Attached is original of Kyuquot Band Council Resolution No. 106
dated November 18, 1975.

It is my understanding that the proposed school was to be a jointly
financed building between the Provincial and Federal Government.
Also, that you had been present at meeting in regard to the construc-
tion, financing and future operation. I am, therefore, forwarding the
resolution for your consideration and reply.

Would you please let us have copies of correspondence or agreements
that may develop.
