**Question 1:** Amendment to question 5 of Q&A # 1

Can you clarify the answer to Question 5? The specific RFP vinyl options have very distinct features compared to standard options related to high traffic and cleanability. What is considered a “similar” vinyl, and how will a determination be made to prove the equal nature of the alternative?

**Answer:**

In fact, the specific vinyl specified in the RFP is the one that is required.

**Question 2:**

Is assembly required? It's not mentioned on the RFB as far as I can see.

**Answer:**

No, assembly is not required.
