## PART 1 - GENERAL INFORMATION

### 1.1 Introduction

The bid solicitation is divided into seven parts plus attachments and annexes, as follows:

- Part 1 General Information: provides a general description of the requirement;
- Part 2 Bidder Instructions: provides the instructions, clauses and conditions applicable to the bid solicitation;
- Part 3 Bid Preparation Instructions: provides Bidders with instructions on how to prepare their bid;
- Part 4 Evaluation Procedures and Basis of Selection: indicates how the evaluation will be conducted, the evaluation criteria that must be addressed in the bid, and the basis of selection;
- Part 5 Certifications and Additional Information: includes the certifications and additional information to be provided;
- Part 6 Resulting Contract Clauses: includes the clauses and conditions that will apply to any resulting contract.

The Annexes include the Statement of Work, the Basis of Payment, the Electronic Payment Instruments, the Federal Contractors Program for Employment Equity - Certification, the Insurance Requirements and any other annexes.

### 1.2 Summary

- 1.2.1 This bid solicitation is being issued to satisfy the requirement of the Canadian Food Inspection Agency (the "Client") for rental, laundry and delivery services of various clothing items for all CFIA employees working in the Province of Quebec, for the period of contract award until May 31, 2022, with three (3) one (1) year options to extend each contract under the same terms and conditions.
- 1.2.2 The requirement is subject to the provisions of the World Trade Organization Agreement on Government Procurement (WTO-AGP), the North American Free Trade Agreement (NAFTA), the Canada-European Union Comprehensive Economic and Trade Agreement (CETA), and the Canadian Free Trade Agreement (CFTA).
- 1.2.3 The Federal Contractors Program (FCP) for employment equity applies to this procurement; refer to Part 5 – Certifications and Additional Information, Part 7 - Resulting Contract Clauses and the annex titled Federal Contractors Program for Employment Equity – Certification.

### 1.3 Debriefings

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days from receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

## PART 2 - BIDDER INSTRUCTIONS

### 2.1 Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) (https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) issued by Public Works and Government Services Canada.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The [2003](#) 2020-05-28 Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

Subsection 3.a) of Section 01, Integrity Provisions - Bid of Standard Instructions [2003](#) incorporated by reference above is deleted in its entirety and replaced with the following:

- a. at the time of submitting an arrangement under the Request for Supply Arrangements (RFSA), the Bidder has already provided a list of names, as requested under the [Ineligibility and Suspension Policy](#). During this procurement process, the Bidder must immediately inform Canada in writing of any changes affecting the list of names “.

Subsection 5.4 of [2003](#), Standard Instructions - Goods or Services - Competitive Requirements, is amended as follows:

Delete: 60 days  
Insert: 120 days

### 2.2 Submission of Bids

- a. Unless otherwise specified in the RFP, bids must be received by the Contracting Authority at the location indicated by the date, time and place indicated on page 1 of the bid solicitation.
- b. If your bid is submitted by fax or e-mail, Canada will not be responsible for late bids received at destination after the closing date and time, even if submitted earlier.

### 2.3 Former Public Servant

Contracts awarded to former public servants (FPS) in receipt of a pension or of a lump sum payment must bear the closest public scrutiny, and reflect fairness in the spending of public funds. In order to comply with Treasury Board policies and directives on contracts awarded to FPSs, bidders must provide the information required below before contract award. If the answer to the questions and, as applicable the information required have not been received by the time the evaluation of bids is completed, Canada will inform the Bidder of a time frame within which to provide the information. Failure to comply with Canada's request and meet the requirement within the prescribed time frame will render the bid non-responsive.

#### Definitions

For the purposes of this clause, "former public servant" is any former member of a department as defined in the Financial Administration Act, R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the Royal Canadian Mounted Police. A former public servant may be:

- a. an individual;
- b. an individual who has incorporated;
- c. a partnership made of former public servants; or
- d. a sole proprietorship or entity where the affected individual has a controlling or major interest in the entity.

"lump sum payment period" means the period measured in weeks of salary, for which payment has been made to facilitate the transition to retirement or to other employment as a result of the implementation of various programs to reduce the size

of the Public Service. The lump sum payment period does not include the period of severance pay, which is measured in a like manner.

"pension" means a pension or annual allowance paid under the Public Service Superannuation Act (PSSA), R.S., 1985, c. P-36, and any increases paid pursuant to the Supplementary Retirement Benefits Act, R.S., 1985, c. S-24 as it affects the PSSA. It does not include pensions payable pursuant to the Canadian Forces Superannuation Act, R.S., 1985, c. C-17, the Defence Services Pension Continuation Act, 1970, c. D-3, the Royal Canadian Mounted Police Pension Continuation Act, 1970, c. R-10, and the Royal Canadian Mounted Police Superannuation Act, R.S., 1985, c. R-11, the Members of Parliament Retiring Allowances Act, R.S. 1985, c. M-5, and that portion of pension payable to the Canada Pension Plan Act, R.S., 1985, c. C-8.

