Solicitation Amendment 002 is being raised to answer bidder questions, as follows:

Questions and Answers:

Question 1: Could you please confirm if the survey must cover both the OLS and OIS or only the OLS?

Answer 1: The survey must cover OLS only.

Question 2: What is the area we need to cover in LiDAR and photogrammetry? I have attached you a capture of the .kmz, if possible to indicate the zone (s) which are to be covered.

Answer 2: Both LiDAR & photo coverage is required in all zones as shown in the supplied .kmz file.

Question 3: We would also like to know around what date snow normally falls in the St-Anthony area.

Answer 3: Published climate data indicates the snowy season in St Anthony, NL typically starts Oct 14th. It is anticipated a quick mobilization will be required.

Question 4: With respect to the St. Anthony Airport LiDAR – Photo RFP, I am needing to clarification on the coverage needs. The supplied .kml (colour polygon shapes) shows the extent of the area of interest. With respect to the needed photo coverage, we believe you need all as shown. However, with respect to the LiDAR collect, is this same coverage area needed or just the runway approaches.

Answer 4: LiDAR coverage is required in all zones in the supplied .kmz file.

All other terms and conditions remain the same.
