1. SaaS RFSA Industry Day Objectives

Public Services and Procurement Canada (PSPC) will hold an Industry Information Day by teleconference and by videoconference on January 11, 2021 to:

- a) Provide suppliers with information and guidance related to the SaaS RFSA and how to participate under this procurement vehicle to meet GC business needs and requirements on the proposed service delivery options and procurement processes for Software-as-a-Service (SaaS).
- b) Explain the proposed “collaborative procurement process” approach and address the IT Security Requirements; and
- c) Ensure that industry is given ample opportunity to contribute to the digital transformation of the government of Canada’s IT infrastructure.

2. Important Logistical Information

Format: Half-day Industry Information Day session webcast and teleconference via the federal government teleconferencing service. (See section 5.1 for more information).

Audience: Suppliers of SaaS Solutions and public servants are invited (see section 5.2 for more information).

When: Monday, January 11, 2021 from 9 a.m. to 12 p.m. EST.

Where: The Industry Information Day session can be attended by telephone or via videoconference (see section 5.3 for more information).

Attendance Limits: There is no limit to the number of participants who may attend through their computers and call into the teleconference to view and listen to the session. (See section 5.2.1 for more information).

Registration Forms: See Attachment A for Industry Information Day supplier registration and Attachment B for interested public servants registration.

Registration Deadline: January 7, 2021, 4:00 p.m. EST is the deadline to register for the Industry Information Day session (see section 5.2 for more information).

Confirmation: PSPC will send an e-mail confirmation upon receipt of registration (see section 5.2.4 for more information).

3. Digital Transformation

3.1 Background

PSPC, on behalf of the Government of Canada (GC), has issued this Request for Supply Arrangement (RFSA) to establish a new method of supply to satisfy various Software as a Service (SaaS) requirements. This new method of supply is a key procurement enabler for the GC's Cloud First direction and is part of an envisioned GC Cloud Services Procurement Vehicle framework that will consist of various methods of supply to satisfy both classified and unclassified cloud requirements.

3.2 Objectives

The objectives of this SaaS RFSA are to:

- Simplify the procurement process to acquire SaaS Solutions and support GC procurement modernization and contract simplification initiatives;
- Increase competition and access to the latest SaaS Solutions on the market for the GC; and
- Increase transparency, openness and fairness in public sector procurement processes.

As highlighted in the GC Digital Operations Strategic Plan: 2018-2022 published by the Treasury Board of Canada Secretariat, procurement enablers such as this SaaS RFSA will help position the GC and public sector partners to leverage the latest digital technologies to achieve better results for Canadians.

4. Procurement Process Overview

The procurement of the SaaS RFSA will be conducted separately, each via the same sequential process presented below.

4.1 Procurement Phases

4.2.1 Notice of Planned Procurement (NPP)

A Notice of Planned Procurement (NPP) (EN578-191593/A) was issued in September 2018. This NPP was issued to inform industry that Public Services and Procurement Canada (PSPC) intended to consult and engage regarding a process to establish a method of supply for software-as-a-service (SaaS) requirements under the GC Cloud Services Procurement Vehicle framework.

4.2.2 Second Notice of Planned Procurement (NPP)

A second notice (EN578-191593/B) was issued in October 2018 to inform industry that PSPC intended to publish the RFI, including a draft Request for Supply Arrangement (RFSA) on October 29, 2018. This release was also to facilitate industry in responding to the Shared Services Canada's (PSPC) Invitation to Qualify (ITQ) under the GC Cloud Services Procurement Vehicle framework that was issued on BuyandSell.gc.ca in September 2018.

4.2.3 Request for Invitation (RFI)

A Request for Information (RFI) (EN578-191593/C) was issued in October 2018. This RFI aimed to obtain input from industry in order to help establish a new method of supply for Software-as-a-Service (SaaS) requirements. PSPC welcomed the submissions received in response to the RFI.

4.2.4 One-on-One Sessions with RFI Respondents

One-on-One sessions were held on March and April 2019 to gather feedback in order to finalize the requirements for the Request for Supply Arrangement (RFSA). PSPC incorporated feedback from the industry in simplifying contract terms and conditions.

