PART 1 GENERAL INFORMATION

1. Introduction

The bid solicitation is divided into seven parts plus attachments and annexes, as follows:

- Part 1 General Information: provides a general description of the requirement;
- Part 2 Bidder Instructions: provides the instructions, clauses and conditions applicable to the bid solicitation;
- Part 3 Bid Preparation Instructions: provides bidders with instructions on how to prepare their bid;
- Part 4 Evaluation Procedures and Basis of Selection: indicates how the evaluation will be conducted, the evaluation criteria that must be addressed in the bid, if applicable, and the basis of selection;
- Part 5 Certifications: includes the certifications to be provided;
- Part 6 Security, Financial and Other Requirements: includes specific requirements that must be addressed by bidders; and
- Part 7 Resulting Contract Clauses: includes the clauses and conditions that will apply to any resulting contract.

The Annexes include:

- ANNEX A STATEMENT OF WORK
- ANNEX B BASIS OF PAYMENT
- ANNEX C EVALUATION CRITERIA & METHOD OF SELECTION
- ANNEX D LIST OF DELIVERY LOCATIONS
- ANNEX E INTEGRITY FORM
- ANNEX F OEM CERTIFICATION FORM
- ANNEX G BIDDER FORMS
- ANNEX H COMPATIBILITY TESTING
- ANNEX I SUBSTANTIATION OF TECHNICAL COMPLIANCE FORM
- ANNEX J SUPPLY CHAIN INTEGRITY PROCESS (SCI) PROCESS
- ANNEX K SECURITY REQUIREMENTS CHECK LIST (SRCL)

2. Summary

Department of National Defence, has a requirement for one (1) plotter. This Contract is for the supply, delivery, and installation of the equipment, as well as the necessary training, in French and English, to allow users to access all of the required features of the equipment.

A total of one (1) initial device is required, which must meet the mandatory technical specifications detailed in Annex A.

3. Pre-Bid Compliance Process (PCCP)

The current solicitation uses the Pre-Bid Compliance Check Process (PCCP). Details are provided in Part 2.

4. Debriefings

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days of receipt of the results of the bid solicitation process. The debriefing may be provided in writing, by telephone or in person.

5. Trade Agreements

The requirement is subject to the provisions of the Canadian Free Trade Agreement (CFTA).

PART 2 BIDDER INSTRUCTIONS

1. Standard Instructions, Clauses and Conditions

- (a) All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the Standard Acquisition Clauses and Conditions Manual (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.
- (b) Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.
- (c) The 2003 (2018-05-22) Standard Instructions - Goods or Services - Competitive Requirements are incorporated by reference into and form part of the bid solicitation. If there is a conflict between the provisions of 2003 and this document, this document prevails. All references to PWGSC contained within the Standard Instructions will be interpreted as a reference to SSC, except for section 5(2)(d).
- (d) Section 3 of the Standard Instructions – Goods and Services – Competitive Requirements 2003 is amended as follows: delete “Pursuant to the *Department of Public Works and Government Services Act*, S.C. 1996, c.16”
- (e) Subsection 5(4) of 2003, Standard Instructions - Goods or Services - Competitive Requirements is amended as follows:
 - i) Delete: sixty (60) days
 - ii) Insert: one hundred and twenty (120) days

2. Submission of Bids

- (a) Bids must be submitted only to Shared Services Canada, Procurement Officer, Jesse Squirrell by e-mail only to jesse.squirrell@canada.ca and ssc.wtdprintingproducts-produitsimpressionatmt.spc@canada.ca by the date and time indicated on the cover page of the bid solicitation. For an offer to be considered, this RFP must be completed and submitted in its entirety. All queries concerning the RFP, whether before or after closing date, must be in writing by e-mail and addressed to Jesse Squirrell at jesse.squirrell@canada.ca and ssc.wtdprintingproducts-produitsimpressionatmt.spc@canada.ca.
- (b) Suppliers may submit their bid in multiple emails, but all emails must arrive before the solicitation closing date and time to be evaluated as part of the bid. The maximum email size that can be received by SSC is 10 MB. Suppliers should ensure that they submit their bid in multiple emails if their attachments will cause the email to exceed that size.
- (c) The time at which the bid is received by SSC will be determined by the “Sent Time” indicated in the email received by SSC at the Email Address for RFP Submission.
- (d) During the two hours leading up to the closing date and time, an SSC representative will monitor the Email Address for RFP Submission and will be available by telephone at the Contracting Authority's telephone number). If the Supplier is experiencing difficulties transmitting the email, the Supplier should contact SSC immediately.
- (e) Canada will not be responsible for any technical problems experienced by the Supplier in submitting its bid, unless Canada's systems are responsible for a delay in delivering the email to the SSC Email Address for RFP Submission.
- (f) In the case of emergency, SSC has the discretion to accept a hand delivered (in person by a representative of the Supplier or by courier) of a hard copy submission that includes the entire bid. However, the hand delivered bid must be received by the closing date and time. As indicated above, an SSC representative will be available at the Contracting Authority's telephone number during the two hours before the solicitation closing date and time to receive bids submitted in this way. The only circumstances in which SSC will accept a delayed hand delivered bid is if the Supplier can show that the SSC representative was unavailable to receive the hand delivered bid, and attempts were made during the two hours before the solicitation closing date and time to make delivery.

- (g) Due to the nature of the bid solicitation, bids transmitted by facsimile to Shared Services Canada will not be accepted.

3. Enquiries - Bid Solicitation

- (a) All enquiries must be submitted in writing to the Contracting Authority no later than 5 calendar days before the bid closing date. Enquiries received after that time may not be answered.
- (b) Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a "proprietary" nature must be clearly marked "proprietary" at each relevant item. Items identified as proprietary will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that the Bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

