

**Addendum
Addenda**

No./No 1

Project Description / Description de projet U-61 Asbestos Containing Fireproofing Removal and Cladding Replacement		
Project No./No de projet 5698	Departmental Representative / représentant ministériel Benoit Huot	Date 8-Dec-2020
Solicitation No./N° de sollicitation 20-58082		
Notice: This addendum shall form part of the tender documents and all conditions shall apply and be read in conjunction with the original plans and specifications.		
Nota: Cet addenda fait partie intégrale des dossiers d'appel; toutes les conditions énoncées doivent être lues et appliquées en conjonction avec les plans et les devis originaux.		

Item No	Description
---------	-------------

1.1 Closing date

Closing date will be extended until January 6th, 2021 at 14:00

1.2 General instruction

In the specification, section 00 10 00, Item 1.3.1.

Remove: Complete all work within 17 weeks after receipt of notification of acceptance of tender.

Replace with: Complete all work within 17 weeks from start date. **Start date is May 31st 2021**

1.3 Question:

Can we use Aluminium platforms from manufacturers such as Skyline? Section 05 52 00, item 2.3 specifies galvanised steel.

Answer:

An all aluminium product is acceptable if provided manufacturer design meets cantilever and platform design restrictions.

1.4 Holidays

No stoppage of work for provincial or federal holidays will be allowed during this project

1.5 Designated substance report

The referenced Oak Hill report in specification 02 81.... will be shared with the successful bidder as required for information purposes.

1.6 Mandatory criteria

You are invited to submit one electronic Technical Proposal and one electronic Financial Proposal in two separate attachments to fulfil the following requirement forming part of this Request for Proposal. One attachment must be clearly marked 'Technical Proposal' and the other attachment must be marked 'Financial Proposal'. All financial information must be fully contained in the Financial Proposal, and only in the Financial Proposal. Vendors who provide financial information in the technical proposal will be disqualified. Refer to attached Mandatory Criteria form.

1.7 Mandatory Site Visit

Please find attached the attendance sheet for the mandatory site visit.

MANDATORY CRITERIA

MANDATORY CRITERIA

EVALUATION PROCEDURES

The construction tender form (bid) will be evaluated and scored in accordance with specific evaluation criteria as detailed herein. It is imperative that these criteria be addressed in sufficient depth in the tender form to fully describe the Proponent's response.

MANDATORY CRITERIA:

The Construction Tender Form (bid) will be evaluated to determine if all mandatory requirements detailed in this Table "Mandatory Criteria" have been met.

Any Tender Form which fails to meet any of the mandatory requirements will be considered non-compliant and will not be given further consideration.

In the table below include the page number(s) of your bid form that demonstrates you meet that specific requirement.

MANDATORY CRITERIA

Item	Mandatory Criteria	Bid Form Page # (s) <i>(Proponent to Insert)</i>
1	The Proponent must have a minimum of ten (10) years' experience as a general contractor providing construction services comparable to this tender. Provide a company profile and relevant history.	
2	The Proponent must supply CVs for the proposed construction site supervisors (2) (two shifts - day and night = two construction site supervisors). The proposed construction site supervisors must possess a minimum of 5 years' experience in the industry as a site supervisor or management position.	
3	The sub-contractor performing the asbestos abatement scope of work must have a minimum of ten (10) years' experience providing asbestos abatement services. Provide a company profile and relevant history.
