REQUEST FOR PROPOSAL

Comments	
This document contains security requirements	

Proposal To: Canadian Energy Regulator

We hereby offer to sell to Canadian Energy Regulator, in accordance with the terms and conditions set out herein, referred to herein or attached hereto, the goods, services, and construction listed herein and on any attached sheets at the price(s) set out thereof.

On behalf of the bidder, by signing below, I confirm that I have read the entire bid solicitation including the documents incorporated by reference into the bid solicitation and I certify that:

- The bidder considers itself and its products able to meet all the mandatory requirements described in the bid solicitation;
- 2. This bid is valid for the period requested in the bid solicitation;
- 3. All the information provided in the bid is complete, true and accurate; and
- If the bidder is awarded a contract, it will accept all the terms and conditions set out in the resulting contract clauses included in the bid solicitation.

PART 1 - GENERAL INFORMATION

1.1 Introduction

The bid solicitation is divided into seven parts plus attachments and annexes, as follows:

- Part 1 General Information: provides a general description of the requirement;
- Part 2 Bidder Instructions: provides the instructions, clauses and conditions applicable to the bid solicitation;
- Part 3 Bid Preparation Instructions: provides Bidders with instructions on how to prepare their bid;
- Part 4 Evaluation Procedures and Basis of Selection: indicates how the evaluation will be conducted, the evaluation criteria that must be addressed in the bid, and the basis of selection;
- Part 5 Certifications and Additional Information: includes the certifications and additional information to be provided;
- Part 6 Security, Financial and Other Requirements: includes specific requirements that must be addressed by Bidders; and
- Part 7 Resulting Contract Clauses: includes the clauses and conditions that will apply to any resulting contract.

The Annexes include the Statement of Work, the Basis of Payment, the Security Requirements Checklist, the Electronic Payment Instruments and any other annexes.

1.2 Summary

The Canadian Energy Regulator CER requires expert guidance on developing a risk ranking methodology, and accompanying tool, for contaminated sites that are reported to the CER. This site specific risk ranking methodology will lead to a more informed risk based approach to regulation of contaminated sites management and performance measures. This contract will lead to the development of a risk ranking methodology, and accompanying tool, for contaminated sites reported to the CER. This methodology will be unique to the CER based upon the specific responsibilities carried out by the CER and information that is collected from companies throughout the Remediation Process

The Contract will be in effect from date of award to March 31, 2021 with the option to extend.

There are security requirements associated with this requirement. For additional information, consult Part 6 - Security, Financial and Other Requirements, and Part 7 - Resulting Contract Clauses. For more information on personnel and organization security screening or security clauses, Bidders should refer to the Contract Security Program of Public Works and Government Services Canada (http://www.tpsgc-pwgsc.gc.ca/esc-src/introduction-eng.html) website

1.3 Debriefings

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days from receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

Closing Date and Time: Monday, October 05, 2020 2:00 PM MDT

PART 2 - BIDDER INSTRUCTIONS

2.1 Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the <u>Standard Acquisition Clauses and Conditions Manual</u> (https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) issued by Public Works and Government Services Canada.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The <u>2003</u> (2020-05-28) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

Subsection 5.4 of <u>2003</u>, Standard Instructions - Goods or Services - Competitive Requirements, is amended as follows:

Delete: 60 days Insert: 180 days

2.2 Submission of Bids

Bids must be submitted only to Canadian Energy Regulator (CER) by email to nafissa.diop@cer-rec.gc.ca by the date, time and place indicated on page 1 of the bid solicitation.

Bid Closing Date and Time

Date: October 05, 2020

Time: 2:00 PM (MDT)

Due to the nature of the bid solicitation, bids transmitted by facsimile to Canadian Energy Regulator (CER) will not be accepted.

All emailed bids must be received before the bid closing date and time. Any email received after the bid closing date and time will not be accepted. Bidders should note the file attachment size limit is 35MB

2.3 Former Public Servant

Contracts awarded to former public servants (FPS) in receipt of a pension or of a lump sum payment must bear the closest public scrutiny, and reflect fairness in the spending of public funds. In order to comply with Treasury Board policies and directives on contracts awarded to FPSs, bidders must provide the information required below before contract award. If the answer to the questions and, as applicable the information required have not been received by the time the evaluation of bids is completed, Canada will inform the Bidder of a time frame within which to provide the information. Failure to comply with Canada's request and meet the requirement within the prescribed time frame will render the bid nonresponsive.

Definitions

For the purposes of this clause,

"former public servant" is any former member of a department as defined in the *Financial Administration Act*, R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the Royal Canadian Mounted Police. A former public servant may be:

Closing Date and Time: Monday, October 05, 2020 2:00 PM MDT

- a. an individual;
- b. an individual who has incorporated;
- c. a partnership made of former public servants; or
- d. a sole proprietorship or entity where the affected individual has a controlling or major interest in the entity.

"lump sum payment period" means the period measured in weeks of salary, for which payment has been made to facilitate the transition to retirement or to other employment as a result of the implementation of various programs to reduce the size of the Public Service. The lump sum payment period does not include the period of severance pay, which is measured in a like manner.