4. Pre-Bid Compliance Process Instructions

- (a) **Bidders are invited to submit a Pre-Bid:** Canada invites bidders to submit the following:
- (i) [draft technical bids/draft responses to the mandatory technical requirements]
- This is referred to as a "Pre-Bid". The submission of a Pre-Bid by any bidder is **optional** and **is not a pre-condition** to submitting a bid on the closing date. Canada will not return Pre-Bids to bidders, but will treat Pre-Bids the same way it treats bids, in accordance with Section 1.8(j) of SSC's Standard Instructions.
- (b) **How to submit a Pre-Bid:** A bidder may submit a Pre-Bid:
- (i) by email to the Contracting Authority. When a Pre-Bid is received by email, the Contracting Authority will send an email acknowledgement back to the bidder. If the bidder does not receive an email acknowledgement, the bidder is encouraged to follow-up by telephone with the Contracting Authority.
- (c) **A Pre-Bid will only be reviewed if submitted by the Pre-Bid Deadline:** Canada will review only Pre-Bids submitted by no later than 2:00 p.m. **November 1, 2020** (the "Pre-Bid Deadline"). Canada will review only one Pre-Bid from each bidder (i.e. after receiving feedback, the bidder cannot submit a new version of its Pre-Bid for review).
- (d) **Canada will provide Feedback on Pre-Bids:** The Contracting Authority will provide confidential feedback to each bidder that has submitted a Pre-Bid by the Pre-Bid Deadline. Canada will normally provide that feedback by email and the bidder is deemed to have received Canada's feedback at the time it is sent by Canada. Canada is not responsible for any technical delays in the receipt by the bidder of its feedback.
- (e) **Nature of Canada's Feedback where No Deficiencies identified:** If Canada does not note any deficiencies during its review of a Pre-Bid, Canada will provide the relevant bidder with a "nil" response.
- (f) **Nature of Canada's Feedback where Deficiencies identified:** If Canada notes deficiencies during its review of a Pre-Bid, Canada will provide written feedback to the bidder indicating any mandatory requirements that Canada has noted:
- (i) have not been addressed at all;
- (ii) have not been sufficiently addressed; and
- (iii) are addressed in such a way that the Pre-Bid would be declared non-compliant if submitted on the closing date.

While Canada will note the reason the Pre-Bid is deficient, Canada will not indicate to the bidder how the deficiency can be corrected. For example, the feedback might consist of statements such as the following:

- The OEM certification appears to have been signed by a representative of the bidder rather than the OEM.
- The Pre-Bid did not demonstrate that the bidder has 3 years of experience on the Pre-Bid closing date.
- The Pre-Bid did not demonstrate that proposed equipment meets the specifications set out in Annex B.
- The Pre-Bid did not demonstrate that the bidder has an existing portal for placing service orders.

Once Canada has indicated that a specific mandatory requirement has not been met, Canada is not required to breakdown each way in which the bidder has failed to meet the mandatory requirement. Canada will also not respond to questions about the feedback. If Canada determines that a Pre-Bid is substantially deficient (i.e., there are more than **[5]** deficiencies identified), Canada reserves the right not to conduct a full review, in which case Canada will identify to the bidder only those deficiencies noted by Canada before it ceased its review. In addressing Canada's feedback, bidders should ensure that the elements of the bid remain consistent following any changes made.

- (g) **Timing for Providing Feedback:** The time it takes for Canada to provide the feedback will depend on the number of Pre-Bids received and their quality. Canada does not commit to provide its feedback within a specific amount of time. If Canada has not provided feedback with respect to the Pre-Bids **at least 5 FGWDs before the scheduled closing date**, the closing date will be extended so that the last bidder to receive its confidential feedback has 5 full FGWDs (the day of receipt of the feedback is not counted) to finalize its bid prior to the closing date. For example, Canada sends the feedback to the last bidder on Monday at 10 a.m. Assuming there are no holidays during this period, the bidder will have Tuesday, Wednesday, Thursday, Friday, and the following Monday to refine its bid. The closing date will be no earlier than the following Tuesday.
- (h) **Bidder Solely Responsible for Submitting Compliant Bid at Closing:** Even if Canada provides feedback regarding a Pre-Bid, the bidder is solely responsible for ensuring that its bid submitted on the closing date is accurate, consistent, complete and fully compliant. Canada does not guarantee that it will identify every deficiency during its review of the Pre-Bid. By submitting a Pre-Bid, the bidder is agreeing that Canada's review is only preliminary and that Canada will not be responsible in any way for failing to identify any omission, deficiency or non-compliance during its review of the Pre-Bid.

No Financial Information: Canada requests that bidders not include any financial information in their Pre-Bid

5. Applicable Laws

- (a) Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

A Bidder may, at its discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of its bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of its choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Bidder.

PART 3 BID PREPARATION INSTRUCTIONS

1. Bid Preparation Instructions

- (a) **Copies of Bid:** Canada requests that bidders provide their bid in separately bound sections as follows:

- i) Section I: Technical Bid (1 soft copy)
- ii) Section II: Financial Bid (1 soft copy)
- iii) Section III: Certifications (1 soft copy)

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.

- (b) **Format for Bid:** Canada requests that bidders follow the format instructions described below in the preparation of their bid:

- i) use a numbering system that corresponds to the bid solicitation;
- ii) include a title page at the front of each volume of the bid that includes the title, date, bid solicitation number, bidder's name and address and contact information of its representative; and
- iii) include a table of contents.

2. Joint Venture Experience:

Except where expressly provided otherwise, at least one member of a joint venture Bidder must meet any given mandatory requirement of this bid solicitation. Joint venture members cannot pool their abilities to satisfy any single mandatory requirement of this bid solicitation. Wherever substantiation of a mandatory requirement is required, the Bidder is requested to indicate which joint venture member satisfies the requirement. Any Bidder with questions regarding the way in which a joint venture bid will be evaluated should raise such questions through the Enquiries process as early as possible during the solicitation period.

Example: A bidder is a joint venture consisting of members X, Y and Z. If a solicitation requires: (a) that the bidder have 3 years of experience providing maintenance services, and (b) that the bidder have 2 years of experience integrating hardware with complex networks, then each of these two requirements can be met by a different member of the joint venture. However, for a single requirement, such as the requirement for 3 years of experience providing maintenance services, the bidder cannot indicate that each of members X, Y and Z has one year of experience, totaling 3 years. Such a response would be declared non-responsive.

Joint Venture Contractor

- (a) The Contractor confirms that the name of the joint venture is _____ and that it is comprised of the following members: [list all the joint venture members named in the Contractor's original bid].
- (b) With respect to the relationship among the members of the joint venture Contractor, each member agrees, represents and warrants (as applicable) that:
 - i) _____ has been appointed as the "representative member" of the joint venture Contractor and has fully authority to act as agent for each member regarding all matters relating to the Contract;
 - ii) by giving notice to the representative member, Canada will be considered to have given notice to all the members of the joint venture Contractor; and
 - iii) all payments made by Canada to the representative member will act as a release by all the members.
- (c) All the members agree that Canada may terminate the Contract in its discretion if there is a dispute among the members that, in Canada's opinion, affects the performance of the Work in any way.
- (d) All the members are jointly and severally or solidarily liable for the performance of the entire Contract.

- (e) The Contractor acknowledges that any change in the membership of the joint venture (i.e., a change in the number of members or the substitution of another legal entity for an existing member) constitutes an assignment and is subject to the assignment provisions of the General Conditions.
- (f) The Contractor acknowledges that all security and controlled goods requirements in the Contract, if any, apply to each member of the joint venture Contractor.