#### Former Public Servant in Receipt of a Pension

As per the above definitions, is the Bidder a FPS in receipt of a pension? **Yes ( ) No ( )**

If so, the Bidder must provide the following information, for all FPSs in receipt of a pension, as applicable:

- a. name of former public servant;
- b. date of termination of employment or retirement from the Public Service.

By providing this information, Bidders agree that the successful Bidder's status, with respect to being a former public servant in receipt of a pension, will be reported on departmental websites as part of the published proactive disclosure reports in accordance with Contracting Policy Notice: 2012-2 and the Guidelines on the Proactive Disclosure of Contracts.

#### Work Force Adjustment Directive

Is the Bidder a FPS who received a lump sum payment pursuant to the terms of the Work Force Adjustment Directive? **Yes ( ) No ( )**

If so, the Bidder must provide the following information:

- a. name of former public servant;
- b. conditions of the lump sum payment incentive;
- c. date of termination of employment;
- d. amount of lump sum payment;
- e. rate of pay on which lump sum payment is based;
- f. period of lump sum payment including start date, end date and number of weeks;
- g. number and amount (professional fees) of other contracts subject to the restrictions of a work force adjustment program.

For all contracts awarded during the lump sum payment period, the total amount of fees that may be paid to a FPS who received a lump sum payment is \$5,000, including Applicable Taxes.

#### 2.4 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than seven (7) calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by Bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated and the enquiry can be answered to all Bidders. Enquiries not submitted in a form that can be distributed to all Bidders may not be answered by Canada.

#### 2.5 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Quebec.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Bidders.

## 2.6 Improvement of Requirement During Solicitation Period

Should bidders consider that the specifications or Statement of Work contained in the bid solicitation could be improved technically or technologically, bidders are invited to make suggestions, in writing, to the Contracting Authority named in the bid solicitation. Bidders must clearly outline the suggested improvement as well as the reason for the suggestion. Suggestions that do not restrict the level of competition nor favour a particular bidder will be given consideration provided they are submitted to the Contracting Authority at least fifteen (15) days before the bid closing date. Canada will have the right to accept or reject any or all suggestions.

## PART 3 - BID PREPARATION INSTRUCTIONS

### 3.1 Bid Preparation Instructions

The bid must be gathered per section and separated as follows:

Section I: Technical Bid  
Section II: Financial Bid  
Section III: Certifications

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.

Canada requests that bidders follow the format instructions described below in the preparation of hard copy of their bid:

- (a) use a numbering system that corresponds to the bid solicitation.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process [Policy on Green Procurement](https://www.tbs-sct.gc.ca/pol/doc-eng.aspx?id=32573) (<https://www.tbs-sct.gc.ca/pol/doc-eng.aspx?id=32573>). To assist Canada in reaching its objectives, bidders should:

- 1) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

### 3.2 Section I: Technical Bid

In their technical bid, Bidders should demonstrate their understanding of the requirements contained in the bid solicitation and explain how they will meet these requirements. Bidders should demonstrate their capability in a thorough, concise and clear manner for carrying out the work.

The technical bid should address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the bid will be evaluated. Simply repeating the statement contained in the bid solicitation is not sufficient. In order to facilitate the evaluation of the bid, Canada requests that Bidders address and present topics in the order of the evaluation criteria under the same headings. To avoid duplication, Bidders may refer to different sections of their bids by identifying the specific paragraph and page number where the subject topic has already been addressed.

### 3.3 Section II: Financial Bid

3.3.1 Bidders must submit their financial bid in accordance with the Financial Bid Presentation Sheet or in Annex 3.1.

#### 3.3.2 Electronic Payment of Invoices – Bid

If you are willing to accept payment of invoices by Electronic Payment Instruments, complete Annex “3.2” Electronic Payment Instruments, to identify which ones are accepted.

If Annex “3.2” Electronic Payment Instruments is not completed, it will be considered as if Electronic Payment Instruments are not being accepted for payment of invoices.

Acceptance of Electronic Payment Instruments will not be considered as an evaluation criterion.

### 3.4 Section III: Certifications

Bidders must submit the certifications and additional information required in Part 5.

**ANNEX 3.1, PRICING SCHEDULE**

**(Please refer to attached Pricing Schedule)**

**PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION**

**4.1 Evaluation Procedures**

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and management evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids.

**4.1.1 Technical Evaluation**

Mandatory and point rated technical evaluation criteria are included in Annex 4.1.

**4.1.2 Financial Evaluation**

SACC Manual Clause [A0220T](#) 2014-06-26, Evaluation of Price

**4.2 Basis of Selection - Basis of Selection – Highest Combined Rating of Technical Merit and Price**

4.2.1 To be declared responsive, a bid must:

- a. comply with all the requirements of the bid solicitation; and
- b. meet all mandatory criteria; and
- c. obtain the required minimum points specified for each criterion for the technical evaluation, and
- d. obtain the required minimum of 34 points overall for the technical evaluation criteria which are subject to point rating.

The rating is performed on a scale of 49.