"pension" means a pension or annual allowance paid under the Public Service Superannuation Act (PSSA), R.S., 1985, c. P-36, and any increases paid pursuant to the Supplementary Retirement Benefits Act, R.S., 1985, c. S-24 as it affects the PSSA. It does not include pensions payable pursuant to the Canadian Forces Superannuation Act, R.S., 1985, c. C-17, the Defence Services Pension Continuation Act, 1970, c. D-3, the Royal Canadian Mounted Police Pension Continuation Act, 1970, c. R-10, and the Royal Canadian Mounted Police Superannuation Act, R.S., 1985, c. R-11, the Members of Parliament Retiring Allowances Act, R.S. 1985, c. M-5, and that portion of pension payable to the Canada Pension Plan Act, R.S., 1985, c. C-8.

Former Public Servant in Receipt of a Pension

As per the above definitions, is the Bidder a FPS in receipt of a pension? Yes () No () If so, the Bidder must provide the following information, for all FPSs in receipt of a pension, as applicable:

- a. name of former public servant;
- b. date of termination of employment or retirement from the Public Service.

By providing this information, Bidders agree that the successful Bidder's status, with respect to being a former public servant in receipt of a pension, will be reported on departmental websites as part of the published proactive disclosure reports in accordance with Contracting Policy Notice: 2012-2 and the Guidelines on the Proactive Disclosure of Contracts.

Work Force Adjustment Directive

ls	the I	Bidder	a FPS	s who	received	d a lump	sum	payment	pursuant	to the	terms	of the '	Work	Force
Αc	djust	ment D	irectiv	/e? Y	es () No ()						

If so, the Bidder must provide the following information:

- a. name of former public servant;
- b. conditions of the lump sum payment incentive;
- c. date of termination of employment;
- d. amount of lump sum payment;
- e. rate of pay on which lump sum payment is based;
- f. period of lump sum payment including start date, end date and number of weeks;
- g. number and amount (professional fees) of other contracts subject to the restrictions of a work force adjustment program.

For all contracts awarded during the lump sum payment period, the total amount of fees that may be paid to a FPS who received a lump sum payment is \$5,000, including Applicable Taxes.

2.4 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than 5 calendar days before the bid closing date. Enquiries received after that time may not be answered.

Closing Date and Time: Monday, October 05, 2020 2:00 PM MDT

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by Bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all Bidders. Enquiries not submitted in a form that can be distributed to all Bidders may not be answered by Canada.

2.5 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Alberta.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Bidders.

2.6 Improvement of Requirement during Solicitation Period

Should bidders consider that the specifications or Statement of Work contained in the bid solicitation could be improved technically or technologically, bidders are invited to make suggestions, in writing, to the Contracting Authority named in the bid solicitation. Bidders must clearly outline the suggested improvement as well as the reason for the suggestion. Suggestions that do not restrict the level of competition nor favour a particular bidder will be given consideration provided they are submitted to the Contracting Authority at least 5 days before the bid closing date. Canada will have the right to accept or reject any or all suggestions.

2.7 Direct Deposit

The Government of Canada is phasing out paper cheques in favour of Direct Deposit for all payments issued by the Receiver General. Direct Deposit is a secure and reliable method of receiving payment, eliminating the risk of lost or stolen cheques.

2.8 Bid Challenge and Recourse Mechanisms

- (a) Several mechanisms are available to potential suppliers to challenge aspects of the procurement process up to and including contract award.
- (b) Canada encourages suppliers to first bring their concerns to the attention of the Contracting Authority. Canada's <u>Buy and Sell</u> website, under the heading "<u>Bid Challenge and Recourse Mechanisms</u>" contains information on potential complaint bodies such as:
 - Office of the Procurement Ombudsman (OPO)
 - Canadian International Trade Tribunal (CITT)
- (c) Suppliers should note that there are **strict deadlines** for filing complaints, and the time periods vary depending on the complaint body in question. Suppliers should therefore act quickly when they want to challenge any aspect of the procurement process.

Closing Date and Time: Monday, October 05, 2020 2:00 PM MDT

PART 3 - BID PREPARATION INSTRUCTIONS

3.1 Bid Preparation Instructions

The bid must be gathered per section and separated as follows:

Section I: Technical Bid PDF copies by email,

Section II: Financial Bid PDF copies by email,

Section III: Certifications PDF copies by email,

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid. Due to the nature of the bid solicitation, bids transmitted by facsimile will not be accepted

Section I: Technical Bid

In their technical bid, Bidders should demonstrate their understanding of the requirements contained in the bid solicitation and explain how they will meet these requirements. Bidders should demonstrate their capability and describe their approach in a thorough, concise and clear manner for carrying out the work.

The technical bid should address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the bid will be evaluated. Simply repeating the statement contained in the bid solicitation is not sufficient. In order to facilitate the evaluation of the bid, Canada requests that Bidders address and present topics in the order of the evaluation criteria under the same headings. To avoid duplication, Bidders may refer to different sections of their bids by identifying the specific paragraph and page number where the subject topic has already been addressed.

Section II: Financial Bid

3.1.1 Bidders must submit their financial bid in accordance with the Basis of Payment in Annex "B". The total amount of Applicable Taxes must be shown separately.

3.1.2 Electronic Payment of Invoices - Bid

If you are willing to accept payment of invoices by Electronic Payment Instruments, complete Annex "E" Electronic Payment Instruments, to identify which ones are accepted.

If Annex "E" Electronic Payment Instruments is not completed, it will be considered as if Electronic Payment Instruments are not being accepted for payment of invoices.

Acceptance of Electronic Payment Instruments will not be considered as an evaluation criterion.

