**AMENDMENT 001 TO SOLICIATION NUMBER W6369-21-A004/A:**

1. This amendment 001 is raised in order to respond and publish the following question and answer.

**QUESTIONS AND ANSWERS:**

<b>Question 1</b>	Objective 2.1 states "...suppliers who are able to extract, enrich, test and analyze DNA from degraded human bone samples..." Is the request for a Supplier to provide the testing, i.e. do the lab work and provide the results, for the DND, or simply to provide the DND with materials for the DND to perform the laboratory testing?
<b>Answer 1</b>	The request is for a supplier to provide the testing/lab work to extract and analyze DNA and then provide DND with the associated results of the analysis. DND is not looking to perform the laboratory testing in-house.

**ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.**
