WORKWEAR AND ACCESSORIES

QUESTIONS AND ANSWERS #1

Question 1:

Is it possible to tell us the quantities required per item of clothing in order to properly analyze the tender?

I see the quantity per item of clothing, for example 1 belt, but how many employees are there?

Answer 1:

The Senate of Canada has approximately 120 employees at any given time that may require clothing. The estimated quantity of items per employee is as per Annex A: Statement of Requirement, item. 3