3.1.3 Exchange Rate Fluctuation

The requirement does not offer exchange rate fluctuation risk mitigation. Requests for exchange rate fluctuation risk mitigation will not be considered. All bids including such provision will render the bid non-responsive.

Solicitation No. 84084-20-0092	Closing Date and Time: Monday, October 05, 2020
Risk Ranking of Contaminated Sites	2:00 PM MDT

Section III: Certifications

Bidders must submit the certifications and additional information required under Part 5.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 **Evaluation Procedures**

- Bids will be assessed in accordance with the entire requirement of the bid solicitation including (a) the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids.

Technical Evaluation 4.1.1

4.1.1.1 Mandatory Technical Criteria

Mandatory and point rated technical evaluation criteria are included in Annex F.

4.1.1.2 Point Rated Technical Criteria

Mandatory and point rated technical evaluation criteria are included in Annex F.

4.1.2 **Financial Evaluation**

Financial Evaluation are included in Annex F

The price of the bid will be evaluated in Canadian dollars, Applicable Taxes excluded, FOB destination, Canadian customs duties and excise taxes included.

The financial bid evaluation will be based on the quoted price proposed under Annex B - Basis of Payment.

Basis of Selection - Highest Combined Rating of Technical Merit and Price 4.2

- 1. To be declared responsive, a bid must:
 - a. comply with all the requirements of the bid solicitation; and
 - b. meet all mandatory criteria; and
 - c. obtain the required minimum of 70 points overall for the technical evaluation criteria which are subject to point rating.

The rating is performed on a scale of 100 points.

- 2. Bids not meeting a, b and c will be declared non-responsive.
- The selection will be based on the highest responsive combined rating of technical merit and price. The ratio will be 70% technical merit and 30 % for the price.

2:00 PM MDT

Closing Date and Time: Monday, October 05, 2020 2:00 PM MDT

- 4. To establish the technical merit score, the overall technical score for each responsive bid will be determined as follows: total number of points obtained / maximum number of points available multiplied by the ratio of 70 %.
- 5. To establish the pricing score, each responsive bid will be prorated against the lowest evaluated price and the ratio of 30%.
- 6. For each responsive bid, the technical merit score and the pricing score will be added to determine its combined rating.
- 7. Neither the responsive bid obtaining the highest technical score nor the one with the lowest evaluated price will necessarily be accepted. The responsive bid with the highest combined rating of technical merit and price will be recommended for award of a contract.
- 8. The table below illustrates an example where all three bids are responsive and the selection of the contractor is determined by a 70/30 ratio of technical merit and price, respectively. The total available points equal 135 and the lowest evaluated price is \$45,000 (45).

Basis of Selection – Highest Combined Rating of Technical Merit and Price					
		Bidder 1	Bidder 2	Bidder 3	
Overall Technic	cal Score	115/135	89/135	92/135	
Bid Evaluated Price		\$55,000.00 \$50,000.00		\$45,000.00	
Calculations	Technical Merit Score	115/135 x 70= 59.62	89/135 x 70 =46.14	92/135 x 70 = 47.70	
	Pricing Score	45/55 x 30 = 24.54	45/50 x 30 = 27.00	45/45 x 30 = 30	
Combined Rati	ng	84.16	73.14	77.70	
Overall Rating		1 ^{er}	3e	2 ^e	

PART 5 - CERTIFICATIONS AND ADDITIONAL INFORMATION

Bidders must provide the required certifications and additional information to be awarded a contract.

The certifications provided by Bidders to Canada are subject to verification by Canada at all times. Unless specified otherwise, Canada will declare a bid non-responsive, or will declare a contractor in default if any certification made by the Bidder is found to be untrue, whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority will render the bid non-responsive or constitute a default under the Contract.

Closing Date and Time: Monday, October 05, 2020 2:00 PM MDT

5.1 Certifications Required with the Bid

Bidders must submit the following duly completed certifications as part of their bid.

5.1.1 Integrity Provisions - Declaration of Convicted Offences

In accordance with the Integrity Provisions of the Standard Instructions, all bidders must provide with their bid, **if applicable**, the Integrity declaration form available on the <u>Forms for the Integrity Regime</u> website (http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html), to be given further consideration in the procurement process.

5.2 Certifications Precedent to Contract Award and Additional Information

The certifications and additional information listed below should be submitted with the bid but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame specified will render the bid non-responsive.

5.2.1 Integrity Provisions – Required Documentation

In accordance with the section titled Information to be provided when bidding, contracting or entering into a real property agreement of the <u>Ineligibility and Suspension Policy</u> (http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html), the Bidder must provide the required documentation, as applicable, to be given further consideration in the procurement process.

5.2.2 Additional Certifications Precedent to Contract Award

5.2.2.1 Status and Availability of Resources

The Bidder certifies that, should it be awarded a contract as a result of the bid solicitation, every individual proposed in its bid will be available to perform the Work as required by Canada's representatives and at the time specified in the bid solicitation or agreed to with Canada's representatives. If for reasons beyond its control, the Bidder is unable to provide the services of an individual named in its bid, the Bidder may propose a substitute with similar qualifications and experience. The Bidder must advise the Contracting Authority of the reason for the substitution and provide the name, qualifications and experience of the proposed replacement. For the purposes of this clause, only the following reasons will be considered as beyond the control of the Bidder: death, sickness, maternity and parental leave, retirement, resignation, dismissal for cause or termination of an agreement for default.

