PROJECT TITLE: Development of enabling space technologies

The purpose of this amendment is to:

1. Grant an extension to the bid closing date; and
2. Answer a question received.

1. Grant an extension to the bid closing date:

The closing date for RFP 9F063-190729/A - *Development of enabling space technologies* is now **postponed to January 5th, 2021 at 2:00PM**, Eastern Standard Time (EST).

Note: Bidders must not anticipate any other extension.

2. Question and answer:

For Priority Technology 2: Enabling Technologies for the Exploration of New Worlds – Microsatellite opportunity

Question 1:

Regarding PT-2, the schedule provided in Table 12-1 of PT-2 is a suggested schedule. Is it possible to adapt the milestones description to what best suits our proposed execution or is the flexibility only on the milestone completion dates (respecting the 4 Month maximum between meetings)? For example can we add an extra design meeting and combine M4 and M5 together? If so, can the deliverable due date (milestone) of Table 11-1 be adapted to reflect the new proposed meeting plan?

Answer 1:

Under PT-2 Table 12-1, the only firm constraint is the maximum duration of 20 months. While some standard review activities and milestones are expected (DR, TRR, FR), they can be rearranged, added-on and/or adapted as it best fits your proposed execution, keeping in mind Annex A Sections A6 and A7 requirements. As for the due date found in Table 11-1, they should also be rearranged accordingly, if applicable.

ALL OTHER TERMS AND CONDITIONS OF THE RFP REMAIN UNCHANGED