Note to Bidders: This Article will be deleted if the bidder awarded the contract is not a joint venture. If the contractor is a joint venture, this clause will be completed with information provided in its bid.

3. Section I: Technical Bid

In their technical bid, Bidders must demonstrate their understanding of the requirements contained in the bid solicitation and must explain how they will meet these requirements. Bidders must demonstrate their capability in a thorough, concise and clear manner for carrying out the work.

Full technical specifications and descriptive materials must be submitted with the bid. Failure to provide these materials with the bid will result in the bid being declared non-compliant.

In order to demonstrate compliance to the technical requirements, the Bidder's Technical Bid must include at a minimum the following:

- (a) a completed Annex I, indicating compliance to the specifications, supplying equipment details, and providing reference locations to supporting documentation and technical brochures included in the bid;
- (b) technical brochures and supporting documents should be cross-referenced with Annex A and pertinent information demonstrating compliance should be clearly marked;
- (c) Information to be filled in by the Bidder are left blank, please fill-in spaces accordingly;
- (d) The technical bid should address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the bid will be evaluated. Simply repeating the statement contained in the bid solicitation is not sufficient. In order to facilitate the evaluation of the bid, Canada requests that Bidders address and present topics in the order of the evaluation criteria under the same headings. To avoid duplication, Bidders may refer to different sections of their bids by identifying the specific paragraph and page number where the subject topic has already been addressed.

It is the Bidder's responsibility to provide a comprehensible and sufficiently detailed bid that will permit a complete evaluation in accordance with the criteria set out in the bid solicitation.

- (e) The technical bid consists of the following:
 - i) **Bid Submission Form:** Bidders are requested to include the Bid Submission Form with their bids. It provides a common form in which bidders can provide information required for evaluation and contract award, such as a contact name and the Bidder's Procurement Business Number, etc. Using the form to provide this information is not mandatory, but it is recommended. If Canada determines that the information required by the Bid Submission Form is incomplete or requires correction, Canada will provide the Bidder with an opportunity to do so.
 - ii) **Substantiation of Technical Compliance Form:** The technical bid must substantiate the compliance of the Bidder and its proposed products with the specific articles of Annex A (Statement of Work) identified in the Substantiation of Technical Compliance Form, which is the requested format for providing the substantiation. The Substantiation of Technical Compliance Form is not required to address any parts of this bid solicitation not referenced in the form. The substantiation must not simply be a repetition of the requirement(s), but must explain and demonstrate how the Bidder will meet the requirements and carry out the required Work. Simply stating that the Bidder or its proposed solution or product complies is not sufficient. Where Canada determines that the substantiation is not complete, the Bidder will be declared non-responsive and disqualified. The substantiation may refer to additional documentation submitted with the bid - this information can be referenced in the "Reference" column of the Substantiation of Technical Compliance Form, where bidders are requested to indicate where in the bid the reference material can be found, including the title of the document, and the page and

paragraph numbers; where the reference is not sufficiently precise, Canada may request that the Bidder direct Canada to the appropriate location in the documentation. For substantiation and reference to technical documents in Annex I, links to websites for information will not be accepted, please provide PDF or screenshot forms of the information.

4. Section II: Financial Bid

- (a) Pricing: Bidders must submit their financial bid in accordance with Annex B – Basis of Payment. The total amount of Applicable Taxes must be shown separately, if applicable.

A completed Annex B, Basis of Payment, table must be submitted.

- (b) Blank Prices: Bidders are requested to insert "\$0.00" for any item for which it will not charge or for items that are already included in other prices set out in the tables. If the Bidder leaves any price blank, Canada will treat the price as "\$0.00" for evaluation purposes and may request that the Bidder confirm that the price is, in fact, \$0.00. No bidder will be permitted to add or change a price as part of this confirmation. Any bidder who does not confirm that the price for a blank item is \$0.00 will be declared non-responsive.

5. Section III: Certifications

Bidders must submit the certifications required under Part 5.

PART 4 EVALUATION PROCEDURES AND BASIS OF SELECTION

1. Evaluation Procedures

- (a)** Bids will be assessed in accordance with the entire requirement of the bid solicitation including the evaluation criteria.
- (b)** An evaluation team composed of representatives of Canada will evaluate the bids.
- (c)** In addition to any other time periods established in the bid solicitation:
- (d)** Requests for Clarifications: If Canada seeks clarification or verification from the Bidder about its bid, the Bidder will have 2 working days (or a longer period if specified in writing by the Contracting Authority) to provide the necessary information to Canada. Failure to meet this deadline will result in the bid being declared non-responsive.

2. Technical Evaluation - Mandatory Technical

- (a)** Bids will be evaluated in accordance with the Technical Bid criteria detailed in Annex C. Any element of the bid solicitation identified with the words “must” or “mandatory” is a mandatory requirement. Bids that do not comply with each and every mandatory requirement will be declared non-responsive and be disqualified. Bids will be assessed to ensure compliance with all of the requirements of this solicitation as described at Annex A - Statement of Work.
- (b) Consideration of Additional Software Use Terms included in Top-Ranked Bid (following financial evaluation):**
 - i)** Acceptance of all the terms and conditions contained in Part 7 - Resulting Contract Clauses (including those relating to software licensing and those incorporated by reference) is a mandatory requirement of this bid solicitation.
 - ii)** However, Bidders may, as part of their bid, submit additional software use terms. Whether or not those software use terms will be included in any resulting contract (as an Annex in accordance with the Article entitled “Priority of Documents” in the Resulting Contract Clauses) will be determined using the process described below. Whether or not any proposed additional software use terms are acceptable to Canada is a matter solely within the discretion of Canada.
 - iii)** The process is as follows:
 - (A)** Bids may include additional software use terms that are proposed to supplement the terms of the Resulting Contract Clauses. Bidders should not submit a software publisher's full standard license terms (because full standard license terms generally contain provisions that deal with more than simply how the software can be used; for example, they frequently deal with issues such as limitation of liability or warranty, neither of which are software use terms);
 - (B)** In cases where the Bidder has submitted a software publisher's full standard license terms, Canada will require that the Bidder remove these terms and submit only the software use terms that the Bidder would like Canada to consider;
 - (C)** Canada will review the additional software use terms proposed by the top-ranked Bidder (identified after the financial evaluation) to determine if there are any provisions proposed by the Bidder that are unacceptable to Canada;
 - (D)** If Canada determines that any proposed software use term is unacceptable to Canada, Canada will notify the Bidder, in writing, and will provide the Bidder with an opportunity to remove that provision from its bid or to propose alternate language for consideration by Canada. Canada may set a time limit for the Bidder to respond; if the Bidder submits alternate language, if Canada does not find the alternate language acceptable, Canada is not required to allow the Bidder to submit further alternate language;
 - (E)** If the Bidder refuses to remove provisions unacceptable to Canada from its bid within the time limit set by Canada in its notice, the bid will be considered non-responsive and be disqualified; Canada may then proceed to the next-ranked bid; and

(F) If the Bidder agrees to remove the provisions that are unacceptable to Canada and it is awarded any resulting contract, the proposed additional software use terms (as revised) will be incorporated as an annex to the contract, as set out in the Article entitled "Priority of Documents" in the Resulting Contract Clauses.