If the Bidder has proposed any individual who is not an employee of the Bidder, the Bidder certifies that it has the permission from that individual to propose his/her services in relation to the Work to be performed and to submit his/her résumé to Canada. The Bidder must, upon request from the Contracting Authority, provide a written confirmation, signed by the individual, of the permission given to the Bidder and of his/her availability.

5.2.2.2 Education and Experience

The Bidder certifies that all the information provided in the résumés and supporting material submitted with its bid, particularly the information pertaining to education, achievements, experience and work history, has been verified by the Bidder to be true and accurate. Furthermore, the Bidder warrants that

Closing Date and Time: Monday, October 05, 2020 2:00 PM MDT

every individual proposed by the Bidder for the requirement is capable of performing the Work described in the resulting contract.

PART 6 - SECURITY, FINANCIAL AND OTHER REQUIREMENTS

6.1 Security Requirements

- 1. Before award of a contract, the following conditions must be met:
 - the Bidder must hold a valid organization security clearance as indicated in Part 7 -Resulting Contract Clauses;
 - the Bidder's proposed individuals requiring access to classified or protected information, assets or sensitive work sites must meet the security requirements as indicated in Part 7
 Resulting Contract Clauses;
 - (c) the Bidder must provide the name of all individuals who will require access to classified or protected information, assets or sensitive work sites;
- Bidders are reminded to obtain the required security clearance promptly. Any delay in the award
 of a contract to allow the successful Bidder to obtain the required clearance will be at the entire
 discretion of the Contracting Authority.
- 3. For additional information on security requirements, Bidders should refer to the <u>Contract Security Program</u> of Public Works and Government Services Canada (http://www.tpsgc-pwgsc.gc.ca/esc-src/introduction-eng.html) website.

PART 7 - RESULTING CONTRACT CLAUSES

The following clauses and conditions apply to and form part of any contract resulting from the bid solicitation.

7.1 Statement of Work

The Contractor must perform the Work in accordance with the Statement of Work at Annex "A"

7.2 Standard Clauses and Conditions

All clauses and conditions identified in the Contract by number, date and title are set out in the Standard Acquisition Clauses and Conditions Manual (https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) issued by Public Works and Government Services Canada.

7.2.1 General Conditions

<u>2040 (2020-05-28), General Conditions – Research and Development, apply to and form part of the Contract.</u>

Solicitation No. 84084-20-0092 Closing Date and Time: Monday, October 05, 2020 Risk Ranking of Contaminated Sites

7.3 **Security Requirements**

The following security requirements and SRCL apply and form part of the Contract

The Contractor must ensure that its personnel are made aware of and comply with all security clauses. Security Clauses must be satisfied before work can begin.

Subcontracts which contain security requirements are not to be awarded without the prior written permission of the Canada Energy Regulator.

The Contractor must immediately bring forward any departure from the contract's security clauses to the CER Project Authority.

The Contractor must comply with the provisions of the:

- 1. Security Requirements Check List and security guide (if applicable), attached at Annex C
- 2. Industrial Security Manual (Latest Edition)

The Contractor/Offeror personnel requiring access to Protected information, assets or sensitive work site(s) must **EACH** hold a valid **Reliability Status**, granted or approved or held by CSP/PSPC or the Canada Energy Regulator.

All non-screened Contactors must be issued a visitor's pass and be escorted, when in CER space.

Contractor working full-time at CER premises must hold at least a Reliability Status, and will be issued an ID badge which indicates "Contactor".

The Contractor must identify their offsite work site(s). The contractor must not remove CER assets from the identified work site(s). Contractor requires written permission from the CER Project Authority, prior to changing the work location. The Contractor's premises must be located in Canada. The Contractor is not permitted to create physical copies of Protected CER information on their site(s).

The Contractor must not utilize its Information Technology systems to electronically process, produce or store Protected CER information.

Processing of Protected CER information must be done with approved CER IT equipment and networks. Contractor must adhere to the policies established by CER device and network administrators.

7.4 **Term of Contract**

7.4.1 **Period of the Contract**

The period of the Contract is from date of Contract award to March 31, 2021.

7.4.2 Option to Extend the Contract

The Contractor grants to Canada the irrevocable option to extend the term of the Contract. The Contractor agrees that, during the extended period of the Contract, it will be paid in accordance with the applicable provisions as set out in the Basis of Payment.

Canada may exercise this option at any time by sending a written notice to the Contractor at least 15 calendar days before the expiry date of the Contract. The option may only be exercised by the Contracting Authority, and will be evidenced for administrative purposes only, through a contract amendment.

2:00 PM MDT

Closing Date and Time: Monday, October 05, 2020 2:00 PM MDT

7.5 Authorities

7.5.1 Contracting Authority

The Contracting Authority for the Contract is:

Nafissa Diop Procurement Technical Analyst Canadian Energy Regulator Suite 210, 517 Tenth Avenue SW Calgary, AB, Canada, T2R 0A8

Telephone: 403-390-3773 Facsimile: 403-292-5503

E-mail address: nafissa.diop@cer-rec.gc.ca

The Contracting Authority is responsible for the management of the Contract and any changes to the Contract must be authorized in writing by the Contracting Authority. The Contractor must not perform work in excess of or outside the scope of the Contract based on verbal or written requests or instructions from anybody other than the Contracting Authority.

