(2) Questions and Answers

Question 01

If I obtain a signed & sealed bid bond in the traditional paper-based format, but want to submit a bid electronically using e-Post Connect, would a scanned copy of the paper-based bond be considered acceptable?

Answer 01

No, a scanned copy of a paper-based bid bond would not meet the requirements set out in GI08.2, paragraph 2.1, for bid bonds submitted in an electronic or digital format. For example, a scanned copy of a paper-based bond does not contain digital signatures and digital seals, and is not immediately verifiable by Canada.

Question 02

Given the current situation regarding the COVID-19 pandemic, we ask that electronic submissions be considered during this period rather than physical deposits as this would increase the risk of exposure to our employees and your employees. Many technologies are available to create and validate digital signatures and corporate seals, including electronic bid bonds (Adobe, Xena, MobileBonds, etc.) as well as various electronic bid depositories (Merx, Bonfire, e-Post Connect, etc.).

Answer 02

Electronic tenders are explained in SI06 of the Invitation to Tender Documents.
