Solicitation amendment 002 is being raised to provide bidders with the following information.

1. Replace the following;

**“6.7 On-going Opportunity for Qualification**

A Notice will be posted once a year on the Government Electronic Tendering Service (GETS) to allow new Suppliers to become qualified. Existing qualified Suppliers, who have been issued a supply arrangement, will not be required to submit a new arrangement. Updated certificates will be ongoing via the refit solicitation process.”

With;

**“6.7 On-going Opportunity for Qualification**

A Request for Supply Arrangements will be issued in accordance with the process set out below to allow new Suppliers to become qualified. Existing qualified Suppliers, who have been issued a supply arrangement, will not be required to submit a new arrangement.”

2. Note to bidders: On occasion, Canadian Coast Guard Dry Docking refits will have no crew onboard during the work period. As a result the refit will be considered unmanned. Care and custody will be assumed by the contractor. This information will be provided in each refits tender document. Applicable refits will have to be bid accordingly.

All other terms and conditions remain unchanged.