7.5.2 Project Authority

The Project Authority for the Contract is: (TBD)

The Project Authority is the representative of the department or agency for whom the Work is being carried out under the Contract and is responsible for all matters concerning the technical content of the Work under the Contract. Technical matters may be discussed with the Project Authority; however, the Project Authority has no authority to authorize changes to the scope of the Work. Changes to the scope of the Work can only be made through a contract amendment issued by the Contracting Authority.

7.5.3 Contractor's Representative

(To be provided	by bidder)
Name:	
Title:	_
Organization:	
Address:	
Telephone:	<u></u> -
Facsimile:	
E-mail address:	

7.6 Proactive Disclosure of Contracts with Former Public Servants

By providing information on its status, with respect to being a former public servant in receipt of a Public Service Superannuation Act (PSSA) pension, the Contractor has agreed that this information will be reported on departmental websites as part of the published proactive disclosure reports, in accordance with Contracting Policy Notice: 2012-2 of the Treasury Board Secretariat of Canada.

Closing Date and Time: Monday, October 05, 2020 2:00 PM MDT

7.7 Payment

7.7.1 Basis of Payment

In consideration of the Contractor satisfactorily completing all of its obligations under the Contract, the Contractor will be paid a firm price of \$ _____ (insert amount at contract award). Customs duties are included, and Applicable Taxes are extra.

6.7.2 Limitation of price

Canada will not pay the Contractor for any design changes, modifications or interpretations of the Work unless they have been approved, in writing, by the Contracting Authority before their incorporation into the Work.

7.7.3 Electronic Payment of Invoices - Contract

The Contractor accepts to be paid using any of the following Electronic Payment Instrument(s):

- a. Visa Acquisition Card;
- b. MasterCard Acquisition Card;
- c. Direct Deposit (Domestic and International);
- d. Electronic Data Interchange (EDI);
- e. Wire Transfer (International Only);
- f. Large Value Transfer System (LVTS) (Over \$25M)

7.7.4 Method of Payment - Monthly Payment

Canada will pay the Contractor on a monthly basis for work performed during the month covered by the invoice in accordance with the payment provisions of the Contract if:

- a. an accurate and complete invoice and any other documents required by the Contract have been submitted in accordance with the invoicing instructions provided in the Contract;
- b. all such documents have been verified by Canada;
- c. the Work performed has been accepted by Canada

7.7.5 Discretionary Audit

- 1. The following are subject to government audit before or after payment is made:
 - a. The amount claimed under the Contract, as computed in accordance with the Basis of Payment, including time charged.
 - b. The accuracy of the Contractor's time recording system.
 - c. The estimated amount of profit in any firm-priced element, firm time rate, firm overhead rate, or firm salary multiplier, for which the Contractor has provided the appropriate certification. The purpose of the audit is to determine whether the actual profit earned on a single contract if only one exists, or the aggregate of actual profit earned by the Contractor on a series of negotiated contracts containing one or more of the prices, time

Closing Date and Time: Monday, October 05, 2020 2:00 PM MDT

rates or multipliers mentioned above, during a particular period selected, is reasonable and justifiable based on the estimated amount of profit included in earlier price or rate certification(s).

- d. Any firm-priced element, firm time rate, firm overhead rate, or firm salary multiplier for which the Contractor has provided a "most favoured customer" certification. The purpose of such audit is to determine whether the Contractor has charged anyone else, including the Contractor's most favoured customer, lower prices, rates or multipliers, for like quality and quantity of goods or services.
- 2. Any payments made pending completion of the audit must be regarded as interim payments only and must be adjusted to the extent necessary to reflect the results of the said audit. If there has been any overpayment, the Contractor must repay Canada the amount found to be in excess.

7.8 Invoicing Instructions

The Contractor is required to provide the project authority with an invoice identifying the following information:

- Task completed;
- Description of deliverables,
- · Payment schedule,
- Percentage remaining as per payment schedule.

The Contractor must submit invoices in accordance with the section entitled "Invoice Submission" of the general conditions. Invoices cannot be submitted until all work identified in the invoice is completed.

Invoices must be distributed as follows:

The original copy must be forwarded to the project authority by email and one copy to the contracting authority for certification and payment.

7.9 Certifications and Additional Information

6.9.1 Compliance

Unless specified otherwise, the continuous compliance with the certifications provided by the Contractor in its bid or precedent to contract award, and the ongoing cooperation in providing additional information are conditions of the Contract and failure to comply will constitute the Contractor in default. Certifications are subject to verification by Canada during the entire period of the Contract.

7.10 Applicable Laws

The Contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Alberta.

7.11 Priority of Documents

If there is a discrepancy between the wording of any documents that appear on the list, the wording of the document that first appears on the list has priority over the wording of any document that subsequently appears on the list.

- (a) the Articles of Agreement;
- (b) the general conditions <u>2040 (2020-05-28)</u>, <u>General Conditions Research and Development</u>;
- (c) Annex A, Statement of Work;
- (d) Annex B, Basis of Payment;
- (e) Annex C, Security Requirements Checklist;
- (f) Annex D, Conflict of Interest;
- (g) the Contractor's bid dated _____, (insert date of bid)

7.12 Government Site Regulations

The Contractor must comply with all regulations, instructions and directives in force on the site where the Work is performed.