- 4.2.2 Bids not "(a) or (b) or (c) and (d)" will be declared non-responsive.
- 4.2.3 The selection will be based on the highest responsive combined rating of technical merit and price. The ratio will be 80 % for the technical merit and 20 % for the price.
- 4.2.4 To establish the technical merit score, the overall technical score for each responsive bid will be determined as follows: total number of points obtained / maximum number of points available multiplied by the ratio of 80% .
- 4.2.5 To establish the pricing score, each responsive bid will be prorated against the lowest evaluated price and the ratio of 20 %
- 4.2.6 For each responsive bid, the technical merit score and the pricing score will be added to determine its combined rating.
- 4.2.7 Neither the responsive bid obtaining the highest technical score nor the one with the lowest evaluated price will necessarily be accepted. The responsive bid with the highest combined rating of technical merit and price will be recommended for award of a contract.

The table below illustrates an example where all three bids are responsive and the selection of the contractor is determined by a 80/20 ratio of technical merit and price, respectively. The total available points equals 135 and the lowest evaluated price is \$45,000 (45).

<b>Basis of Selection - Highest Combined Rating Technical Merit (80%) and Price (20%)</b>			
	<b>Bidder 1</b>	<b>Bidder 2</b>	<b>Bidder 3</b>
<b>Overall Technical Score</b>	<b>115/135</b>	<b>89/135</b>	<b>92/135</b>

**ANNEX 4.1, EVALUATION CRITERIA**

**1.0 MANDATORY REQUIREMENTS**

The RFP's mandatory technical evaluation criteria are as follows:

No.	Mandatory Technical Criterion
MTC3.1	The Bidder must provide proof that it has a minimum of five (5) years' experience in providing garment laundry and rental service to establishments similar in size to the CFIA in Quebec (100 or more employees). A list of existing clients with the number of years that they have received service from the Bidder is required.
MTC3.2	The Bidder must demonstrate that it has the ability to provide garment laundry and rental service in the regions(s) for which it is bidding (see Appendix 2 to Annex A) by providing two (2) examples of existing clients in cities and remote areas where it provides such service. The Bidder may use subcontractors to meet this criterion. If subcontractors will be used, this must be specified in the list along with the area served by each subcontractor.
MTC3.3	<p>The Bidder must provide two (2) references for clients of comparable size (100 or more employees) that use similar products (lab coats, pants, shirts, coveralls) in similar soiling conditions (meat slaughterhouse, blood stains, crop fields) and are located at various service sites. Note: Both references will be contacted.</p> <p>The Bidder must have the following reference information and submit it with its bid under the RFP:</p> <ul style="list-style-type: none"> <li>• Name of company evaluated:</li> <li>• Name of the company providing the reference:</li> <li>• Reference telephone number:</li> <li>• Name of individual responsible for the reference:</li> <li>• Locations served by the reference:</li> <li>• Size of reference business (number of employees):</li> <li>• Type of garments used:</li> <li>• Length of time the evaluated contractor provided the service:</li> </ul>
MTC3.4	The Bidder must describe its automated inventory control and invoicing system. The Bidder must demonstrate its ability to provide consolidated monthly statements and detailed service usage reports and to track potential losses in multiple regions or service locations. The bidder must provide a sample invoice, monthly report, consolidated report, service usage report and loss tracking report.
MTC3.5	<p>The Bidder must provide one sample of each of the following garments as described in section 4.1 of Annex A:</p> <p><b><u>White Garment Samples:</u></b></p> <p>Jackets(short lab coats or smocks), short, long-sleeved, with snap closure, with bottom pockets only.</p> <p>Lab coats (Smocks), long, long-sleeved, with snap closure, with bottom pockets only.</p> <p>Lab coats (Smocks), long, long-sleeved, with snap fastener, with bottom pockets only and with knitted cuffs (sleeves).</p> <p>Short sleeve shirt, standard body length, with snap closure and no pockets.</p> <p>Pants - Elastic waist with side and back pockets.</p> <p>Pants - Zipper and snap closure at waist, with side and back pockets.</p> <p><b><u>Coloured clothing samples :</u></b></p> <p>Lab coats (Smocks), long, with long sleeves, with snap closure, with pockets at the bottom only, some with knit cuffs (sleeves) in the following colors : One navy, one green and one burgundy as well as white, one with grey or beige collar, one with blue collar, one with green collar and one with red collar.</p>

Some other lab coats must have knitted cuffs (sleeves); have collars in at least three (3) – ideally five (5) different colours (other than white); and be made of 100% polyester fabric or any other combination of materials that reduce static. (Bidder to specify the fabric's construction and anti-static properties).

Navy T-shirt without pocket.

Coveralls (jumpsuits) - insulated, navy-colored, long-sleeved, zippered coveralls with a fabric flap on the closure and a snap at the collar with pockets at the hips only.

Coveralls (jumpsuits) - non-insulated, navy blue, long-sleeved, zippered, with a fabric flap on the zipper and a snap at the collar with hip pockets only.

