

**CANADA LANDS COMPANY**  
**SOCIÉTÉ IMMOBILIÈRE DU CANADA**

**RFQ No. CNT-2020Q06**

**Outdoor Observation Level 2 Renovation Design Build Project**

**Addendum 1.0 – Issued October 9, 2020**

This addendum summarizing questions and their responses.

**1. Can a builder partner with more than 1 proponent?**

If a builder appears on two (or more) competing applications, the Company will deem the situation as creating a potential conflict of interest/unfair advantage in the RFQ process and such submissions will not be permitted.

**2. The Scope of Work seems to include the equipment delivery, not the content and user experience design. Can you advise if there will be a subsequent RFP for content creation and what the timeline might be?**

The Scope of Work is limited to hardware components delivery and installation for videowalls and does not include content creation. Content creation will be addressed in another procurement process at some future date.