7.13 Insurance - No Specific Requirement

The Contractor is responsible for deciding if insurance coverage is necessary to fulfill its obligation under the Contract and to ensure compliance with any applicable law. Any insurance acquired or maintained by the Contractor is at its own expense and for its own benefit and protection. It does not release the Contractor from or reduce its liability under the Contract.

7.14 Dispute Resolution

- (a) The parties agree to maintain open and honest communication about the Work throughout and after the performance of the contract.
- (b) The parties agree to consult and co-operate with each other in the furtherance of the contract and promptly notify the other party or parties and attempt to resolve problems or differences that may arise.
- (c) If the parties cannot resolve a dispute through consultation and cooperation, the parties agree to consult a neutral third party offering alternative dispute resolution services to attempt to address the dispute.
- (d) Options of alternative dispute resolution services can be found on Canada's Buy and Sell website under the heading "Dispute Resolution".

ANNEX "A"

STATEMENT OF WORK

Title: Risk Ranking of Contaminated Sites

Background

The Canada Energy Regulator (CER) works to keep energy moving safely throughout the country's pipelines and power lines, while enforcing strict safety and environmental standards. The CER regulates inter- provincial and international pipelines, international power lines, offshore renewables, the export and import of energy, and tolls and tariffs, as well as oil and gas activities on frontier lands.

The National Energy Board was established in 1959 by the National Energy Board Act. Effective 28 August 2019, the *Canadian Energy Regulator Act* came into force, and the National Energy Board became the Canada Energy Regulator.

The CER's purpose is to promote safety, security, environmental protection, and efficient energy infrastructure and markets with respect to relevant aspects of the Canadian energy industry. The CER takes a lifecycle approach to the management of environmental issues throughout all phases of a regulated facility including the planning and application phase, the application assessment and public hearing phase, the construction and post-construction phase, the operations and maintenance phase, and the abandonment phase.

The companies that own the facilities that the CER regulates have a responsibility for ensuring their pipelines and power lines are planned, built, operated and abandoned in a manner that protects the environment. This includes the remediation and management of environmental contamination that may result from company activities.

Companies report environmental contamination to the CER under the CER Remediation Process through a submission of a Notice of Contamination. Companies are required to report follow-up activities through a Remedial Action Plan, Risk Management Plan, annual updates and a Closure Report that detail satisfactory management of contamination.

1. Objective

The CER requires expert guidance on developing a risk ranking methodology, and accompanying tool, for contaminated sites that are reported to the CER. This site specific risk ranking methodology will lead to a more informed risk based approach to regulation of contaminated sites management and performance measures.

2. Scope of Work

This contract will lead to the development of a risk ranking methodology, and accompanying tool, for contaminated sites reported to the CER. This methodology will be unique to the CER based upon the specific responsibilities carried out by the CER and information that is collected from companies throughout the Remediation Process. The tasks involved will include, but not be limited to:

- Review the information currently collected by the CER on contaminated sites within the Notice of Contamination and CCME classification worksheets.
- Interview staff who work on contaminated sites files to gain an understanding of the type and complexity of contaminated sites reported to the CER.

Closing Date and Time: Monday, October 05, 2020 2:00 PM MDT

- Interview staff who work on compliance program planning to incorporate the current approach to
 risk modeling in the development of a risk ranking methodology, or ensure that the methodology
 for risk ranking is useful for compliance planning purposes.
- Develop a risk ranking methodology for contaminated sites that is appropriate for the CER.
- Develop an easy-to-use tool based on the risk ranking methodology.
- Develop a flowchart or decision tree that communicates the methodology for risk ranking in a clear and concise manner.
- Using the tool developed for ranking contaminated sites, assess the information reported to the CER to determine the risk level of all contaminated sites reported to the CER, to date (approximately 500 sites).

The contractor will need to work closely with staff on the Research and Innovation team, as well as the Environmental Protection team for the duration of the contract.

3. Meetings

The contractor will meet daily with the Project Authority until the scope of work is fully understood and the work plan is approved. The contractor will meet weekly with the Project Authority, and other staff, to provide updates and discussion after the path forward for the project is established. Meetings with other staff will be on an as needed basis.

These meetings may be carried out virtually through Microsoft Teams. Dependent upon the situation with COVID-19, the contractor may be required to meet monthly in person with staff at the CER headquarters in Calgary.

4. Deliverables

The deliverables will include:

- A kick off meeting, work plan and updated schedule.
- A weekly slide deck that discusses the work done in the past week and the work to be done in the
 following week. These slides will be discussed at the weekly meeting with the Project Authority
 and other invited staff.
- A draft risk ranking methodology and tool that will be reviewed by staff at the CER.
- A final risk ranking methodology and tool that incorporates the feedback from staff and has been accepted by the Project Authority.
- The application of the tool to the contaminated sites reported to the CER to assign a risk ranking to all contaminated sites in the CER database.
- Recommendations for the amount and type of information collected by the CER in the Notice of Contamination to improve upon the risk ranking methodology.

Solicitation No. 84084-20-0092	Closing Date and Time: Monday, October 05, 2020
Risk Ranking of Contaminated Sites	2:00 PM MDT

5. Timelines

These timelines may be adjusted based upon the starting date of the contract.