Each garment must meet the following mandatory criteria that will be further evaluated under MTC3.6:

1. The fabric must be comfortable and made from modern, stain-resistant fabric blends,
2. The thickness of the fabric is suitable for everyday use,
3. The fabric of the garment is non-transparent,
4. The fabric is strong and durable,
5. The zipper on the pants works well,
6. The seams are reinforced and strong
7. The cut should be comfortable and loose to allow freedom of movement,
8. The colour of the garment is uniform and appropriate,
9. The design of the garment makes it functional and does not interfere with the flexibility of movement.
10. Lab coats for Sector 5 must be made of 100% polyester fabric or any other combination of materials that reduces static.

Provide one sample of each garment to be delivered to:

## PART 5 – CERTIFICATIONS AND ADDITIONAL INFORMATION

Bidders must provide the required certifications and additional information to be awarded a contract.

The certifications provided by Bidders to Canada are subject to verification by Canada at all times. Unless specified otherwise, Canada will declare a bid non-responsive, or will declare a contractor in default if any certification made by the Bidder is found to be untrue, whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority will render the bid non-responsive or constitute a default under the Contract.

### 5.1 Certifications Required with the Bid

Bidders must submit the following duly completed certifications as part of their bid.

#### 5.1.1 Integrity Provisions - Declaration of Convicted Offences

In accordance with the Integrity Provisions of the Standard Instructions, all bidders must provide with their bid, **if applicable**, the Integrity declaration form available on the [Forms for the Integrity Regime](http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html) website (<http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html>), to be given further consideration in the procurement process.

### 5.2 Certifications Precedent to Contract Award and Additional Information

The certifications and additional information listed below should be submitted with the bid but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame specified will render the bid non-responsive.

#### 5.2.1 Integrity Provisions – Required Documentation

In accordance with the section titled Information to be provided when bidding, contracting or entering into a real procurement agreement of the [Ineligibility and Suspension Policy](http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html) (<http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html>), the Bidder must provide the required documentation, as applicable, to be given further consideration in the procurement process.

#### 5.2.2 Federal Contractors Program for Employment Equity - Bid Certification

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "FCP Limited Eligibility to Bid" list available at the bottom of the page of the [Employment and Social Development Canada \(ESDC\) - Labour's](https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#) website (<https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#>).

Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "FCP Limited Eligibility to Bid list at the time of contract award.

Canada will also have the right to terminate the Contract for default if a Contractor, or any member of the Contractor if the Contractor is a Joint Venture, appears on the "[FCP Limited Eligibility to Bid](#)" list during the period of the Contract.

The Bidder must provide the Contracting Authority with a completed annex titled Federal Contractors Program for Employment Equity - Certification, before contract award. If the Bidder is a Joint Venture, the Bidder must provide the Contracting Authority with a completed annex Federal Contractors Program for Employment Equity - Certification, for each member of the Joint Venture.

## ANNEX 5.1 to PART 5 OF THE BID SOLICITATION

### FEDERAL CONTRACTORS PROGRAM FOR EMPLOYMENT EQUITY – CERTIFICATION

I, the Bidder, by submitting the present information to the Contracting Authority, certify that the information provided is true as of the date indicated below. The certifications provided to Canada are subject to verification at all times. I understand that Canada will declare a bid non-responsive, or will declare a contractor in default, if a certification is found to be untrue, whether during the bid evaluation period or during the contract period. Canada will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply with any request or requirement imposed by Canada may render the bid non-responsive or constitute a default under the Contract.

### PART 6 - RESULTING CONTRACT CLAUSES

The following clauses and conditions apply to and form part of any contract resulting from the bid solicitation.

#### 6.1 Statement of Work

The Contractor must perform the Work in accordance with the Statement of Work at Annex A

**6.2 Standard Clauses and Conditions**

All clauses and conditions identified in the Contract by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) (https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) issued by Public Works and Government Services Canada.

**6.2.1 General Conditions**

[2035](#) 2018-06-21, General Conditions - Higher Complexity - Services, apply to and form part of the Contract.

**6.3 Security Requirements**

**6.3.1** There is no security requirement applicable to the Contract.

**6.4 Term of Contract**

**6.4.1 Period of the Contract**

The period of the Contract is from date of Contract to May 31, 2022 inclusive

**6.4.2 Option to Extend the Contract**

The Contractor grants to Canada the irrevocable option to extend the term of the Contract by up to three (3) additional one (1) year periods under the same conditions. The Contractor agrees that, during the extended period of the Contract, it will be paid in accordance with the applicable provisions as set out in the Basis of Payment.

Canada may exercise this option at any time by sending a written notice to the Contractor at least thirty (30) calendar days before the expiry date of the Contract. The option may only be exercised by the Contracting Authority, and will be evidenced for administrative purposes only, through a contract amendment.

**6.5 Authorities**

**6.5.1 Contracting Authority**

The Contracting Authority for the Contract is:

Name: Aimée Legault  
Title: Procurement Officer  
The Canadian Food Inspection Agency  
Address: 59 Camelot Drive, Ottawa ON, K1A 0Y9  
Téléphone : (613) 773-7672  
Télécopieur : (613) 773-7615  
E-mail address: [aimée.legault@canada.ca](mailto:aimée.legault@canada.ca)

Field Code Changed

The Contracting Authority is responsible for the management of the Contract and any changes to the Contract must be authorized in writing by the Contracting Authority. The Contractor must not perform work in excess of or outside the scope of the Contract based on verbal or written requests or instructions from anybody other than the Contracting Authority.