- iv) For greater certainty and to ensure that only additional software use terms that have been approved by both parties are incorporated into any resulting contract, unless the additional software use terms proposed by the Bidder are included as a separate annex to the Contract and initialed by both parties, they will not be considered part of any resulting contract (even if they are part of the bid that is incorporated by reference into the resulting contract). The fact that some additional terms and conditions or software use terms were included in the bid will not result in those terms applying to any resulting contract, regardless of whether or not Canada has objected to them under the procedures described above.

3. Financial Evaluation

(a) Mandatory Financial Criteria

- i) SACC Manual Clause A0220T (2014-06-26), Evaluation of Price.

Please refer to Annex C, and complete the Basis of Payment, Annex B.

4. Basis of Selection

- (a) SACC Manual Clause A0031T (2010-08-16), Basis of Selection – Mandatory Technical Criteria

- (b) A bid must comply with the requirements of the bid solicitation and meet all mandatory evaluation criteria to be declared responsive. The responsive bid with the lowest evaluated price will be recommended for award of a contract.

PART 5 CERTIFICATIONS

1. Certification

- (a) Bidders must provide the required certifications and documentation to be awarded a contract.
- (b) The certifications provided by bidders to Canada are subject to verification by Canada at all times. Canada will declare a bid non-responsive, or will declare a contractor in default, if any certification made by the Bidder is found to be untrue, whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.
- (c) The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply with this request will also render the bid non-responsive or will constitute a default under the Contract.

2. Mandatory Certifications Required Precedent to Contract Award

- (a) Bidders must submit the following duly completed certifications as part of their bid:

- i) ANNEX E: INTEGRITY FORM;
- ii) ANNEX F: OEM CERTIFICATION FORM; and
- iii) ANNEX G: BIDDER FORMS

- (b) Code of Conduct and Certifications

By submitting a bid, the Bidder certifies that the Bidder and its affiliates are in compliance with the provisions as stated in Section 01 Code of Conduct and Certifications – Bid of Standard Instructions 2003. The related documentation therein required will assist Canada in confirming that the certifications are true.

3. Federal Contractors Program for Employment Equity – Bid Certification

- (a) By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "FCP Limited Eligibility to Bid" list (http://www.labour.gc.ca/eng/standards_equity/eq/emp/fcp/list/inelig.shtml) available from Human Resources and Skills Development Canada (HRSDC) – Labour's website
- (b) Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "FCP Limited Eligibility to Bid" list at the time of contract award.

4. Integrity Provisions – List of Names

- (a) Bidders who are incorporated, including those bidding as a joint venture, must provide a complete list of names of all individuals who are currently directors of the Bidder.
- (b) Bidders bidding as sole proprietorship, as well as those bidding as a joint venture, must provide the name of the owner(s).
- (c) Bidders bidding as societies, firms or partnerships do not need to provide lists of names.

5. OEM Certification

- (a) Any Bidder that is not the Original Equipment Manufacturer (OEM) for every item of hardware proposed as part of its bid must submit the OEM's certification regarding the Bidder's authority to provide and maintain the OEM's hardware, which must be signed by the OEM (not the Bidder). No Contract will be awarded to a Bidder who is not the OEM of the hardware it proposes to supply to Canada, unless the OEM certification has been provided to Canada. Bidders are requested to use the OEM Certification Form included with the bid solicitation. Although all the contents of the OEM Certification Form are required, using the form itself to provide this information is not mandatory. For

Bidders/OEMs who use an alternate form, it is in Canada's sole discretion to determine whether all the required information has been provided. Alterations to the statements in the form may result in the bid being declared non-responsive.

- (b) If the hardware proposed by the Bidder originates with multiple OEMs, a separate OEM certification is required from each OEM.
- (c) For the purposes of this bid solicitation, OEM means the manufacturer of the hardware, as evidenced by the name appearing on the hardware and on all accompanying documentation.

6. Code of Conduct Certifications – Certifications Required Precedent to Contract Award

- (a) Bidders should provide, with their bids or promptly thereafter, a complete list of names of all individuals who are currently directors of the Bidder. If such a list has not been received by the time the evaluation of bids is completed, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Bidders must submit the list of directors before contract award, failure to provide such a list within the required time frame will render the bid non-responsive.
- (b) The Contracting Authority may, at any time, request that a Bidder provide properly completed and Signed Consent Forms ([Consent to a Criminal Record Verification form – PWGSC-TPSGC 229](#)) for any or all individuals named in the aforementioned list within a specified delay. Failure to provide such Consent Forms within the delay will result in the bid being declared non-responsive.

PART 6 SECURITY, FINANCIAL AND OTHER REQUIREMENTS

1. Security Requirements

- (a)** The Contractor shall treat as confidential, during as well as after the performance of the services contracted for, any information of the affairs of Canada of a confidential nature to which its servants or agents become privy.
- (b)** Contractor's personnel must be escorted by a Department of National Defence employee at all times while on site.
- (c)** See Annex K for SRCL.

PART 7 RESULTING CONTRACT CLAUSES

The following clauses apply to and form part of any contract resulting from the bid solicitation.

1. Requirement

- (a) _____ (the "**Contractor**") agrees to supply to the Client the goods and services described in the Contract, including the Statement of Work at Annex A, in accordance with, and at the prices set out in, the Contract.
- (b) **Client:** Under the Contract, the "Client" is Shared Services Canada ("SSC"), an organization with a mandate to provide shared services. This contract will be used by SSC to provide shared services to the Department of National Defence. This Contract will be used by SSC to provide shared services to its clients, which include SSC itself, those government institutions for whom SSC's services are mandatory at any point during the Contract Period, and those other organizations for whom SSC's services are optional at any point during the Contract Period and that choose to use those services from time to time. SSC may choose to use this Contract for some or all of its clients and may use alternative means to provide the same or similar services.
- (c) **Reorganization of Client:** The Contractor's obligation to perform the Work will not be affected by (and no additional fees will be payable as a result of) the renaming, reorganization, reconfiguration, or restructuring of any Client. The reorganization, reconfiguration and restructuring of the Client includes the privatization of the Client, its merger with another entity, or its dissolution, where that dissolution is followed by the creation of another entity or entities with mandates similar to the original Client. In connection with any form of reorganization, Canada may designate another department or government body as the Contracting Authority or Technical Authority, as required to reflect the new roles and responsibilities associated with the reorganization.