4.2.5 Request for Supply Arrangements (RFSA)

A SaaS RFSA was issued in May 2020. During the period of the RFSA, PSPC will issue Supply Arrangements to qualified Suppliers. Once all SaaS RFSA requirements have been met, the Supplier's Supply Arrangement will be issued and the SaaS SLAs and Annex C – SaaS Solutions and Professional Services Ceiling Prices will be added to the PSPC SaaS Catalogue.

The RFSA is an ongoing process without an anticipated closing date, which provides flexibility for suppliers to qualify and for client departments to procure SaaS Solutions and Services on an ongoing basis.

5. Logistical Details

5.1 Format

The SaaS RFSA Industry Information Day is a half-day event and is open to interested suppliers from the IT industry, as well as interested public servants. Suppliers are cordially invited to attend via teleconferencing or videoconferencing.

An overview of the key components of the SaaS RFSA including outcomes, requirements and considerations for future service provisioning, as well as the expected procurement and Supply Chain Security Information processes will be presented.

Registrants will be provided with the following:

- Teleconferencing numbers via the Internet and WebEx links (French and English) and
- French and English presentation decks;

5.2 Registration

5.2.1 Industry Information Day Registration for Industry Suppliers

Interested suppliers must register their participants by electronically completing the Industry Information Day Registration Form in Attachment A and sending the completed electronic form as an attachment to an email to: TPSGC.LENQS-SAAS.PWGSC@tpsgc-pwgsc.gc.ca no later than 4:00 p.m. EST on January 7, 2021.

Industry participants must identify themselves by providing the following information:

- Legal corporate name;
- Corporate address;
- E-mail address;
- Organization's area of expertise; and
- Name(s) of the attending participant(s).

By providing the information above, each respective party acknowledges and consents to the release of this information to the public which may include any resulting recordings such as, but not limited to, video conferencing.

PSPC will be facilitating teleconference and videoconference connections for the Industry Information Day at the location identified in Section 5.3. Please indicate on the registration form whether your participant(s) will attend the Industry Information Day session by the telephone or videoconference.

5.2.2 Industry Information Day Registration for Public Servants

Any public servants wishing to attend the Industry Information Day session must register by electronically completing the "Industry Information Day Registration Form for Public Servants" in Attachment B and sending the completed electronic form as an attachment to an email to: TPSGC.LENQS-SAAS.PWGSC@tpsgc-pwgsc.gc.ca no later than 4:00 p.m. EST on January 7, 2021.

5.2.3 Updates to Registrations

Changes to registration requests can be made by sending a request to TPSGC.LENQS-SAAS.PWGSC@tpsgc-pwgsc.gc.ca no later than 4:00 p.m. EST on January 7, 2021; this includes substitutions of pre-registered participant(s) with other person(s). In order to be permitted entrance into the presentation room, participants should be registered with PSPC by following the registration process described in this notice (Section 5.2).

5.2.4 Registration Confirmation

PSPC will confirm registration or any changes to Industry Information Day registration requests, via email acknowledgement, to each registrant no later than 4 p.m. EST on January 17, 2020. Public servants will be informed whether their registration is confirmed. The presentation decks (French and English) will be distributed to confirmed participants via this email acknowledgement.

5.2.5 Expenses for Industry Information Events

PSPC will not reimburse any attendee for expenses incurred in attending, participating and/or responding to any part of these industry Information activities.

5.2.6 Participation in Industry Information Events

Participation in these Industry Information events is not mandatory. Failure to attend these sessions/meetings will not preclude suppliers from participating in the procurement process.

5.3 Industry Information Day Logistics

Date: January 11, 2021

Time: 9 a.m. to 12 p.m. EST

• Remote Attendance

Information for teleconferencing and videoconferencing will be sent via email prior the date of the event.

Security:

- Presentations will be unclassified.

5.4 Industry Information Day Schedule – January 11, 2021.

See Annex A for more details.

5.5 Additional Information

This event is open to all IT industry suppliers. The event is not open to media representatives. All media enquiries should be directed to PSPC Media Relations Office at 819-420-5501.

The information provided in this notice is for information purposes only and PSPC reserves the right to modify any of the contents, including dates. Please check www.buyandsell.gc.ca for the latest information on the SaaS RFSA procurement information.

Industry is invited to provide comments regarding the information included in this Industry Information Day notice. Comments should be sent to: TPSGC.LENQS-SAAS.PWGSC@tpsgc-pwgsc.gc.ca.