**6.5.2 Project Authority**

The Project Authority for the Contract is:

Name: **(to be provided at contract award)**  
Title: \_\_\_\_\_  
Organization: \_\_\_\_\_  
Address: \_\_\_\_\_  
Telephone: \_\_\_\_ - \_\_\_\_ - \_\_\_\_\_

Facsimile: \_\_\_ - \_\_\_ - \_\_\_  
E-mail address: \_\_\_\_\_

In its absence, the Project Authority is:

Name: \_\_\_\_\_  
Title: \_\_\_\_\_  
Organization: \_\_\_\_\_  
Address: \_\_\_\_\_

Telephone: \_\_\_ - \_\_\_ - \_\_\_  
Facsimile: \_\_\_ - \_\_\_ - \_\_\_  
E-mail address: \_\_\_\_\_

The Project Authority is the representative of the department or agency for whom the Work is being carried out under the Contract and is responsible for all matters concerning the technical content of the Work under the Contract. Technical matters may be discussed with the Project Authority; however, the Project Authority has no authority to authorize changes to the scope of the Work. Changes to the scope of the Work can only be made through a contract amendment issued by the Contracting Authority.

### 6.5.3 Contractor's Representative

**(to be provided at contract award)**

### 6.6 Proactive Disclosure of Contracts with Former Public Servants

By providing information on its status, with respect to being a former public servant in receipt of a Public Service Superannuation Act (PSSA) pension, the Contractor has agreed that this information will be reported on departmental websites as part of the published proactive disclosure reports, in accordance with Contracting Policy Notice: 2012-2 of the Treasury Board Secretariat of Canada.

### 6.7 Payment

#### 6.7.1 Basis of Payment

In consideration of the Contractor satisfactorily completing all of its obligations under the Contract, the Contractor will be paid a firm unit price, as specified in Annex B for a cost of \$ \_\_\_\_\_ **(to be provided at contract award)**. Customs duties are included and Applicable Taxes are extra.

Canada will not pay the Contractor for any design changes, modifications or interpretations of the Work, unless they have been approved, in writing, by the Contracting Authority before their incorporation into the Work.

#### 6.7.2 Limitation of Expenditure

1. Canada's total liability to the Contractor under the Contract must not exceed \$ \_\_\_\_\_. **(To be provided at contract award)** Customs duties are included and Applicable Taxes are extra.
2. No increase in the total liability of Canada or in the price of the Work resulting from any design changes, modifications or interpretations of the Work, will be authorized or paid to the Contractor unless these design changes, modifications or interpretations have been approved, in writing, by the Contracting Authority before their incorporation into the Work. The Contractor must not perform any work or provide any service that would result in Canada's total liability being exceeded before obtaining the written approval of the Contracting Authority. The Contractor must notify the Contracting Authority in writing as to the adequacy of this sum:
  - a. when it is 75% committed, or
  - b. four months before the contract expiry date, or
  - c. as soon as the Contractor considers that the contract funds provided are inadequate for the completion of the Work,

whichever comes first.

- 3 .If the notification is for inadequate contract funds, the Contractor must provide to the Contracting Authority a written estimate for the additional funds required. Provision of such information by the Contractor does not increase Canada's liability.

#### 6.7.3 Monthly Payment

Canada will pay the Contractor on a monthly basis for work performed during the month covered by the invoice in accordance with the payment provisions of the Contract if:

- a. an accurate and complete invoice and any other documents required by the Contract have been submitted in accordance with the invoicing instructions provided in the Contract;
- b. all such documents have been verified by Canada;
- c. the Work performed has been accepted by Canada.

#### 6.7.4 Electronic Payment of Invoices – Contract

The Contractor accepts to be paid using any of the following Electronic Payment Instrument(s):

- a. Visa Acquisition Card;
- b. MasterCard Acquisition Card;
- c. Direct Deposit (Domestic and International);

#### 6.7.5 Time Verification

Time charged and the accuracy of the Contractor's time recording system are subject to verification by Canada, before or after payment is made to the Contractor. If verification is done after payment, the Contractor must repay any overpayment, at Canada's request.

#### 6.8 Invoicing Instructions

1. The Contractor must submit invoices in accordance with the section entitled "Invoice Submission" of the general conditions. Invoices cannot be submitted until all work identified in the invoice is completed.
2. Invoices must be distributed as follows:
  - a. The original and one (1) copy must be forwarded to the address shown on page 1 of the Contract for certification and payment.

#### 6.9 Certifications and Additional Information

##### 6.9.1 Compliance

Unless specified otherwise, the continuous compliance with the certifications provided by the Contractor in its bid or precedent to contract award, and the ongoing cooperation in providing additional information are conditions of the Contract and failure to comply will constitute the Contractor in default. Certifications are subject to verification by Canada during the entire period of the Contract.