2. Security Requirement

- (a) The Contractor shall treat as confidential, during as well as after the performance of the services contracted for, any information of the affairs of Canada of a confidential nature to which its servants or agents become privy;
- (b) The Contractor's personnel must be escorted by a DND employee at all times while on site; and
- (c) See Annex K for SRCL.

3. Condition of Material

Material supplied shall be new and conform to the latest issue of the applicable drawing, specification and/or part number that is in effect on the solicitation closing date.

4. Applicable Laws

The Contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

5. Standard Clauses and Conditions

- (a) All clauses and conditions identified in the Contract by number, date and title are set out in the Standard Acquisition Clauses and Conditions Manual (<http://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada. All references contained within the General Conditions or Supplementary General Conditions to the Minister of Public Works and Government Services will be interpreted as a reference to the minister presiding over Shared Services Canada and all references to the Department of Public Works and Government Services will be interpreted as Shared Services Canada.
- (b) For purposes of this contract the PWGSC policies referenced within the Standard Acquisitions Clauses and Conditions Manual are adopted as SSC policies.

6. General Conditions:

2010A (2018-06-21), General Conditions – Medium Complexity - Goods, apply to and form part of the Contract. These General Conditions are amended as follows:

Section 2 of the General Conditions is amended as follows: delete "Pursuant to the *Department of Public Works and Government Services Act*, S.C. 1996, c.16"

7. Supplemental General Conditions:

4001 (2015-04-01), Hardware Purchase, Lease and Maintenance; and

4003 (2010-08-16), Licensed Software; and

4004 (2013-04-25), Maintenance and Support Services for Licensed Software apply to and form part of the contract.

8. Contract Period

- (a) **Contract Period:** The "**Contract Period**" is the entire period of time during which the Contractor is obliged to perform the Work, which includes:
 - i) The "**Initial Contract Period**", which begins on the date the Contract is awarded and ends one (1) year later;
 - ii) The period during which the Contract is extended, if Canada chooses to exercise any options set out in the Contract.

9. Delivery

All the deliverables must be received within 15 calendar days of Contract Award.

Precise addresses to be provided upon Contract Award.

10. Shipping Instructions

Goods must be consigned and delivered to the destination specified in the contract Incoterms 2000 "DDP Delivered Duty Paid".

11. Contracting Authority

The **Contracting Authority** is named below and is responsible for the management of the Contract and any changes to the Contract must be authorized in writing by the Contracting Authority.

Name: Jesse Squirrell
Department: Shared Services Canada

Address: 427 Laurier Avenue West, Floor 3, Ottawa, ON, K1R 5C7
Telephone: 613-791-6257
E-mail address: jesse.squirrel@canada.ca

The Contracting Authority is responsible for the management of the Contract and any changes to the Contract must be authorized in writing by the Contracting Authority. The Contractor must not perform work in excess of or outside the scope of the Contract based on verbal or written requests or instructions from anybody other than the Contracting Authority.

12. Project Authority

The **Project Authority** will be identified at contract award.

The Project Authority is responsible for all matters concerning the technical content of the Work under the Contract. Technical matters may be discussed with the Technical Authority; however, the Technical Authority has no authority to authorize changes to the scope of the Work. Changes to the scope of the Work can only be made through a contract amendment issued by the Contracting Authority.

13. Client's Representative

The **Client's Representative** for the Contract is (Contact information TBD at contract award):

Department: Department of National Defence

14. Contractor's Representative

The Contractor's Representative for the Contract is (Please fill out):

Name	_____
Title	_____
Company	_____
Address	_____
Telephone	_____
Facsimile	_____
Email address	_____

15. Basis of Payment

For providing the Hardware, Software and Maintenance and Support in accordance with the Contract, Canada will pay the Contractor the firm prices set out in Annex B, FOB destination, including all customs duties, applicable taxes extra (if applicable).

16. Method of Payment - Single Payment

H1000C (2008-05-12), Single Payment.

17. Competitive Award

The Contractor acknowledges that the Contract has been awarded as a result of a competitive process. No additional charges will be allowed to compensate for errors, oversights, misconceptions or underestimates made by the Contractor when bidding for the Contract.

18. Purpose of Estimates

All estimated costs contained in the Contract are included solely for the administrative purposes of Canada and do not represent a commitment on the part of Canada to purchase goods or services in these amounts. Any commitment to purchase specific amounts or values of goods or services is described elsewhere in the Contract.

19. Limitation of Expenditure

- (a) Canada's total liability to the Contractor under the Contract must not exceed the amount set out on page 1 of the Contract, less any Applicable Taxes. With respect to the amount set out on page 1 of the Contract, Customs duties are included, if applicable and Applicable Taxes are included. Any commitments to purchase specific amounts or values of goods or services are described elsewhere in the Contract.
- (b) No increase in the total liability of Canada or in the price of the Work resulting from any design changes, modifications or interpretations of the Work, will be authorized or paid to the Contractor unless these design changes, modifications or interpretations have been approved, in writing, by the Contracting Authority before their incorporation into the Work. The Contractor must not perform any work or provide any service that would result in Canada's total liability being exceeded before obtaining the written approval of the Contracting Authority. The Contractor must notify the Contracting Authority in writing as to the adequacy of this sum when:
 - i) it is 75 percent committed, or
 - ii) 4 months before the Contract expiry date, or
 - iii) as soon as the Contractor considers that the contract funds provided are inadequate for the completion of the Work, whichever comes first.
 - iv) If the notification is for inadequate contract funds, the Contractor must provide to the Contracting Authority a written estimate for the additional funds required. Providing this information does not increase Canada's liability.

20. Price Protection - Most Favoured Customer

- (a) To the best of the Contractor's knowledge, the prices it is charging to Canada under the Contract are not higher than the lowest prices/rates that it has charged any other customer (including other Government of Canada entities) for a similar quality and quantity of goods and services in the year before the Contract was awarded.
- (b) The Contractor also agrees that, if after the date the Contract is issued it reduces the prices it charges to other customers for a similar quality and quantity of goods and services, it will reduce the prices for all remaining deliveries under the Contract (with notice to the Contracting Authority).
- (c) At any time during the 6 years after making the final payment under the Contract or until all claims and disputes then outstanding are settled, whichever is later, Canada has the right to audit the Contractor's records to verify that it is receiving (or has received) these prices. Canada will give at least 2 weeks of notice before the audit.

