing sample(s), base pattern(s) and/or measurement form(s) remain the property of the RCMP.

#### 4. "AS AND WHEN REQUESTED" QUANTITY" - Identified as Item(s) 5 and 6

Under this Contract, the Contractor is required to provide certain goods to Canada on an "as and when requested" basis. Except as expressly provided in this Contract, Canada is not obliged to request any such goods under this Contract and this Contract does not represent a commitment to purchase such goods exclusively from the Contractor.

RCMP may issue orders for the "as and when requested" quantity directly to the Contractor detailing the exact quantities of goods being ordered and the delivery date during the effective period and in accordance with the predetermined conditions.

The quantity of "as and when requested" goods specified under item(s) 5 and 6 is only an approximation of requirements.

Deliveries made against orders of the "as and when requested" quantities will be inspected by the Consignee at destination.

#### Specials

Specials (which are made-to-measure) will be requested on an RCMP order form by the RCMP's Uniform and Equipment Program.

The period for placing "as and when requested" orders for "as and when requested" specials (made-to-measure sizes) will be within **48 months** from award of contract.

#### G.S. 1045-165 Skirt, Long Blue

Insofar as specials are concerned, the RCMP will provide a completed pattern adapted to the individual's special measurements and/or an individual measurement form adapted to the individual's special measurements. The Contractor shall specify their preference prior to beginning production of the special order. The manufacturer is responsible to make the garment according to the finished garment measurements as specified on the completed pattern adapted to the individual's special measurements and/or an individual measurement form adapted to the individual's special measurements. The special made skirt must have a finished hem according to the skirt length in the measurement form. If the manufacturer requires additional measurements, the Technical Authority must be notified prior to starting the specials. In addition to the label information as specified in Paragraph 4.3.11 of the Long, Skirt, Blue specification G.S. 1045-165, the following information is required; the members' name, Regimental number and order number. This information can be added to the same label or a separate label.

#### G.S. 1045-382 Skirt, Blue, Formal Length

For all orders under this contract, the RCMP will provide a completed pattern adapted to the individual's special measurements or a base pattern that the manufacturer will use as a guide and must adapt to a finished garment measurement form that has been adapted from the individual's special measurements. The contractor shall specify their preference prior to beginning production of the special order. The manufacturer is responsible to make the garment using the finished measurements when using the measurement form. If the manufacturer requires additional measurements, the Technical Authority shall be notified prior to starting the production.

Delivery of "as and when requested" specials (made-to-measure sizes) is requested to be made within **30 calendar days** after receipt of order document.

Should the requested delivery schedule indicated above be impossible to meet, the Supplier is to offer their very best delivery schedule below.

*(The Bidder is to insert the best delivery below. If the delivery is left blank by the Bidder, the Bidder agrees to meet the desired delivery noted above for the "as and when requested" specials (made-to-measure sizes).*

Delivery of "as and when requested" specials (made-to-measure sizes) must be made within \_\_\_\_ **calendar days** after receipt of order document.