##### 6.9.2 Federal Contractors Program for Employment Equity - Default by the Contractor

The Contractor understands and agrees that, when an Agreement to Implement Employment Equity (AIEE) exists between the Contractor and Employment and Social Development Canada (ESDC)-Labour, the AIEE must remain valid during the entire period of the Contract. If the AIEE becomes invalid, the name of the Contractor will be added to the "[FCP Limited Eligibility to Bid](#)" list. The imposition of such a sanction by ESDC will constitute the Contractor in default as per the terms of the Contract.

#### 6.10 Applicable Laws

The Contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Quebec.

#### 6.11 Priority of Documents

If there is a discrepancy between the wording of any documents that appear on the list, the wording of the document that first appears on the list has priority over the wording of any document that subsequently appears on the list.

- (a) the Articles of Agreement;
- (b) the general conditions 2035, ~~2020-05-28~~~~2018-06-2~~, General Conditions - Higher Complexity - Services;

## ANNEX A, STATEMENT OF WORK

### Garment Laundry and Rental Services for the Province of Quebec

#### 1.0 Background

The Canadian Food Inspection Agency (CFIA) is dedicated to safeguarding food, animals and plants, which enhances the health and well-being of Canada's people, environment and economy. Its employees work in a wide range of scientific, technical, operational and administrative positions and are located in field offices, laboratories and food processing facilities throughout the province of Quebec and across Canada.

#### 2.0 Objective

The CFIA has a requirement for the rental, embroidery and laundering of various garments for all CFIA employees who work in the province of Quebec and need protective clothing of various models. The services would be required for approximately 600 employees at some 50 different sites in the province of Quebec.

#### 3.0 Term

Delivery of the services will be spread over **two (2) years** from the date the service contract is awarded, plus **three (3) option periods of one (1) year each**. The CFIA reserves the right to add or remove work sites receiving services under the contract, as some work sites may commence operations and others may cease operations during the period.

#### 4.0 Tasks

##### 4.1 Inventory

- a) The inventory must be maintained and adjusted to meet the requirements.
- b) The quality of the garments must meet food industry criteria.
- c) All garments must be identified with the name of the establishment, the account number, the employee's name, if requested, and the size, and will be traceable by the Contractor's tracking system; this identification must be inside the garment.
- d) The Contractor will provide garments in sizes ranging from XS to 7XL.
- e) The Contractor will provide garments tailored for women.
- f) Measurements for employee clothing sizes will be taken on site by the Contractor, following contract award, before the initial delivery.
- g) The Contractor will adjust the sizes and/or quantities required at the Project Authority's request within a period of seven (7) calendar days from receipt of a request.
- h) Garments are to be upgraded as needed. Minor repairs such as sewing on buttons, mending, patching, zippers, sewing seams and hemming pants must be done automatically by the Contractor free of charge.
- i) Garments that require major repairs or are beyond repair must be identified by the Contractor and submitted to the Project Authority for assessment of damage and approval before disposal.
- j) The Contractor will travel to each work site twice a year to do a full inventory count and ensure that there are no service concerns.
- k) Some garments belong to the CFIA. For those garments, only laundry charges are payable. These include white lab coats, insulated and non-insulated coveralls, winter coats, 3-in-1 coats, windproof coats and freezer coats, all in navy or green;
- l) Any ink spots must be removed free of charge.
- m) Lab coats must not have breast pockets. No additional charges will be incurred to alter any lab coats to meet this requirement.
- n) Garments OPS Lab coats must have two (2) front pockets at the bottom, depending on the type of clothing or model. No additional charges will be incurred to alter any garments to meet this requirement.
- o) Some lab coats must meet the following requirements: have knitted cuffs (sleeves); have collars in at least three (3) – ideally five (5) different colours (other than white); and be made of 100% polyester fabric or any other combination of materials that reduces static. The contract shall specify the fabric's construction and anti-static properties.
- p) Other items (towels, bath towels, dishcloths) may be required. The hand towels must be between 15" to 18" X 25" to 20" in size.
- q) The Contractor provides consistent, uninterrupted service to all work sites.
- r) Shirts, white or navy colour as required, must be short sleeved, standard length, with robust and durable snap or "snapette" closures that hold on to the fabric after use, and without pockets
- s) Pants, in white or navy colour and with elastic waistband or zipper and snap closure at the waist as required, must have side and back pockets.

- t) Laboratory coats (smocks) must be available in the following colours: white, navy, green, burgundy, or white with red collar, blue, green, grey or beige. Some must have a knitted cuff (sleeve). All are long sleeved, with snap button closure and pockets only at the bottom.
- u) T-shirts must all be navy without pockets.
- v) Coveralls must all be navy coloured, may be insulated or non-insulated as required, long sleeved with zipper and fabric flap covering the zipper and a snap button at the collar. They must have pockets at the hips only.
- w) Jackets (short smocks or lab coats are all white, are short in length, long-sleeved with snap closure and have pockets at the bottom only.