- (d) During this audit, the Contractor must produce invoices and contracts for similar quality or quantity of goods or services sold to other customers from one year before the Contract was awarded until the end of the Contract Period. If the Contractor is required by law or by contract to keep another customer's information confidential, the Contractor may black out any information on the invoices or contracts that could reasonably reveal the identity of the customer (such as the customer's name and address), as long as the Contractor provides, together with the invoices and contracts, a certification from its Chief Financial Officer describing the profile of the customer (e.g., whether it is a public sector or private sector customer and the customer's size and number and location of service locations).
- (e) In determining whether the goods and services sold to another customer were of similar quality, the terms and conditions of the contract under which those goods and services were delivered will be considered, if those terms and conditions are reasonably likely to have had a material effect on pricing.
- (f) If Canada's audit reveals that the Contractor charged lower prices for a similar quality and quantity of goods and services under any contract where deliveries were made in the year before the Contract was awarded, or that the Contractor delivered additional goods or services under the Contract after reducing its prices for other customers but without reducing the prices under the Contract, then the Contractor must pay to Canada the difference between the amount charged to Canada and the amount charged to the other customer, up to a maximum of 25% of the value of the Contract.
- (g) Canada acknowledges that this commitment does not apply to prices charged by any affiliates of the Contractor.

21. Invoicing Instructions

The Contractor must submit invoices in accordance with the information required in section 06, Invoice Submission, of the 2010A (2018-06-21) General Conditions - Goods or Services.

By submitting invoices, the Contractor is certifying that the goods and services have been delivered and that all charges are in accordance with the Basis of Payment provision of the Contract, including any charges for work performed by subcontractors.

22. Certifications

Compliance with the certifications provided by the Contractor in its bid is a condition of the Contract and subject to verification by Canada during the entire Contract Period. If the Contractor does not comply with any certification or it is determined that any certification made by the Contractor in its bid is untrue, whether made knowingly or unknowingly, Canada has the right, under the default provision of the Contract, to terminate the Contract for default.

23. Insurance Requirements

SACC Manual clause G1005C (2016-01-28) Insurance

The Contractor is responsible for deciding if insurance coverage is necessary to fulfill its obligation under the Contract and to ensure compliance with any applicable law. Any insurance acquired or maintained by the Contractor is at its own expense and for its own benefit and protection. It does not release the Contractor from or reduce its liability under the Contract.

24. The following terms and conditions apply:

SACC Manual clause A9068C (2010-01-11) Government Site Regulations

SACC Manual clause A9117C (2007-11-30), Direct Request by Customer Department.

SACC Manual clause B7500C (2006-06-16) Excess Goods

26. Safeguarding Electronic Media

Before using them on Canada's equipment or sending them to Canada, the Contractor must use a regularly updated product to scan electronically all electronic media used to perform the Work for computer viruses and other coding intended to cause malfunctions. The Contractor must notify Canada if any electronic media used for the Work are found to contain computer viruses or other coding intended to cause malfunctions.

If magnetically recorded information or documentation is damaged or lost while in the Contractor's care or at any time before it is delivered to Canada in accordance with the Contract, including accidental erasure, the Contractor must immediately replace it at its own expense.

27. Training

At the request of the client, the Contractor must provide on-site adequate user and/or Key Operator training, to allow the client's employees to efficiently and effectively operate the equipment, at no extra cost. Any required training facilities or space will be provided by the client. The client may engage the Contractor to provide additional or more in-depth training at an additional cost to be negotiated outside this Contract.

28. Limitation of Liability - Information Management/Information Technology

- (a) This section applies despite any other provision of the Contract and replaces the section of the general conditions entitled "Liability". Any reference in this section to damages caused by the Contractor also includes damages caused by its employees, as well as its subcontractors, agents, and representatives, and any of their employees. This section applies regardless of whether the

claim is based in contract, tort, or another cause of action. The Contractor is not liable to Canada with respect to the performance of or failure to perform the Contract, except as described in this section and in any section of the Contract pre-establishing any liquidated damages. The Contractor is only liable for indirect, special or consequential damages to the extent described in this section, even if it has been made aware of the potential for those damages.

(b) First Party Liability:

- i) The Contractor is fully liable for all damages to Canada, including indirect, special or consequential damages, caused by the Contractor's performance or failure to perform the Contract that relate to:
 - (A) any infringement of intellectual property rights to the extent the Contractor breaches the section of the general conditions entitled "Intellectual Property Infringement and Royalties";
 - (B) physical injury, including death.
- ii) The Contractor is liable for all direct damages caused by the Contractor's performance or failure to perform the Contract affecting real or tangible personal property owned, possessed, or occupied by Canada.
- iii) Each of the Parties is liable for all direct damages resulting from its breach of confidentiality under the Contract. Each of the Parties is also liable for all indirect, special or consequential damages in respect of its unauthorized disclosure of the other Party's trade secrets (or trade secrets of a third party provided by one Party to another under the Contract) relating to information technology.
- iv) The Contractor is liable for all direct damages relating to any encumbrance or claim relating to any portion of the Work for which Canada has made any payment. This does not apply to encumbrances or claims relating to intellectual property rights, which are addressed under (i) above.
- v) The Contractor is also liable for any other direct damages to Canada caused by the Contractor's performance or failure to perform the Contract that relate to:
 - (A) any breach of the warranty obligations under the Contract, up to the total amount paid by Canada (including any applicable taxes) for the goods and services affected by the breach of warranty; and;
 - (B) any other direct damages, including all identifiable direct costs to Canada associated with re-procuring the Work from another party if the Contract is terminated either in whole or in part for default, up to an aggregate maximum for this subparagraph (B) of the greater of 0.5 times the total estimated cost (meaning the dollar amount shown on the first page of the Contract in the block titled "Total Estimated Cost" or shown on each call-up, purchase order or other document used to order goods or services under this instrument), or \$1,000,000.00.

In any case, the total liability of the Contractor under subparagraph (v) will not exceed the total estimated cost (as defined above) for the Contract or \$1,000,000.00, whichever is more.

- vi) If Canada's records or data are harmed as a result of the Contractor's negligence or willful act, the Contractor's only liability is, at the Contractor's own expense, to restore Canada's records and data using the most recent back-up kept by Canada. Canada is responsible for maintaining an adequate back-up of its records and data.

(c) Third Party Claims:

- i) Regardless of whether a third party makes its claim against Canada or the Contractor, each Party agrees that it is liable for any damages that it causes to any third party in connection with the Contract as set out in a settlement agreement or as finally determined by a court of competent jurisdiction, where the court determines that the Parties are jointly and severally liable or that one Party is solely and directly liable to the third party. The amount of the liability will be the amount set out in the settlement agreement or determined by the court to have

been the Party's portion of the damages to the third party. No settlement agreement is binding on a Party unless its authorized representative has approved the agreement in writing.

- ii) If Canada is required, as a result of joint and several liability, to pay a third party in respect of damages caused by the Contractor, the Contractor must reimburse Canada by the amount finally determined by a court of competent jurisdiction to be the Contractor's portion of the damages to the third party. However, despite paragraph (i), with respect to special, indirect, and consequential damages of third parties covered by this section, the Contractor is only liable for reimbursing Canada for the Contractor's portion of those damages that Canada is required by a court to pay to a third party as a result of joint and several liability that relate to the infringement of a third party's intellectual property rights; physical injury of a third party, including death; damages affecting a third party's real or tangible personal property; liens or encumbrances on any portion of the Work; or breach of confidentiality.
- iii) The Parties are only liable to one another for damages to third parties to the extent described in this subparagraph (c).

29. Priority of Documents

If there is a discrepancy between the wording of any documents that appear on the following list, the wording of the document that first appears on the list has priority over the wording of any document that appears later on the list:

- (a) these Articles of Agreement, including any individual SACC clauses incorporated by reference in these Articles of Agreement;
- (b) General Conditions 2010A (2018-06-21), Medium Complexity – Goods;
- (c) Supplemental General Conditions, in the following order:
 - i) 4001; (2015-04-01) Supplemental General Conditions - Hardware Purchase, Lease and Maintenance;
 - ii) 4003; (2010-08-16) Licensed Software; and
 - iii) 4004; (2013-04-25) Maintenance and Support Services or Licensed Software.
- (d) Annex A, Statement of Work;
- (e) Annex B, Basis of Payment;
- (f) Annex C, Evaluation Criteria & Method of Selection;
- (g) Annex D, List of Delivery Locations;
- (h) Annex K, SRCL; and
- (i) The Contractor's bid dated _____.

ANNEX H

COMPATIBILITY TESTING

At the request of Canada, the Contractor with the best value technically compliant bid must make available the test printer, in the configurations specified in the RFP, for a compatibility test by Canada prior to the award of Contract to determine whether the proposed printer will meet Canada's requirements.

To complete these tests, the contractor must make the test printer available for testing in the **National Capital Region** of Canada either at the contractor's site or at an existing installation site in a different client's environment within 10 days of notification of such test by SSC.

The product for testing must:

- (a) be configured and identical to the equipment proposed in the RFP and be in accordance with the Mandatory Technical Specifications;
- (b) be loaded with all necessary drivers; and
- (c) be compatible with the specific hardware, network or software requirements identified by the Project Authority and/or the Contracting Authority at the time notice of testing is given to the Contractor.

Compliance Verification and Compatibility Testing

Failure of the proposed printer to meet the technical specifications of the RFP and any subsequent clarifications thereto may result in elimination of the printer without further consideration.

In the event that the test printer does not function in accordance with the technical requirements of the bid solicitation or is not able to function in the Department Of National Defences's environment with Department of National Defence's applications, the Contractor will be required to rectify the incompatibility within 48 hours of notification. The resulting fault will be deemed a technical fault. A maximum of 2 technical faults will be allowed.

If the test printer, or its replacement, exhibits a third technical fault or if the contractor fails to meet the 48 hour deadline (on the first OR second technical fault) the test device will be deemed non-compliant.

If the testing indicates that some upgrades/changes (for example, to the drivers or firmware) are required, Canada will work with the Contractor to resolve these issues provided that they are reasonable and can be resolved within a reasonable amount of time.

If the test printer provided is new and is to be delivered to the end-user's location, and if it is agreed upon with Canada, the test printer may be considered as the unit of sale.

ANNEX J

SUPPLY CHAIN INTEGRITY PROCESS (SCI) PROCESS

1. SCI REQUIREMENT

In order to remain a Bidder and to be eligible to bid on any solicitation associated with this procurement process, each Bidder will need to complete the Supply Chain Integrity process.

Definitions

The following words and expressions used with respect to Supply Chain Integrity assessment have the following meanings:

- (a) **"Product"** means any hardware that operates at the data link layer of the OSI Model (Layer 2) and above; any software; and any Workplace Technology Devices;
- (b) **"Workplace Technology Device"** means any desktop, mobile workstation (such as a laptop or tablet), smart phone, or phone, as well as any peripheral item or accessory such as a monitor, keyboard, computer mouse, audio device or external or internal storage device such as a USB flash drive, memory card, external hard drive or writable CDs and DVDs or other media;
- (c) **"Product Manufacturer"** means the entity that assembles the component parts to manufacture the final Product;
- (d) **"Software Publisher"** means the owner of the copyright of the software, who has the right to license (and authorize others to license/sub-license) its software products;
- (e) **"Canada's Data"** means any data originating from the Work, any data received in contribution to the Work or any data that is generated as a result of the delivery of security, configuration, operations, administration and management services, together with any data that would be transported or stored by the contractor or any subcontractor as a result of performing the Work under any contract resulting from a subsequent solicitation; and
- (f) **"Work"** means all the activities, services, goods, equipment, matters and things required to be done, delivered or performed by the contractor under any contract resulting from a subsequent solicitation.

Mandatory Ongoing Qualification Submission Requirements

Bidders must submit, by the closing date and time of this RFP the following Supply Chain Security Information (SCSI):

- a) **IT Product List:** Bidders must identify the Products over which Canada's Data would be transmitted and/or on which Canada's Data would be stored, that would be used and/or installed by the Bidders or any of its subcontractors to perform any part of the Work, together with the following information regarding each Product:
 - (i) **Location:** identify the where each Product is interconnected with any given network for Canada's Data (identify the service delivery points or nodes, such as points of presence, third party locations, data centre facilities, operations centre, security operations centre, internet or other public network peering points, etc.);
 - (ii) **Product Type:** identify the generally recognized description used by industry such as hardware, software, etc.; components of an assembled Product, such as module or card assembly, must be provided for all layer 3 internetworking devices;
 - (iii) **IT Component:** identify the generally recognized description used by industry such as firewall router, switch, server, security appliance, etc.;
 - (iv) **Product Model Name or Number:** identify the advertised name or number of the Product assigned to it by the Product Manufacturer;

- (v) **Description and Purpose of the Product:** identify the advertised description or purpose by the Product Manufacturer of the Product and the intended usage or role in the Work described in the resulting contract;
- (vi) **Source:** identify the Product Manufacturer, Software Publisher and/or Original Equipment Manufacturer of embedded components;
- (vii) **Name of Subcontractor:** Refers to the subcontractor that will provide, install or maintain the Product, if the Bidder would not do so itself.

b) **List of Subcontractors:** The Bidder must provide a list of any subcontractors that could be used to perform any part of the Work (including subcontractors affiliated or otherwise related to the Bidder) pursuant to any resulting contract. The list must include at a minimum:

- (i) the name of the subcontractor;
- (ii) the address of the subcontractor's headquarters;
- (iii) the portion of the Work that would be performed by the subcontractor; and
- (iv) the location(s) where the subcontractor would perform the Work.

This list must identify all third parties who may perform any part of the Work, whether they would be subcontractors to the Bidder, or subcontractors to subcontractors of the Bidder down the chain. Any subcontractor that could have access to Canada's Data or would be responsible either for transporting it or for storing it must be identified. For the purposes of this requirement, a third party who is merely a supplier of goods to the Bidder, but who does not perform any portion of the Work, is not considered to be a subcontractor. Subcontractors would include, for example, technicians who might be deployed or maintain the Bidder's solution. If the Bidder does not plan to use any subcontractors to perform any part of the Work, Canada requests that the Bidder indicate this in its bid submission.

2. Assessment of Supply Chain Security Information:

Canada will assess whether, in its opinion, the Supply Chain Security Information creates the possibility that the Bidder's solution could compromise or be used to compromise the security of Canada's equipment, firmware, software, systems or information.

In conducting its assessment:

- a) Canada may request from the Bidder any additional information that Canada requires to conduct a complete security assessment of the Supply Chain Security Information. The Bidder will have 2 working days (or a longer period if specified in writing by the Contracting Authority) to provide the necessary information to Canada. Failure to meet this deadline will result in the bid submission being disqualified.
- b) Canada may use any government resources or consultants to conduct the assessment and may contact third parties to obtain further information. Canada may use any information, whether it is included in the bid submission or comes from another source, that Canada considers advisable to conduct a comprehensive assessment of the Supply Chain Security Information.

If, in Canada's opinion, any aspect of the Supply Chain Security Information, if used in a solution, could compromise or be used to compromise the security of Canada's equipment, firmware, software, systems or information:

- a) Canada will notify the Bidder in writing (sent by email) and identify which aspect(s) of the Supply Chain Security Information is subject to concern(s) or cannot be assessed (for example, proposed future releases of products cannot be assessed). Any further information that Canada might be able to provide to the Bidder regarding its concerns will be determined based on the nature of the concerns. In some situations, for reasons of national security, it may not be possible for Canada to provide further information to the Bidder; therefore, in some circumstances, the

Bidder will not know the underlying reasons for Canada's concerns with respect to a product, subcontractor or other aspect of the Bidder's Supply Chain Security Information.

- b) The notice will provide the Bidder with one opportunity to submit revised Supply Chain Security Information within the 2 calendar days following the day on which Canada's written notification is sent to the Bidder (or a longer period specified in writing by the Contracting Authority).
- c) If the Bidder submits revised Supply Chain Security Information within the allotted time, Canada will perform a second assessment. If Canada determines that any aspect of the Bidder's revised Supply Chain Security Information could compromise or be used to compromise the security of Canada's equipment, firmware, software, systems or information, no further opportunities to revise the Supply Chain Security Information will be provided and the previously Bidder will be disqualified and unable to participate in the subsequent procurement phase(s).

By participating in this process, the Bidder acknowledges that the nature of information technology is such that new vulnerabilities, including security vulnerabilities, are constantly being identified. Also, the Bidder acknowledges that Canada's security assessment does not involve the assessment of a proposed solution. As a result:

- a) qualification pursuant to the SCI assessment does not constitute an approval that the products or other information included as part of the Supply Chain Security Information will meet the requirements of any subsequent solicitation or any resulting contract or other instrument that may be awarded as a result of any subsequent solicitation;
- b) qualification pursuant to the SCI assessment does not mean that the same or similar Supply Chain Security Information will be assessed in the same way for future requirements;
- c) arising security threats may affect some aspect(s) of a Bidder's Supply Chain Security Information which has become the subject of security concerns. At that point, Canada will notify the Bidder and provide the Bidder with an opportunity to revise its Supply Chain Security Information, using the same process described above; and
- d) during the performance of a subsequent contract, if Canada has concerns regarding certain products, designs or subcontractors originally included in the Supply Chain Security Information, the terms and conditions of that contract will govern the process for addressing those concerns.

The Bidder with the lowest BFOP will be notified in writing regarding whether or not they continue to be qualified to proceed to the next stage of the procurement process based on the SCI assessment.

Any Bidder that has qualified based on the SCI assessment will be required to provide the proposed hardware throughout the contract period. Except pursuant to the potential Product Substitutions, no alternative or additional Products or subcontractors may be proposed by the Bidder. This will be a mandatory requirement of the solicitation process.

By submitting its SCS, the Bidder agrees to the terms of the following non-disclosure agreement (the "**Non-Disclosure Agreement**"):

- a) The Bidder agrees to keep confidential any information it receives from Canada regarding Canada's assessment of the Bidder's Supply Chain Security Information (the "**Sensitive Information**") including, but not limited to, which aspect of the Supply Chain Security Information is subject to concern, and the reasons for Canada's concerns.
- b) Sensitive Information includes, but is not limited to, any documents, instructions, guidelines, data, material, advice or any other information whether received orally, in printed form or

otherwise, and regardless of whether or not that information is labeled as classified, confidential, proprietary or sensitive.

- c) The Bidder agrees that it will not reproduce, copy, divulge, release or disclose, in whole or in part, in whatever way or form any Sensitive Information to any person other than a person employed by the Bidder who has a need to know the information as well as a security clearance commensurate with the level of Sensitive Information being accessed, without first receiving the written consent of the Contracting Authority.
- d) The Bidder agrees to notify the Contracting Authority immediately if any person, other than those permitted by this Sub-article, accesses the Sensitive Information at any time.
- e) All Sensitive Information will remain the property of Canada and must be returned to the Contracting Authority or destroyed, at the option of the Contracting Authority, if requested by the Contracting Authority, within 30 days following that request.
- f) The Bidder agrees that a breach of this Non-Disclosure Agreement may result in disqualification of the Bidder at any stage of the procurement process, or immediate termination of a resulting contract or other resulting instrument. The Bidder also acknowledges that a breach of this Non-Disclosure Agreement may result in a review of the Bidder's security clearance and review of the Bidder's status as an eligible bidder for other requirements.

This Non-Disclosure Agreement remains in force indefinitely. If the Bidder wishes to be discharged from its obligations with respect to any records that include the Sensitive Information, the Bidder may return all the records to an appropriate representative of Canada together with a reference to this Non-Disclosure Agreement. In that case, all Sensitive Information known to the Bidder and its personnel would remain subject to this Non-Disclosure Agreement, but there would be no further obligations with respect to the secure storage of the records containing that Sensitive Information (unless the Bidder created new records containing the Sensitive Information).
