AMENDMENT 001

The purpose of the amendment is to answer bidders' questions received in response to this RFP and modify Annex B.

Questions and Answers:

Q1: Mandatory requirements (M2) seem very specific to this project as it pertains to the definitions of "National" and "Representative". Could we suggest the following definitions?

"Representative" is defined as a final sample that is composed of Canadians where the sample is an accurate reflection of the target population in Canada. Projects can include any target audience (e.g. Indigenous, ethno-cultural groups, seniors, youth or general).

"National" is defined as surveys that are representative of the diversity of breadth and scope that we would expect for the firm taking this on, and must have been conducted in both English and French.

R1: Health Canada has decided to keep the definitions and Mandatory 2 as they presently are in the RFP as only 1 of the 2 projects is asked to be national and representative (telephone)/reflective (online) as per the text below and this ensures the bidders' experience will be sufficient to meet the criteria needed for the project

*At least one (1) of the two (2) projects for each telephone and online submitted must be national*** in scope, with a minimum of one thousand (1000) survey completions and must demonstrate that a final sample is representative**** (for the telephone surveys) and reflective (for the online surveys) of the target population in terms of age, gender, and region/province, based on Statistics Canada data at the time of study.*

Modification

Under ANNEX B1 -Basis of payment, **delete B1.3 in its entirety. CPI pricing will no longer apply to this requirement.**

Under ANNEX B2 PRICING- QUANTITATIVE RESEARCH **delete "The rates for the option periods will be adjusted for inflation as per the Consumer Price Index (CPI)" in its entirety.**

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.