#### 4.2 Tasks to be performed

- a) The Contractor must provide laundry and dry-cleaning services on both a scheduled and an 'as and when requested' basis for each work site. Scheduled services will make up the majority of the work to be performed. The Project Authority will provide the Contractor with at least 24 hours' notice prior to a request for 'as and when requested' services. When possible, the Contractor may accommodate requests with less than 24 hours' notice, but the Contractor will not be obligated to fulfill such requests.
- b) In exceptional circumstances (emergencies), the CFIA may request that the Contractor provide clothing or other items immediately to equip first-response teams, shorten some pickup/delivery cycles, or add a new work site to the regular list. The Project Authority will provide the Contractor with at least 24 hours' notice prior to a request for 'as and when requested' services. When possible, the Contractor may accommodate requests with less than 24 hours' notice, but the Contractor will not be obligated to fulfil such requests.
- c) The Contractor will be responsible for pick-up of soiled garments and drop-off of laundered garments at the locations specified below. Soiled garments will be placed in depositories (racks or bins) provided for this purpose at the collection points for each work site. The depositories must not be removed from the premises.
  - The Contractor's representative must confirm, in a brief written report signed by both parties, the number of garments collected at pick-up time (for each type and size of garment) and the number of garments delivered at drop-off time (for each type and size of garment).
  - The number of clean garments that the Contractor brings back should be exactly the same as the number of soiled garments collected in the last pick-up, for each type and size of garment.
  - Any discrepancies, whether noted by the Contractor or the CFIA representative at the work site, must be brought to the Project Authority's attention at the earliest opportunity.
- d) Scheduled pick-ups must take place as specified in the table provided, for each work site (see below). Exceptions must be pre-approved by the Project Authority at least twenty-four (24) hours prior to scheduled delivery.
- e) Prior to washing/cleaning the garments, the Contractor must ensure that all garment pockets are empty. The CFIA will not be held responsible for damage to laundry if items are left in pockets.
- f) Laundered/dry-cleaned garments must be returned to the work sites within seven (7) days of pick-up. Exceptions to this time frame will only be accepted in circumstances approved by the Project Authority at least twenty-four (24) hours prior to scheduled delivery.
- g) Laundered/cleaned garments are to be placed on hangers unless otherwise directed by the CFIA; some work sites may require that garments be received folded.
- h) Garments must be laundered/dry-cleaned thoroughly, including pre-treatment (if necessary), to remove any and all dirt, stains and odours. If the Contractor or its representatives find an item that is permanently stained or which has a permanent odour, that item must be separated from the others and the Project Authority must be notified. Any such garments must be returned separately from the rest of the laundered/dry-cleaned garments and are to be removed from rotation by the Project Authority. Those garments must be noted in the written report submitted by the Contractor at drop-off, which must be signed by both parties.
- i) If the Contractor or its representatives find an item that is damaged (e.g., a torn lab coat) or if an item is damaged during the laundering/dry-cleaning process, that item must be separated from the others and the Project Authority must be notified. Any such garments must be returned separately from the rest of the laundered/dry-cleaned garments and are to be removed from rotation by the Project Authority. Those garments must be noted in the written report submitted by the Contractor at drop-off, which must be signed by both parties.
- j) In the case of an item lost or damaged in transit, washing or dry-cleaning, the Contractor is responsible for replacing the lost and/or damaged item:
  - a. An item consisting of several pieces (3-in-1 coats, for example) will be considered lost or damaged if all the pieces are not returned at the same time;
  - b. If the item is provided by the Contractor itself, the Contractor will replace it;

- c. If the item is directly owned by the CFIA and sourced from an external supplier, the CFIA will purchase the same or equivalent item (at its option), send a copy of the invoice to the Contractor and receive an equivalent credit from the Contractor within thirty (30) days to cover the costs incurred.
- k) Some garments may be contaminated with blood, body fluids, etc. Those garments require special handling and must be cleaned separately from other garments.
- l) The Contractor must provide labels at each work site so that employees can easily identify garments requiring repair or alteration.
- m) The Contractor must make minor repairs to the garments (buttons, seams, repair or replacement of zippers, repair of minor tears or holes, etc.). If an item cannot be repaired, it must be separated from the others and the Project Authority must be notified. Any such garments must be returned separately from the rest of the garments and are to be removed from rotation by the Project Authority. Those garments must be noted in the written report submitted by the Contractor at drop-off, which must be signed by both parties.
- n) If at any time the Contractor fails to fulfill any of the mandatory criteria in the Statement of Work, the Contractor will be notified in writing by the Project Authority. The Contractor will then have twenty-four (24) calendar hours to submit an action plan to the Project Authority and then seventy-two (72) calendar hours to resolve the problem situation. Failure to resolve a Statement of Work situation within seventy-two (72) calendar hours will result in the current month's billing for that work site being reduced to zero.
- o) Four (4) written notices for the same problem within a period of six (6) months, for all work sites combined, will be sufficient to put the Contractor in default and in breach of contract.