Date	Responsibilities
1 November 2020 – 30 November 2020	Initiate work, kick-off, daily or weekly meeting with Project Authority, final work plan and project schedule, review CER information on contaminated sites
1 December 2020 – 1 January 2021	Weekly meetings with project authority and other staff, draft risk ranking methodology in discussion with CER staff by 1 January.
1 January – 1 February 2021	 Present draft risk ranking methodology, tool and flowchart to staff Staff review methodology, tool and flowchart and provide feedback.
1 February - 15 February 2021	Incorporate revisions to risk ranking methodology and tool based upon review by CER staff and potential review by other regulators.
15 February 2021 – 28 February 2021	 Present final risk ranking methodology to CER staff in verbal and written form. Obtain approval from Project Authority that the methodology and tool is complete and acceptable. Provide training to staff on using the methodology and using the tool
1 November – 15 March 2021	Review contaminated sites information to assign a risk ranking to all sites in the CER database.
15 March 2021	Provide written recommendations on improvements in data collection that could assist in a better ranking in the future.
22 March 2021	Wrap-up meeting with Project Authority

6. CER Furnished Support and Equipment to assist the Contractor

The CER will supply the contractor with a laptop that enables access to the required CER information to perform the duties of the contract.

7. Special Considerations

The contractor must pass the level of security clearance required to complete the deliverables. The contractor must have a high quality internet connection and be able to interact virtually, as needed.

The contractor must have the ability to work with flexibility to understand and meet the needs of the CER in developing a risk ranking methodology and tool.

Closing Date and Time: Monday, October 05, 2020 2:00 PM MDT

ANNEX "B"

BASIS OF PAYMENT

In consideration of the Contractor satisfactorily completing all of its obligations under the Statement of Work, the Contractor will be paid a firm price as specified in this table below. Customs duties are included and Applicable Taxes are extra.

Payment Schedule	Description or "Deliverables"	Firm Amount
Payment 1 50% of total value	Supplier has presented draft risk ranking methodology, tool and flowchart to staff Staff review methodology, tool and flowchart and provide feedback.	
Payment 2 40% of total value	Supplier has finished reviewing contaminated sites information to assign a risk ranking to all sites in the CER database	
Payment 3 10% of total value	Supplier has provided written recommendations on improvements in data collection that could assist in a better ranking in the future. Successful completion of deliverables as required by Project Authority	
Total (GST excluded)		

Closing Date and Time: Monday, October 05, 2020

ANNEX "D"

CONFLICT OF INTEREST

The Contractor must declare any real, potential or perceived conflict of interest to the Project Authority prior to accepting a contract for the provision of the services described herein.

The Contractor agrees that it is a term of the Contract that no person who is not in compliance with the provisions of the Conflict of Interest and Post-Employment Code for Public Office Holders or the Values and Ethics Code for the Public Service (20030) shall derive any direct benefit from this Contract.

The contractor agrees to maintain financial independence from CER regulated companies for the duration of the contract and agrees to:

- Maintain confidentiality in all work conducted for the CER;
- Maintain the independence of its staff working on CER projects from its staff who may be working for CER regulated companies on other projects;
- Not represent or work for parties or participants involved in any CER proceeding (including the applicant or interveners) if it has been contracted by the CER to provide services on said proceeding.

The Contractor warrants that, to the best of its knowledge after making diligent inquiry, no conflict exists or is likely to arise in the performance of the Contract. In the event the Contractor becomes aware of any matter that causes or is likely to cause a conflict in relation to the Contractor's performance under the Contract, the Contractor must immediately disclose such matter to the Contracting Authority in writing.

If the Contracting Authority is of the opinion that a conflict exists as a result of the Contractor's disclosure or as a result of any other information brought to the Contracting Authority's attention, the Contracting Authority may require the Contractor to take steps to resolve or otherwise deal with the conflict or, at its entire discretion, terminate the Contract for default. Conflict means any matter, circumstance, interest, or activity affecting the Contractor, its personnel or subcontractors, which may or may appear to impair the ability of the Contractor to perform the Work diligently and independently.

ANNEX "E"

TO PART 3 OF THE BID SOLICITATION ELECTRONIC PAYMENT INSTRUMENTS

As indicated in Part 3, clause 3.1.2, the Bidder must complete the information requested below, to identify which electronic payment instruments are accepted for the payment of invoices.

The Bidder accepts to be paid by any of the following Electronic Payment Instrument(s):

() VISA Acquisition Cara;
() MasterCard Acquisition Card;
() Direct Deposit (Domestic and International);
() Electronic Data Interchange (EDI);
() Wire Transfer (International Only);
() Large Value Transfer System (LVTS) (Over \$25M)

Closing Date and Time: Monday, October 05, 2020 2:00 PM MDT

ANNEX "F"

TO PART 4 OF THE BID SOLICITATION - EVALUATION PROCEDURES AND BASIS OF SELECTION

Evaluation Procedures

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids.

1Technical Evaluation

In their technical bid, Bidders should demonstrate their understanding of the requirements contained in the bid solicitation and explain how they will meet these requirements. Bidders should demonstrate their capability and describe their approach in a thorough, concise and clear manner for carrying out the work.

The technical bid should address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the bid will be evaluated. Simply repeating the statement contained in the bid solicitation is not sufficient. In order to facilitate the evaluation of the bid, Canada requests that Bidders address and present topics in the order of the evaluation criteria under the same headings. To avoid duplication, Bidders may refer to different sections of their bids by identifying the specific paragraph and page number where the subject topic has already been addressed.

