Question 5

Can you please explain why some solicitations like No : 2BH070577/975/A show up in some P2P accounts and not others? Do vendors need to subscribe to receiving these bids automatically within P2P?

Answer 5

For all public RFx posted on Buy and Sell and P2P, a vendor does not automatically get invited to bid in P2P nor does the RFx automatically get added to their "My Solicitations" section. The Vendor must access and add themselves to the solicitation if they are interested or intend to bid. As a result, if the solicitation is displayed in a vendor's P2P account, it is because they have accessed the public RFx in P2P while being logged into their P2P account.

To view/access a public RFx in P2P:
1. Log on to the P2P Portal.
2. Click on the "Public RFx" tab located on the menu bar, and click "View public RFx".
3. Locate the Public RFx you would like to be added to, and click on the pencil icon located to the right to access the Public RFx.

For more instructions, please refer to the Procure-to-Pay Supplier Guide found on the P2P Training section or as linked below:

https://sscp2pspc.ssc-spc.gc.ca/aideP2Phelp/en/Suppliers/External/Supplier%20Guide.pdf

If a vendor is not registered in P2P, they can view the public RFx in P2P by clicking on the following link. The vendor can then register for a P2P account if they would like to submit a bid.