#### 4.3 Delivery

- a) The initial delivery will be made free of charge in the week prior to the start of the Contract to ensure that the employees have their garments in order to provide uninterrupted service.
- b) The initial order will comprise new garments and at least two-thirds (2/3) of the identified requirements in the initial inventory.
- c) Pick-up and delivery of the garments will be done once a week unless the CFIA instructs otherwise; some work sites may require twice-a-week service at no additional charge.
- d) Pick-ups and deliveries will be made during regular operating hours specific to each work site (see below). The contractor's proposed schedule will be confirmed with the CFIA representative on site as the CFIA representative must be present at the time of pick-up and delivery.
- e) Laundered/dry-cleaned garments must be returned to the location where they were picked up.
- f) Cleaned and pressed garments must be returned to each work site on hangers or folded and arranged by size, as specified by the CFIA representative at each work site.
- g) The Contractor must respond to inventory adjustments within one week.

#### 4.4 Invoicing

- a) The CFIA will receive an electronic invoice for garment rental, laundry, embroidery and delivery services actually rendered during the billing period.
- b) There will be no initial inventory charge.
- c) There will be no minimum pick-up/delivery charges and no fuel surcharges. All pick-up and delivery charges must be included in the unit prices.
- d) The Contractor must produce a pick-up slip to be signed and retained by the client. The Contractor's delivery slips for cleaned garments must be signed by CFIA. Both slips must also be signed by the Contractor's representative.
- e) The Contractor must have an accounting system that can provide detailed invoices and usage reports for each work site and for each region.
- f) A weekly electronic invoice must be issued for each work site and sent to the person designated by the CFIA for each work site. Payment will be made after reconciliation of the weekly invoice with the pick-up and delivery slips (delivery slips must include the unit price and the number of garments delivered).
- g) The Contractor will provide the CFIA with a monthly statement for each work site. It will be sent to the person designated by the CFIA for each work site.
- h) The Contractor is responsible for keeping the CFIA informed of the account numbers and representatives for each work site (see Annex A).
- i) If the Contractor uses subcontractors, a single invoice containing the same information as specified in 4.4 f) and 4.4 g) is required.
- j) Damaged garments are replaced at the Agency's expense only when the Agency is responsible for the damage to the garments and has approved their disposal. The Contractor must replace the item at no charge when the item is unusable as a result of normal use and/or a defect.
- k) All replacement charges for lost/damaged garments must be billed separately from the regular monthly invoices and sent to the person designated by the CFIA for each work site (see below) together with

appropriate documentation. If the garments are subsequently found, the Contractor must take them back and reimburse the CFIA.

- l) The Contractor must have a system for locating missing garments. Lost garments must be replaced within one pick-up/delivery cycle.

#### 5.0 Reporting

The Contractor must produce detailed reports on garment usage for each work site on request.

#### 6.0 Cleaning

The Contractor will clean garments and towels in an environmentally friendly manner using a certified commercial process that meets the Hygienically Clean Food Safety standard or is consistent with European or International Standards Organization (ISO) standards or equivalent, to remove dirt, grime, dust, grease, ink and other usual types of industrial soil likely to be encountered in laboratories, workshops, slaughterhouses or meat processing plants. Clean garments will be free of odours, pathogens, diseases, microbes and allergens. Garments will be neatly pressed. The cleaning process must follow environmental best practices. The CFIA reserves the right to visit the Contractor's facility(ies) to ensure compliance with the wash formula and best practices.

#### 7.0 Wash formula

**The wash formula used must eliminate all pathogens, diseases, microbes, allergens and odours** and must meet the Hygienically Clean Food Safety standard or be compatible with European or International Standards Organization (ISO) standards or equivalent. The Contractor will be required to specify which standard its wash formula meets and maintain its certification for the duration of the contract and option periods.

#### 8.0 Representative

The Contractor will be required to assign a specific person to administer the CFIA account. This person will be the contact for all CFIA staff. Responsibilities will include keeping the Project Authority informed of account numbers and representatives for each work site, responding to complaints and questions about inventories or billing, initiating inventory checks, advising the CFIA as soon as irregularities are identified, and responding to urgent requests for garments. This condition does not change even if the Contractor uses subcontractors. The representative must be able to speak French.

#### 9.0 Meeting and mandatory inventory taking

Once a year, by appointment, the Contractor and the CFIA will take inventory at each work site. Any problems with the service provided by the Contractor will be reported to the Contractor's representative. If the problems are not resolved within the following month, the CFIA reserves the right to withdraw the work site concerned from the contract or simply terminate the contract.

If there is a difference between the Contractor's and the CFIA's counts, the CFIA's count will prevail. In that case, no loss charges will be requested, and the Contractor's inventory will be adjusted to match the CFIA's count.

#### 10.0 End of contract

At the end of the contract (or option period(s)), the Contractor will have six (6) weeks to complete the final inventory as set out in paragraph 9 and retrieve the last garments.

Garments rented by the CFIA may be reused by the contractor if all references to the CFIA are first removed (labels, etc.).

All garments that are owned by the CFIA or embroidered with the CFIA logo or contain any reference to the CFIA that cannot be removed must be returned to the CFIA clean and in good condition, within a normal pick-up cycle.
