This amendment is raised to answer the following questions from industry and amend solicitation W0127-200157/A as follows:

Question 1:

With reference to ANNEX "D"

RCMP G1-001 - Security Equipment Guide is restricted to Government of Canada departments and agencies. The link is not accessible and it is not clear for us which products are approved. Would you please publish the pdf version of the approved products list?

Response 1:

Yes, PDF of the RCMP G1-001 – Security Equipment Guide to follow.

Question 2:

Would you please clarify if NSA approved products are acceptable?

Response 2:

The bidder must adhere to all of the mandatory criteria included in the solicitation document. The Department of National Defence will accept equivalent products that are approved by the NSA/CSS for meeting the sanitation requirements identified in Annex "A". Supporting documentation will need to be provided by bidders to support a claim that a product is approved by the NSA/CSS. All NSA/CSS approved products are subject to review by Edmonton Base ISSO or the 3rd Canadian Division ISSO. Amendment to follow.

Question 3:

With reference to Annex A, Item 7 approval.

Please clarify what is meant by "This criteria is subject to review and approval by the Edmonton Base ISSO or the 3rd Canadian Division ISSO."

Response 3:

Edmonton Base ISSO and/or the 3rd Canadian Division ISSO will be participating as evaluators during the technical evaluation.

The solicitation is amended as follows:
