**Amendment 007**

Amendment 007 is raised to:

- A. Amend Article 2.11 Submission of Responses; and
- B. Provide answers to enquiries from industry.

**A. Amend Article 2.11 Submission of Responses, paragraph 13**

DELETE Article 2.11 paragraph 13 in its entire and REPLACE with the following:

- 13. A Response transmitted by epost Connect service constitutes the formal Response of the Respondent. However, Respondents may choose to also submit a hard copy of their Response to the PWGSC Bid Receiving Unit as indicated in paragraph 1 above in addition to a Response submitted via epost Connect. If a Respondent submits their Response in both hard copy and by epost Connect, the following order of precedence will apply to any discrepancies in the Response as submitted:
  - (a) The hard copy Response will take precedence over the epost Connect Response;
  - (b) For any revision submitted pursuant to Article 2.14 Revision of Response:
    - i. a revision that is clearly marked with a later revision number will take precedence over an earlier revision, regardless of how it is transmitted (for example: a revision clearly marked with "Revision 2" will take precedence over a revision marked "Revision 1");
    - ii. if revision numbers are not clearly marked, or a revision bearing the same number is submitted by both hard copy and by epost Connect, the hard copy revision revision(s) will take precedence over the epost Connect revision(s); and
    - iii. in the event a discrepancy between the Response formats impacts the interpretation of a revision, the revision will be deemed to amend the hard copy Response, regardless of how the revision was transmitted.

**B. Provide Answers to Enquiries from Industry**

7.	<p><u>RE: Section 2.11 Submission of Responses, RFQ page 10-13</u> Will Canada accept submissions in both hard copy and via epost Connect? For responses transmitted by epost Connect service, given that "Canada will not be responsible for any failure attributable to the transmission or receipt of the Response" due to a variety of potential failures [p. 11], we would like to ensure that our epost Connect submission is backed up by our hard copy submission. Please confirm that submitting via both formats is acceptable.</p>	<p>A Respondent may submit a Response in both hard copy and via epost Connect. Please see amendment to Article 2.11 at A above for details and order of precedence.</p>

8.	I noticed that the closing date for the above-referenced project was extended to October 29th via Merx; however, the date has been extended to November 5 as posted in Buy and Sell. Could you kindly clarify the new closing date? We submitted yesterday morning; however when we re-submit on October 29th/November 5th, will that override our October 27th submission? Was there a reason for providing the extension?	To provide clarification for the closing date, please note Amendment 005 extended the closing date to October 29th and Amendment 006 extended the closing date again to November 5th. Any revision to a Response should be submitted in accordance with Article 2.14 Revision of a Response. Please note, in accordance with Article 2.11, paragraph 14, all documents related to this RFQ are available on GETS and Canada is not responsible for information on other websites or from third parties. The extension was required to amend Article 2.11, paragraph 13.
