Q&A 1

**Q1:** Page 9, Clause; 7.1; Locker unit with 2 or 3 door with recessed handle and numeric lock system, 3 hinges, 1 fixed shelf on top, 2 hooks for coats, adjustable height shelf on bottom with plastic tray for boots, ventilation holes

Does the client really need a adjustable height shelf on bottom or will the accepted a fix ?

**A1:** It can be a fixed shelf but needs to be in the bottom in order receive boots/shoes.
