Q&A 1

Q1: Would the client consider a chair with a high back instead of a headrest?

A1: No. a headrest is required

Q2: Will the CA accept a standard back height if the total height of the back and headrest combined is above 26", i.e adjustable from 23" - 29"?

A2: As stipulated in Annex A we need the back rest alone to have adjustability greater than 26".
