This amendment 001 to solicitation Software Maintenance - W0117-20009/A is raised to address the following:

Section A: Questions and Answers

Q1: Is there flexibility for resources to work offsite due to COVID-19 restrictions?

A1: Yes, considering the current situation, the majority of the development work will occur off-site; however, the resources would have to have DWAN (Defence Wide Area Network) capability to have access to DND's wide area network. We would be able to communicate via Slack to discuss details. See Section B.

Section B: Revisions to the RFP

1. Refer to Annex A, Section 2.5.4:

Delete: In its entirety

Insert:

2.5.4 Contractor must travel to site, as requested, to work with the telecommunications personnel regarding any hardware/software issues related to the CCI program and the RCAF FastForce Portal. Contractor must be available to attend meetings in-person or via teleconferencing using SLACK, if requested; however, Contractor cannot connect to DND via any other means (Zoom) because of security restrictions/regulations at 1 CAD.

ALL OTHER TERMS AND CODNITIONS REMAIN THE SAME
