AMENDMENT 002

Answer questions from the industry.

Enquiries - Bid Solicitation - Clause # 2.4

To ensure consistency and quality of information provided to bidders, significant enquiries received and the replies to such enquiries will be provided simultaneously to bidders to which the bid solicitation has been sent, without revealing the sources of the enquiries.

Here are the questions which we have received until now:

Question #1: Would the Crown consider removing the 10% holdback on claims for work that is completed?

Answer #1: Suppose the intended payment method would have been "Milestone Payments", milestones would have been specified in such a way as to establish a measurable correlation between the payment being made and the actual progress of the contract. Thus, progress payment against milestone would be made in accordance with an established schedule of milestones using form [PWGSC-TPSGC 1111](#), and the amount claimed would be subject or not to holdback, as the case may be.

On the other hand, when progress payments against milestones are not possible because of the nature of the contract, "Progress payments" may be established on the basis of the actual costs incurred for the partial completion of the work as well, as certified by the company and government inspectors. When progress payments are made based on cost incurred using Progress Claim Form [PWGSC-TPSGC 1111](#), the amount claimed is subject to holdback.

In our case, this is a task authorization contract with basis of payment at hourly rates based on time for which it is not possible to schedule milestones. Thus, the planned payment method is "Progressive payment" and will remain subject to a 10% holdback. Note, the balance of the amount payable will be paid in accordance with the payment provisions of the Contract upon completion and delivery of all work required under the Contract if the Work has been accepted by Canada and a final claim for the payment is submitted.

This amount holdback under this contract mitigates the risk to Canada that the contract will not be performed as expected and prevents us from making overpayments for the work performed.

****ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME****
