This amendment NO 008 includes answers to questions raised by potential bidders and an amendment.

Question 102:

Regarding CR.1 – Please clarify if Bidders can use the same contract/project from CM.1 to substantiate CR.1 as long as it meets the requirements stated in CR.1?

Answer 102:

Bidders can use any combination of the same contract (s)/project(s) from CM.1 to substantiate CR.1 as long as it meets the requirements stated in CR.1 with the first million of its value per field of activity only counting towards the mandatory requirement CM1 (\$1 million per demonstrated field of activity). No points will be allocated to those first three millions.

Question 103:

The Crown has stated that the scoring for CR.1 is based on 20 points per field, not 20 points per contract. Based on the context of Question 39 in AMD 004, the amendment to accept one \$3M contract was not to correct an uncertainty related to a Bidders ability to demonstrate each field, rather it was to allow Bidders to substantiate CR.1 with the same contract from CM.1. The Crown also did not include any wording in the second scoring option to state “in addition to the contract(s) in CM1” which also lead Bidders to understand that the same contract could be used to substantiate both CM.1 and CR.1.

Answer 103:

As stated above, the Bidder can use any combination of the same contract/project from CM.1 to substantiate CR.1. The scoring has been revised to reflect the conditions that need to be demonstrated in order to achieve full score. See amendment below.

Question 104:

The Crown’s response to our questions regarding point rated criteria CR1 are critical to the development of a compliant bid. As such, we respectfully request that the Crown provides an extension for the same amount of time it takes to review and answer our questions – that is, should the Crown need 4 days to respond to the questions, they would extend the bid closing date by 4 days.

Answer 104:

Canada has reviewed the request; however, no further extension will be granted.

AMENDMENT:

AT ATTACHMENT 4.2 – CORPORATE POINT RATED CRITERIA

DELETE:

CR1 in its entirety.