Proposals will be assessed using the following evaluation criteria. Bidders should provide a detailed response to each criterion. The CER reserves the right to verify any and all information provided by the bidder in the proposal

1.1 Mandatory Technical Criteria

The Mandatory Requirements listed below will be evaluated on a simple met/not met (i.e. compliant/non-compliant) basis. Each Mandatory Requirement must be addressed separately. Proposals which fail to meet the Mandatory Requirements will be deemed non-responsive and given no further consideration.

Proposals MUST demonstrate compliance with all of the following Mandatory Requirements and MUST provide the necessary documentation to support compliance.

All bidders must meet the following requirements:

Requ	irement	Met (Y) / not met (N)
M1	Past experience, technical expertise and knowledge of bidder and proposed project team	
	 The bidder must be knowledgeable on risk ranking methodologies for contaminated sites used by other federal and provincial departments. The bidder must provide one example of project, no more than one page that describes similar work completed in the past for other government authorities or organizations. 	

Solicitation No. 84084-20-0092	Closing Date and Time: Monday, October 05, 2020
Risk Ranking of Contaminated Sites	2:00 PM MDT
The bidder must include client reference persons for each project. The project that the bidder is familiar with risk	posal must make evident

• The bidder must include client references and contact persons for each project. The proposal must make evident that the bidder is familiar with risk ranking methodologies used in other government departments and will use this familiarity to build a methodology and tool that is useful for the CER. The example should specify which project team members were involved as key personnel in these projects

1.2 Point Rated Technical Criteria

The criteria contained herein will be used to evaluate each proposal that has met all of the mandatory requirements. Bidders are advised to address these requirements in the following order and in sufficient depth in their proposals to enable a thorough assessment. The assessment will be based solely on the information contained within the proposal.

Bidder MUST obtain the required minimum of 70 points overall for the technical point rated criteria. Bidders not meeting the minimum required points will be deemed non-responsive and given no further consideration.

Bidders will be awarded points based on the following:

	Requirement	Points Available
R1	Demonstration of understanding of scope of work The bidder should demonstrate a complete understanding of the project's scope and objectives, including the regulatory environment in which the CER carries out its environmental mandate, and the importance of good communication with the CER when working virtually. The bidder should anticipate possible difficulties in completing the project and how these difficulties will be mitigated.	/25
R2	Methodology The bidder should describe the steps that will be applied to the review of current CER information and how the review will lead to the development of a methodology that will be effective for risk ranking contaminated sites at the CER. The bidder should provide examples of the type of tools that could be provided to the CER that are useful and cost-effective and compare the methodology and tools to those used by the provinces.	/40
R3	Ability to meet deadline The bidder should demonstrate that all deliverables can be completed on a timely basis.	/15

Closing Date and Time: Monday, October 05, 2020 2:00 PM MDT

R4	Demonstration of Technical Capability	/20
	In addition to M1, The bidder should describe previous work that demonstrates the project team has the necessary skills to develop a useful risk ranking methodology for contaminated sites, and accompanying tool, for the CER. The bidder should provide a second and or third example, no more than one page each, that describe similar work completed in the past for other government authorities or organizations. The bidder must include client references and contact persons for each project. The proposal must make evident that the bidder is familiar with risk ranking methodologies used in other government departments and will use this familiarity to build a methodology and tool that is useful for the CER. The examples should specify which project team members were involved as key personnel in these projects.	
	Minimum number of point required to be declared responsive: 70	
	Points obtained:	
	Maximum number of points available:	/100

2 Financial Evaluation

Bidder must fill out prices table as per ANNEX B BASIS OF PAYMENT

Basis of Selection: Basis of Selection - Highest Combined Rating Technical Merit (70%) and Price (30%)

(See section 4.2 of RFP)

THE OVERALL SCORE = TECHNICAL SCORE + FINANCIAL SCORE

Closing Date and Time: Monday, October 05, 2020 2:00 PM MDT

Generic Evaluation Table

Generic Evalu					
	INADEQUATE	WEAK	ADEQUATE	FULLY SATISFACTORY	STRONG
0 point	20% of available points	40% of available points	60% of available points	80% of available points	100% of available points
Did not submit information which could be evaluated	Team proposed is not likely able to meet requirements	Team does not cover all components or overall experience is weak	Team covers most components and will likely meet requirements	Team covers all components. Some members have worked successfully together	Strong team has worked successfully together on comparable projects.
	Sample Projects not related to this requirement	Sample Projects generally not related to this requirement	Sample Projects generally related to this requirement	Sample Projects directly related to this requirement	Leads in sample projects directly related to this requirement.
	Weaknesses cannot be corrected	Generally doubtful that weaknesses can be corrected	Weaknesses can be corrected	No significant weaknesses	No apparent weaknesses
	Proponent do not possess qualifications and experience	Proponent lacks qualifications and experience	Proponent has an acceptable level of qualifications and experience	Proponent is qualified and experienced	Proponent is highly qualified and experienced
	Lacks complete or almost complete understanding of the requirements	Has some understanding of the requirements but lacks adequate understanding in some areas of the requirements	Demonstrate a good understanding of the requirements	Demonstrate a very good understanding of the requirements	Demonstrate an excellent understandin g of the requirements
	Extremely poor, insufficient to meet performance requirements	Little capability to meet performance requirements	Acceptable capability should ensure adequate results	Satisfactory capability should ensure effective results	Superior capability should ensure very effective results
